

CHAPTER.....

AN ACT relating to education; revising requirements concerning the submission of fingerprints required to become a volunteer at a school; exempting a volunteer from undergoing a background check in certain circumstances; deeming certain students enrolled at an institution of higher education not to be volunteers in certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law requires each volunteer at a public school, including a charter school, achievement charter school or university school for profoundly gifted pupils, and a private school who will have regular or unsupervised contact with pupils to submit his or her fingerprints to the governing body or administrator of the school or the board of trustees of the school district, as applicable, for the purposes of a criminal background check before beginning his or her service as a volunteer and at least once every 5 years thereafter. (NRS 388A.515, 388B.250, 388C.200, 391.104, 394.155) **Sections 1.5, 6.5, 10.5 and 15.5** of this bill specifically define the term “unsupervised contact” for that purpose. **Sections 2, 7, 11 and 16** of this bill define the term “volunteer” to mean any person who, without compensation, works at, assists with or oversees any activity or event conducted or sponsored by a charter school during or outside of school hours.

Sections 4, 9, 14 and 18 of this bill remove the requirement that a volunteer who will have regular, supervised contact with pupils receive a background check. **Sections 3, 8, 12 and 17** of this bill authorize a volunteer to submit his or her fingerprints to another entity authorized to forward fingerprints to the Central Repository for Nevada Records of Criminal History as an alternative to submitting his or her fingerprints to the governing body, administrator or board of trustees. If a volunteer submits his or her fingerprints to such an authorized entity, the Central Repository would still be required to notify the superintendent of the school district, governing body of the charter school or administrator of the private school, as applicable, if the background check reveals that the volunteer has been convicted of certain crimes. (NRS 179A.075)

The State Board of Education adopted a regulation that allows the governing body of a public school or the board of trustees of a school district to exempt a volunteer from a background check if the volunteer submits sufficient evidence or the entity responsible for conducting the background check otherwise determines that the volunteer: (1) has already undergone a background check for the same purpose within the immediately preceding 6 months and has been determined eligible to interact with pupils; or (2) is employed in a position which required a background check and has been approved to have unsupervised meetings with pupils as part of his or her official duties. Additionally, the regulation deems certain students at an institution of higher education who are taking a course that requires them to be present in a classroom not to be volunteers for purposes of the statutes requiring background checks in certain circumstances. (LCB File No. R016-18, effective October 25, 2018) **Section 19** of this bill declares that regulation void and unenforceable, and **sections 3, 8 and 12** of this bill require the governing body of a public school or the board of trustees of a school district to exempt a volunteer from a background check if: (1) the volunteer has been determined by a governmental entity to be eligible to interact with pupils as a volunteer or employee; and (2) it is

the policy of the entity to conduct a background check of volunteers or employees as applicable, that meets the requirements prescribed by the regulation for an exemption and any additional requirements prescribed by regulation of the State Board.

Section 13 of this bill requires the Department of Education to compile a list of entities that require a criminal background check for the purpose of employment, licensure or volunteering that the Department determines to be at least as stringent as the background check normally conducted for a volunteer at a public school. **Sections 3, 8 and 12** require the governing body of a public school or the board of trustees of a school district to exempt a volunteer from a background check if: (1) the volunteer has been determined eligible for employment or licensure or to serve as a volunteer by an entity included on that list; and (2) it is the policy of the entity to conduct a background check of each employee, licensee or volunteer, as applicable, that meets certain requirements. **Sections 3, 8 and 12** additionally authorize the governing body of a public school or the board of trustees of a school district to exempt a volunteer from a background check if the volunteer has been determined eligible for employment or licensure or to serve as a volunteer by an entity that is not a pre-approved entity if the background check is at least as stringent as the background check normally conducted for a volunteer at a public school. **Sections 4, 9 and 14** provide that the governing body of a public school or board of trustees of a school district, as applicable, may not be held liable for damages resulting from refusal to accept such a background check.

Section 17 of this bill authorizes the administrator of a private school to exempt a volunteer from a background check if the volunteer has been determined eligible to serve in a position that requires a background check which involves the submission of fingerprints to the Federal Bureau of Investigation. **Section 18** of this bill provides that the governing body or administrator of a private school may not be held liable for damages resulting from the administrator's refusal to accept such a background check.

Sections 2, 7, 11 and 16 of this bill deem certain students enrolled at an institution of higher education who are taking a course that requires them to be present in a classroom not to be volunteers for purposes of the statutes requiring background checks in the same circumstances as those prescribed by the regulation adopted by the State Board.

Section 5 of this bill makes the new provisions of this bill applicable to volunteers at achievement charter schools.
