AN ACT relating to governmental publications; revising provisions governing the submission of certain publications to the State Publications Distribution Center by certain state agencies and local governments; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

1 Existing law creates the State Publications Distribution Center within the State
2 Library and Archives. (NRS 378.170) Under existing law, state agencies and local
3 governments, with certain exceptions, are required to deposit paper copies of
4 certain publications, upon release, with the Center for distribution to certain
5 libraries throughout the State. If such a state agency or local government releases a
6 publication in an electronic format or medium, the state agency or local government
7 is required to notify the Center of the release and provide the Center with access to
8 the publication. (NRS 378.180) A “publication” is defined to include any
9 information in any format or medium that is: (1) produced pursuant to the authority
10 or at the expense of a state agency or local government; (2) required by law to be
11 distributed by a state agency or local government; or (3) distributed publicly by a
12 state agency or local government outside that state agency or local government.
13 (NRS 378.160)

14 **Section 1** of this bill excludes from the definition of “publication” certain
15 records of a local government which have been scheduled for disposition or
16 retention.

17 **Section 3** of this bill reduces the number of copies that a state agency is
18 required to deposit with the Center from 12 copies to 10 copies. **Section 3** also
19 authorizes a state agency or local government to provide the Center with an

20 electronic version of the publication in lieu of depositing paper copies. If the
21 publication is only released in an electronic format or medium, **section 3** requires
22 the state agency or local government to provide the Center with an electronic
23 version of the publication instead of notice and access to the electronic publication.
24 Finally, **section 3** prescribes requirements for the submission of an electronic
25 version of a publication to the Center by a state agency or local government and
26 **section 2** of this bill requires the State Library and Archives Administrator to adopt
27 regulations prescribing the procedures for submitting an electronic version of a
28 publication to the Center.
