

CHAPTER.....

AN ACT relating to governmental publications; revising provisions governing the submission of certain publications to the State Publications Distribution Center by certain state agencies and local governments; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law creates the State Publications Distribution Center within the State Library and Archives. (NRS 378.170) Under existing law, state agencies and local governments, with certain exceptions, are required to deposit paper copies of certain publications, upon release, with the Center for distribution to certain libraries throughout the State. If such a state agency or local government releases a publication in an electronic format or medium, the state agency or local government is required to notify the Center of the release and provide the Center with access to the publication. (NRS 378.180) A “publication” is defined to include any information in any format or medium that is: (1) produced pursuant to the authority or at the expense of a state agency or local government; (2) required by law to be distributed by a state agency or local government; or (3) distributed publicly by a state agency or local government outside that state agency or local government. (NRS 378.160)

Section 1 of this bill excludes from the definition of “publication” certain records of a local government which have been scheduled for disposition or retention.

Section 3 of this bill reduces the number of paper copies of a publication that a state agency or local government is required to deposit with the Center. Unless a publication is available only in paper form, **section 3** requires a state agency or local government to provide the Center with an electronic version of the publication in lieu of depositing paper copies. If the publication is available only in paper form at the time copies are deposited with the Center, but is later released in an electronic format or medium, **section 3** also requires the state agency or local government to provide the Center with an electronic version of the publication when it becomes available. Finally, **section 3** prescribes requirements for the submission of an electronic version of a publication to the Center by a state agency or local government. **Section 2** of this bill requires the State Library and Archives Administrator to adopt regulations prescribing the procedures for submitting an electronic version of a publication to the Center.
