

Senate Bill No. 263—Senators Ratti, Seevers Gansert,
Dondero Loop and Parks

CHAPTER.....

AN ACT relating to public health; requiring that certain vapor products and alternative nicotine products be taxed and regulated as other tobacco products; revising provisions related to the areas in which smoking is prohibited; revising provisions pertaining to the sale or distribution of cigarettes, cigarette paper, tobacco, products made or derived from tobacco, vapor products and alternative nicotine products to persons under the age of 18 years; providing penalties; making appropriations; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the Department of Taxation to regulate and collect a tax on cigarettes and other tobacco products. (Chapter 370 of NRS) **Sections 1.7 and 2** of this bill provide that certain alternative nicotine products and vapor products, including electronic cigarettes, cigars, cigarillos, pipes, hookahs, vape pens and similar products or devices and their components, are regulated and taxed as other tobacco products. Because this bill regulates and taxes such vapor products as other tobacco products, wholesale and retail dealers of those vapor products would be required to obtain a license from the Department and wholesale dealers of those vapor products would be required to pay a tax of 30 percent of the wholesale price of those products. (NRS 370.445, 370.450)

The Nevada Clean Indoor Air Act was proposed by an initiative petition and approved by the voters at the 2006 General Election. The Act generally prohibits smoking tobacco within indoor places of employment, within school buildings and on school property, but allows smoking tobacco in certain areas or establishments. (NRS 202.2483) **Section 7.1** of this bill defines “smoking” and expressly applies the Nevada Clean Indoor Air Act to the use of an electronic smoking device.

Existing law prohibits a person from selling, distributing or offering to sell cigarettes, cigarette paper, tobacco of any description, products made or derived from tobacco, vapor products or alternative nicotine products to any person under the age of 18 years. (NRS 202.2493) For the purposes of this prohibition, existing law defines “vapor products” to include only products containing nicotine that produce a vapor from nicotine in a solution or other form. (NRS 202.2485) **Section 7.3** of this bill extends this definition to include products containing other substances, the use or inhalation of which simulates smoking, and certain associated devices and components.

Under existing law, a person who sells, distributes or offers to sell cigarettes, cigarette paper, tobacco of any description, products made or derived from tobacco, vapor products or alternative nicotine products to a person under the age of 18 years is punished by a criminal fine of not more than \$500 and a civil penalty of not more than \$500. (NRS 202.2493) **Sections 1 and 7.5** of this bill: (1) remove the criminal penalties for violating this prohibition and, instead, authorize the Department to impose a civil penalty on a person who sells, distributes or offers to sell cigarettes, cigarette paper, tobacco of any description, products made or derived from tobacco, vapor products and alternative nicotine products to a person under the age of 18 years; (2) revise the amount of such civil penalties; (3)

authorize the imposition of penalties on a licensee whose employee or agent violates this prohibition; and (4) establish the procedure for the issuance of a notice of infraction to a person who violates this prohibition and the requesting of a hearing before the Department. **Sections 1.3, 7.4 and 7.9** make conforming changes related to the removal of criminal penalties and the authorization for the Department to impose civil penalties.

Existing law prohibits a person from knowingly selling or distributing cigarettes, cigarette paper, tobacco of any description or products made or derived from tobacco to a child under the age of 18 years through the use of the Internet. Existing law further requires a person who sells or distributes such products through the use of the Internet to adopt a policy to prevent a child under the age of 18 years from obtaining such products from the person through the use of the Internet, which policy is required to include: (1) a method to ensure that the person who delivers the products to obtain the signature of a person who is over the age of 18 years; (2) a requirement that the packaging or wrapping of the items when they are shipped is clearly marked with the words "cigarettes;" or the words "tobacco products;" and (3) a requirement to comply with certain federal law relating to the remote sale of cigarettes and certain tobacco products. (NRS 202.24935) **Section 7.7** of this bill removes the requirement for such a policy. Instead, **section 7.7** requires a person who sells or distributes cigarettes, cigarette paper, tobacco of any description, products made or derived from tobacco, vapor products or alternative nicotine products through a computer network, telephonic network or other electronic network to: (1) ensure that the packaging in which the items are shipped is labeled "cigarettes" or "tobacco products;" and (2) use certain age verification procedures.

Section 14.5 of this bill makes an appropriation to the Department of Health and Human Services for programs to control and prevent the use of tobacco in the amount of \$2.5 million for Fiscal Year 2019-2020 and \$2.5 million for Fiscal Year 2020-2021. **Section 14.7** of this bill makes an appropriation to the Department of Taxation to carry out the duties imposed by this bill on the Department of Taxation.
