

Senate Bill No. 27—Committee on  
Health and Human Services

CHAPTER.....

AN ACT relating to mental health; revising the definition of the term “mental illness” for purposes of provisions relating to criminal procedure, mental health and intellectual disabilities; and providing other matters properly relating thereto.

**Legislative Counsel’s Digest:**

Existing law defines the term “mental illness” for purposes of provisions relating to criminal procedure, mental health and intellectual disabilities to mean a clinically significant disorder of thought, mood, perception, orientation, memory or behavior which: (1) is listed in certain diagnostic manuals; and (2) seriously limits the capacity of a person to function in the primary aspects of daily living. (NRS 176A.045, 433.164, 435.007) This bill revises the definition to: (1) eliminate references to those diagnostic manuals; and (2) exclude certain other mental disorders that result in diminished capacity.

EXPLANATION – Matter in *bolded italics* is new; matter between brackets ~~omitted material~~ is material to be omitted.
