

CHAPTER.....

AN ACT relating to education; revising provisions governing participation by public schools in the Breakfast After the Bell Program that provides breakfast to certain pupils; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law provides for the creation of the Breakfast After the Bell Program for the purpose of providing certain public schools with large populations of pupils from low-income families to provide breakfast to their pupils after an instructional day of school has officially begun. (NRS 387.114-387.1175) Existing law also requires the State Department of Agriculture to monitor participating schools and provide written notice to a school at the end of each school year if the school did not increase the provision of breakfast to eligible pupils by at least 10 percent in that school year. Existing law requires a school that receives such notice to submit a plan for increasing participation in the Program to the Department. (NRS 387.1165) This bill removes the requirement that the Department provide such notice and instead requires the Department to notify a school if the school has not maintained or increased the provision of breakfast to eligible pupils. This bill also requires a school that receives such notice to submit to the Department: (1) a statement identifying the reasons the school did not maintain or increase the provision of breakfast to eligible pupils; and (2) a plan for increasing participation in the Program by eligible pupils which addresses the reasons identified in the statement.
