EXPLANATION – Matter in *bolded italics* is new; matter between brackets [omitted material] is material to be omitted.

AN ACT relating to nursing; imposing requirements governing courses that provide clinical training at schools of practical nursing and at schools of professional nursing; requiring the Board to adopt standards for schools of practical nursing; and providing other matters properly relating thereto.

**Legislative Counsel’s Digest:**

1 Existing law: (1) authorizes the State Board of Nursing to establish standards  
2 and curricula for schools of practical nursing; and (2) requires the Board to  
3 establish such standards and curricula for schools of professional nursing. (NRS  
4 632.430, 632.440) Existing regulations require that a course at such a school  
5 relating to the care of patients have at least one member of the faculty for every  
6 eight students. (NAC 632.675) **Section 1** of this bill instead requires a course that  
7 provides clinical training at such a school to be supervised by at least one member  
8 of the faculty for every ten students. **Section 1** also requires the Board to establish  
9 requirements governing the supervision of such a course by an adjunct faculty  
10 member who is not an employee of the school. **Sections 2 and 3** of this bill make  
11 conforming changes to indicate the proper placement of **section 1** in the Nevada  
12 Revised Statutes. **Section 4** of this bill removes authorization for the Board to  
13 establish standards and curricula for schools of practical nursing and instead  
14 requires the Board to adopt such standards and curricula.
