**Legislative Counsel's Digest:**

1 Existing law provides that a person who knowingly or intentionally sells,  
2 manufactures, delivers or brings into this State or is knowingly or intentionally in  
3 actual or constructive possession of a schedule I controlled substance, other than  
4 marijuana, a schedule II controlled substance or certain other controlled substances  
5 is guilty of: (1) low-level trafficking if the quantity of the controlled substance is  
6 100 grams or more but less than 400 grams; and (2) high-level trafficking if the  
7 quantity of the controlled substance is 400 grams or more. A person who commits

8 the crime of: (1) low-level trafficking is guilty of a category B felony and subject to  
9 certain prescribed penalties; and (2) high-level trafficking is guilty of a category A  
10 felony and subject to certain prescribed penalties. (NRS 453.3385)

11 Existing regulations of the State Board of Pharmacy include fentanyl in the list  
12 of controlled substances in schedule II and various derivatives of fentanyl in the list  
13 of controlled substances in schedule I. (NAC 453.510, as amended by LCB File No.  
14 R023-21, NAC 453.520) **Section 1.5** of this bill establishes the crimes of  
15 trafficking and high-level trafficking in any mixture which contains illicitly  
16 manufactured fentanyl. Under **section 1.5**, a person who knowingly or intentionally  
17 sells, manufactures, delivers or brings into this State or is knowingly or  
18 intentionally in actual or constructive possession of any mixture which contains  
19 illicitly manufactured fentanyl is guilty of: (1) trafficking if the quantity involved is  
20 28 grams or more but less than 42 grams; and (2) high-level trafficking if the  
21 quantity involved is 42 grams or more but less than 100 grams. Under **section 1.5**, a  
22 person who commits the crime of trafficking or high-level trafficking is guilty of a  
23 category B felony and subject to certain prescribed penalties.

24 **Section 1.7** of this bill establishes the crime of intentional misrepresentation of  
25 a fentanyl product. Under **section 1.7**, a person who sells to another person a  
26 mixture containing fentanyl and another controlled substance is guilty of intentional  
27 misrepresentation of a fentanyl product if the person: (1) knows that the mixture  
28 contains fentanyl; and (2) intentionally fails to inform the purchaser that the  
29 mixture contains fentanyl. **Section 1.7** provides that such a person is guilty of a  
30 category B felony and subject to certain prescribed penalties.

31 **Sections 1.9, 2, 5 and 6** of this bill provide that a person found guilty of  
32 intentional misrepresentation of a fentanyl product or trafficking or high-level  
33 trafficking in any mixture which contains illicitly manufactured fentanyl is subject  
34 to the greater penalty for that crime if the acts constituting the crime could subject  
35 the person to a lesser punishment under another statute.

36 **Sections 3, 4, 7, 9-12 and 13** of this bill add references to **section 1.5** so that  
37 the crimes of trafficking and high-level trafficking in any mixture which contains  
38 illicitly manufactured fentanyl are treated the same as the crimes of low-level and  
39 high-level trafficking involving schedule I controlled substances, other than  
40 marijuana, and schedule II controlled substances for certain purposes. **Section 12**  
41 adds a reference to **section 1.7** so that the crime of intentional misrepresentation of  
42 a fentanyl product is treated the same as the crime of selling other controlled  
43 substances for certain purposes.

44 Existing law prohibits, with certain exceptions, a court from suspending the  
45 sentence of a person convicted of trafficking in a controlled substance. (NRS  
46 453.3405) **Section 9** extends this prohibition to a person found guilty of trafficking  
47 or high-level trafficking in any mixture which contains illicitly manufactured  
48 fentanyl. **Section 9** provides an exemption from this prohibition if the person  
49 convicted establishes, by a preponderance of the evidence, that he or she did not  
50 know that the mixture at issue contained illicitly manufactured fentanyl.

51 Existing law provides that a person who, in good faith, seeks medical assistance  
52 for a person who is experiencing a drug or alcohol overdose or other medical  
53 emergency or who seeks such assistance for himself or herself, or who is the  
54 subject of a good faith request for such assistance may not be arrested, charged,  
55 prosecuted or convicted, or have his or her property subjected to forfeiture, or be  
56 otherwise penalized for violating certain provisions of existing law governing  
57 controlled substances if the evidence to support the penalty was obtained as a result  
58 of the person seeking medical assistance. (NRS 453C.150) **Section 10** of this bill  
59 includes trafficking and high-level trafficking in a mixture that contains illicitly  
60 manufactured fentanyl among the offenses for which a person may not be penalized  
61 under such circumstances.

62 Existing law requires the Director of the Department of Corrections to establish  
63 one or more programs of treatment for offenders with substance use or co-occurring  
64 disorders who have been sentenced to imprisonment in the state prison. (NRS  
65 209.4236, 209.425) Existing law additionally provides that the treatment of a  
66 prisoner in a local jail or detention facility who has a substance use disorder may  
67 include medication-assisted treatment. (NRS 211.140) **Section 12.3** of this bill  
68 requires the Director, to the extent that money is available, to establish a program to  
69 provide for the treatment of offenders with a substance use disorder using  
70 medication-assisted treatment. **Section 12.3** requires: (1) the program to provide  
71 each eligible offender who participates in the program with appropriate medication-  
72 assisted treatment for the period in which the offender is incarcerated; and (2) each  
73 offender who the Director has determined has a substance use disorder for which a  
74 medication-assisted treatment exists and who meets any reasonable conditions  
75 imposed by the Director to be deemed eligible to participate in the program and  
76 offered the opportunity to participate. **Section 12.3** prohibits the Director from  
77 denying an offender the ability to participate in the program or terminating his or  
78 her participation in the program for certain reasons. Finally, **section 12.3** provides  
79 that an offender who participates in the program is not subject to discipline on the  
80 basis that the results of a screening test administered to the offender indicated the  
81 presence of a controlled substance. **Section 12.7** of this bill requires, to the extent  
82 that money is available, a sheriff, chief of police or town marshal who is  
83 responsible for a county, city or town jail or detention facility to establish a  
84 program similar to that set forth in **section 12.3** to provide for the treatment of  
85 prisoners with a substance use disorder using medication-assisted treatment.

86 **Section 1.8** of this bill requires each state and local law enforcement agency  
87 and the Nevada Sentencing Commission to submit to the Joint Interim Standing  
88 Committee on the Judiciary on or before March 1 and October 1 of each even-  
89 numbered year a report containing certain information regarding: (1) persons who  
90 have been charged with trafficking or high-level trafficking in any mixture that  
91 contains illicitly manufactured fentanyl or intentional misrepresentation of a  
92 fentanyl product; (2) programs for the treatment of persons incarcerated in the state  
93 prison or a county, city or town jail or detention facility; and (3) drug overdoses  
94 that resulted in the death of certain persons which were due to fentanyl or a  
95 controlled substance analog for fentanyl.

96 **Section 14** of this bill requires the Joint Interim Standing Committee on the  
97 Judiciary to conduct a study during the 2023-2024 interim concerning the possible  
98 upgrading of forensic laboratories in this State to enable such laboratories to  
99 perform quantitative testing involving controlled substances.
