

Senate Bill No. 420–Committee on  
Health and Human Services

CHAPTER.....

AN ACT relating to facilities for long-term care; requiring certain facilities that provide long-term care to establish certain policies concerning the readmission to the facility after a patient is transferred out of the facility; requiring certain facilities that provide long-term care to post certain information about persons or entities that have ownership or control over the facility; and providing other matters properly relating thereto.

**Legislative Counsel’s Digest:**

**Section 3** of this bill requires a facility for intermediate care, facility for skilled nursing and residential facility for groups to adopt a written policy which establishes the length of time it will hold a bed for a patient or resident who must be temporarily transferred to another facility for medical reasons and which provides that such a patient or resident will be allowed to return to the first available bed if he or she does not return within the established time, if the facility is suitable for properly caring for the patient. **Section 3** further requires the facility to inform a patient or resident of these policies regarding readmission after a temporary transfer for medical reasons when the patient or resident is admitted to the facility.

Existing law requires certain information to be included on each license issued by the Health Division of the Department of Health and Human Services and requires the operator of a residential facility for groups to post his or her license in a conspicuous location in the facility. (NRS 449.085, 449.095) **Section 9** of this bill requires a facility for intermediate care and a facility for skilled nursing to post the license, information concerning the organizational structure of the management of the facility and contact information for the administrator and the representative of the owner or operator of the facility in a conspicuous location in the facility, and requires a residential facility for groups to post the same contact information with respect to the facility.
