

Senate Bill No. 476—Committee on Finance

CHAPTER.....

AN ACT relating to actions concerning persons; revising provisions relating to the compensation of certain special counsel employed by the Attorney General; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Existing law requires that, upon request, the Attorney General provide for the defense of a present or former State Legislator, officer or employee of this State, immune contractor or member of a state board or commission in any civil action brought against that person based on any alleged act or omission relating to the person's public duties or employment. (NRS 41.0339) Under existing law, the Attorney General is authorized to employ special counsel with respect to such civil actions if the Attorney General determines at any time prior to trial that it is impracticable, uneconomical or could constitute a conflict of interest for the legal service to be rendered by the Attorney General or a deputy attorney general. The compensation for such special counsel is fixed by the Attorney General, subject to the approval of the State Board of Examiners. (NRS 41.03435) Existing law requires that the special counsel's compensation be paid out of the Reserve for Statutory Contingency Account. (NRS 41.03435) This bill adds an alternative source, if available, for the payment of the special counsel's compensation, namely any available federal grants or a permanent fund in the State Treasury other than the State General Fund.
