AN ACT relating to education; extending the duration of the Zoom schools program; authorizing the board of trustees of certain school districts to distribute the money appropriated to implement the program to middle schools, junior high schools and high schools that do not operate as Zoom schools but have a high percentage of pupils who are English learners, to the extent that money is available for this purpose; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

1 During the 77th Session of the Nevada Legislature the Legislature appropriated
2 money for the Clark County School District and the Washoe County School
3 District to carry out a program of Zoom elementary schools during the 2013-2015
4 biennium to provide a comprehensive package of programs and services for
5 children who are limited English proficient (now referred to as English learners) or
6 eligible for such a designation. The other school districts and the State Public
7 Charter School Authority were also authorized to apply for a grant of money from
8 the appropriation to provide programs and services to children who were limited
9 English proficient or eligible for such a designation. (Section 16.2 of chapter 515,
10 Statutes of Nevada 2013, p. 3418)

11 The 78th Session of the Nevada Legislature continued and expanded the Zoom
12 schools program to middle schools, junior high schools and high schools in the
13 Clark County School District and the Washoe County School District for the 2015-
14 2017 biennium through the enactment of Senate Bill No. 405. (Chapter 335,

15 Statutes of Nevada 2015, p. 1869) S.B. 405 (2015) also authorized the other school
16 districts and the governing bodies of charter schools to apply to the Department of
17 Education for a grant of money from the appropriation made by the 2015
18 Legislature to the Account for Programs for Innovation and the Prevention of
19 Remediation for Zoom schools to provide programs and services during the 2015-
20 2017 biennium for children who were limited English proficient or eligible for such
21 designation. S.B. 405 (2015) required the school districts and charter schools that
22 received money for Zoom schools to submit a report to the Department at the
23 beginning of the biennium to identify the plan of the Zoom schools in the districts
24 or charter schools to carry out the programs and services required by S.B. 405
25 (2015). The Department of Education was then required to submit a report to the
26 State Board of Education and to the Legislature with such information. S.B. 405
27 (2015) required the State Board of Education to prescribe statewide performance
28 levels and outcome indicators to measure the effectiveness of the programs and
29 services for which a grant money was received by the school districts and charter
30 schools. S.B. 405 (2015) required the Department of Education to contract for an
31 independent evaluation of the effectiveness of the programs and services provided
32 by the school districts and charter schools that received money. S.B. 405 (2015)
33 also required the Clark County School District and the Washoe County School
34 District to prepare annual reports for submission to the Department of Education
35 and further required the Department to prepare an annual report with the
36 information for submission to the State Board of Education and the Legislature.

37 This bill largely mirrors the provisions of S.B. 405 (2015) and extends the
38 Zoom schools program for the 2017-2019 biennium. This bill requires of the
39 elementary schools, middle schools, junior high schools and high schools that were
40 identified to operate as Zoom schools for the 2015-2017 biennium to continue to
41 operate as Zoom schools for the 2017-2019 biennium. This bill also authorizes the
42 Board of Trustees of Clark County School District and the Board of Trustees of the
43 Washoe County School District to distribute the money appropriated by the 2017
44 Legislature to implement the Zoom schools program in middle schools, junior high
45 schools or high schools within the school district that do not operate as Zoom
46 schools but have a high percentage of pupils who are English learners, to the extent
47 that money is available for this purpose.
