AN ACT relating to emergency management; creating the Nevada Tribal Emergency Coordinating Council; prescribing the membership and duties of the Council; revising provisions governing a local organization for emergency management; and providing other matters properly relating thereto.

**Legislative Counsel’s Digest:**

1 Existing law requires the Chief of the Division of Emergency Management of  
2 the Department of Public Safety to coordinate the activities of all organizations for  
3 emergency management within Nevada. (NRS 414.040) **Section 1** of this bill  
4 creates the Nevada Tribal Emergency Coordinating Council within the Division.  
5 **Section 1** requires the Chief of the Division to appoint not more than 15 members  
6 to the Council, each of whom must be a member of a federally recognized Indian  
7 tribe or nation which is located within Nevada. **Section 1** requires the Council to:  
8 (1) advise the Chief regarding emergency management on tribal lands; (2) assist in  
9 the coordination of mitigation, preparedness, response and recovery activities  
10 relating to an emergency on tribal lands; and (3) submit an annual report to the  
11 Chief detailing the Council’s activities during the immediately preceding calendar  
12 year and recommendations relating to emergency management on tribal lands.

13 Existing law authorizes each county and city in Nevada to establish a local  
14 organization for emergency management. A local organization for emergency  
15 management is responsible for performing functions of emergency management  
16 within the territorial limits of the political subdivision within which it is organized

17 and, if required, outside those territorial limits. (NRS 414.090) **Section 2** of this bill  
18 makes it mandatory for a county to establish a local organization for emergency  
19 management, but, in lieu of each county establishing its own local organization for  
20 emergency management, **section 2** authorizes the boards of county commissioners  
21 of two or more counties to enter into an interlocal agreement establishing one local  
22 organization for emergency management for all the counties that are parties to the  
23 agreement.
