(2) Whenever possible, the principal shall consult with a mental health professional under contract with the district or school prior to suspending or expelling a student in any of grades pre-kindergarten through three. If the events leading up to suspension or expulsion indicate a need for additional mental health services, the student's principal or the district's mental health professional shall, in any manner that does not result in a financial burden to the school district or school, assist the student's parent or guardian with locating providers or obtaining those services, including referral to an independent mental health professional. Such individual records shall not be open to the public and shall be solely for the use of the boards of education and boards of health officer. If any teacher or other school employee is found to have tuberculosis in a communicable stage or other communicable disease, the teacher's or employee's employment shall be discontinued or suspended upon such terms as to salary as the board deems just until the school physician has certified to a recovery from such disease. The methods of making the tuberculin tests and chest x-rays required by this section shall be such as are approved by the director of health.
