19 BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

20 SECTION 1. AMENDATORY 70 O.S. 2021, Section 3-151.1, is
21 amended to read as follows:

22 Section 3-151.1 A. For purposes of establishing a uniform and
23 accurate definition of high school graduation rate for school
24 districts and secondary schools in the state, the State Board of
Education shall adopt and implement a four-year adjusted cohort
graduation rate and an extended-year adjusted cohort graduation
rate. The Board shall utilize and report the four-year adjusted

1 cohort graduation rate and the extended-year adjusted cohort
2 graduation rate at the secondary school site, the school district
3 and the state level, and the graduation rates shall be reported in
4 the aggregate as well as disaggregated by subgroups as required in
5 the Elementary and Secondary Education Act of 2001 (ESEA), P.L. No.
6 107-110, also known as the No Child Left Behind Act of 2001.

7 B. The Board shall use the four-year adjusted cohort graduation
8 rate for purposes of determining the high school graduation rate
9 indicator for the academic performance data calculation beginning
10 with state and district report cards providing results of
11 assessments administered in the 2011-2012 school year. The Board
12 shall use the four-year adjusted cohort graduation rate for
13 establishing the high school graduation rate for measuring alternate
14 year percentage growth targets as set forth in Section 3-151.2 of
15 this title beginning with the 2012-2013 school year.

16 C. The four-year adjusted cohort graduation rate shall be
17 defined as the number of students who graduate in four (4) years
18 with a standard high school diploma divided by the number of
19 students who entered high school four (4) years earlier, ~~adjusted~~
20 ~~for transfers.~~ Students who transfer in and out of the school,
21 émigrés emigrate to another country, and deceased students shall not
22 be included in the adjusted cohort graduation rate. Students who
23 graduate in four (4) years shall include students who earn a
24 standard high school diploma at the end of their fourth year, before

1 the end of their fourth year, and during a summer session
2 immediately following their fourth year. To remove a student from a
3 cohort, a school district shall confirm in writing or by electronic
4 means that a student has transferred out of the school site or
5 school district, has emigrated to another country, or is deceased.
6 For a student who transfers out of a school site or school district,
7 the written or electronic confirmation shall be official and
8 document that the student has enrolled in another school site or
9 school district or in an educational program that culminates in a
10 high school diploma recognized by a state or private higher
11 educational institution accredited or recognized by the Oklahoma
12 State Regents for Higher Education for purposes of admission to the
13 institution. Students who are not enrolled in a program which
14 culminates in the award of a credential recognized by a state or
15 private higher educational institution for purposes of admissions
16 shall not be included in the graduation rate calculation as set
17 forth in this subsection as a student who graduated in four (4)
18 years with a standard high school diploma but shall be included in
19 the number of students who entered high school four (4) years
20 earlier.

21 D. The extended-year adjusted cohort graduation rate shall be
22 defined as the number of students who graduate in four (4) years or
23 five (5) years with a high school diploma divided by the number of
24 students who form the adjusted cohort for the four-year graduation

1 rate as calculated as provided for in subsection C of this section,
2 ~~provided that the adjustments add to the cohort all students who~~
3 ~~transfer into the cohort by the end of the year of graduation being~~
4 ~~considered and subtract students who transfer out, emigrate to~~
5 ~~another country or are deceased by the end of that year.~~ The
6 extended-year adjusted cohort graduation rate shall be reported
7 separately from the four-year adjusted cohort graduation rate.
