

Fiscal Impact
2nd Session of the 57th Legislature

Bill No.:	HB 2214
Version:	CS
Author:	Sen. Murdock
Date:	04/05/2021

Fiscal Analysis

HB 2214 committee sub allows the Department of Wildlife Conservation Commission to raise their fees for licenses permits and stamps at an amount no greater than the Bureau of Labor Statistics Consumer Price Index (CPI). This would result in an increase in funding for the Commission, but the amount is undeterminable at this time. HB2214 also doubles the minimum fines for those caught hunting or fishing without a license. The increased fines will bring in approximately \$2,650.

FY'22 Impact: Undeterminable increase

Full Year Impact: Undeterminable increase
