

Bill Summary
2nd Session of the 59th Legislature

Bill No.:	SB 1669
Version:	INT
Request No.	2639
Author:	Sen. Stewart
Date:	01/17/2024

Bill Analysis

SB 1669 requires political subdivisions placing new stop signs on public roadways to conduct an engineering study to determine whether the chosen stop sign location promotes or hinders the safety of motorists, pedestrians, and others utilizing the roadway affected by the placement of the stop sign.
