1st Session of the 58th Legislature

Bill No.:	SB 91
Version:	INT
Request No.:	503
Author:	Sen. Hall
Date:	12/04/2020

Bill Analysis

SB 91 modifies the maximum length of performance-based efficiency contracts by specifying that the term shall be the *greater of* 20 years or the useful life of the project. Additionally, the measure provides that a public entity may consider capital cost avoidance and include additional revenue that is directly attributed to the performance-based efficiency contract when calculating cost-savings.
