7 An Act relating to municipalities; amending 11 O.S.  
8 2021, Section 22-107.1, which relates to regulation  
9 of video services systems; modifying definition; and  
10 providing an effective date.

11  
12 BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

13 SECTION 1. AMENDATORY 11 O.S. 2021, Section 22-107.1, is  
14 amended to read as follows:

15 Section 22-107.1 A. A municipality may by ordinance or  
16 otherwise grant a certificate, license, permit or franchise for the  
17 operation of a video services system, unless such authority is  
18 already provided for by law. Any certificate, license, permit or  
19 franchise granted pursuant to this section shall constitute a  
20 bargained contract between the municipality and the video services  
21 provider and shall provide for a consideration payment to the  
22 municipality as rental for the privileges granted to the provider to  
23 use the public ways and grounds within the municipality in  
24 furtherance of its video services business. The rental payment

1 shall be set at the amount bargained between the municipality and  
2 the video services provider but shall not exceed five percent (5%)  
3 of the annual gross revenues derived by the video services provider  
4 from the provision of video services within the municipality. Any  
5 certificate, license, permit or franchise issued by the governing  
6 body shall be nonexclusive and shall not exceed a period of twenty-  
7 five (25) years and may be revocable by the governing body if said  
8 body determines that the holder of the certificate, license, permit  
9 or franchise has willfully failed or neglected to perform duties  
10 pursuant to the terms of the grant of the certificate, license,  
11 permit or franchise. Nothing herein shall limit the authority of a  
12 municipality to comply with state or federal law.

13 B. In the event a municipality grants an overlapping  
14 certificate, license, permit or franchise for video services within  
15 its jurisdiction on terms or conditions more favorable or less  
16 burdensome than those in any existing certificate, license, permit  
17 or franchise within the municipality the holder of the existing  
18 certificate, license, permit or franchise shall be entitled, upon  
19 written notice to the municipality, to adopt the terms in the  
20 overlapping certificate, license, permit or franchise that are more  
21 favorable or less burdensome than those in the existing certificate,  
22 license, permit or franchise and the adopted terms shall become  
23 enforceable by the municipality.

24

1 C. In addition to any other authority granted to municipalities  
2 by this section or other applicable law, a municipality may also  
3 adopt an ordinance regulating a video services system pursuant to  
4 its police power. No municipal provisions regulating a video  
5 services system may be adopted which are inconsistent with either  
6 state or federal law or with the terms and conditions of the  
7 certificate, license, permit or franchise bargained by the  
8 municipality and the video services provider.

9 D. In awarding or renewing a certificate, license, permit or  
10 franchise for video services, a municipality may require adequate  
11 assurance that the video services system provider will provide  
12 adequate public, educational, and governmental access channel  
13 capacity, facilities or financial support. A video services system  
14 provider may, at its sole option, provide a "family friendly" tier  
15 of video services in lieu of channel capacity, facilities, or  
16 financial support for public access as a condition of any  
17 certificate, license, permit or franchise for video services or  
18 renewal thereof. Nothing herein shall affect any channel capacity,  
19 facilities, or financial support for educational or governmental  
20 access contained in any certificate, license, permit or franchise  
21 for video services or renewal thereof.

22 E. A "family friendly" tier of services is a group of channels,
