8 A Concurrent Resolution relating to meat and poultry;  
9 and encouraging Oklahomans to consume and enjoy meat  
10 and poultry.

11  
12 WHEREAS the production of beef, pork, and poultry in Oklahoma  
13 contributes \$18 billion annually to the state's economy; and

14 WHEREAS animal agriculture and the direct care of livestock is a  
15 meaningful way of life to more than 110,000 Oklahomans; and

16 WHEREAS there are proven health benefits of eating lean meat and  
17 poultry. Research shows that eating lean beef as part of a heart  
18 healthy dietary pattern can help maintain normal cholesterol levels.  
19 The pork sirloin roast joins the pork tenderloin with this  
20 designation as an extra lean cut of meat certified by the Heart-  
21 Check Food Certification. Chicken provides vital nutrients such as  
22 potassium, magnesium, choline, vitamin B12 and iron; and
