

1 **SENATE FLOOR VERSION**

2 February 19, 2019

3 COMMITTEE SUBSTITUTE  
4 FOR

5 SENATE BILL NO. 747

By: McCortney

6  
7 [ income tax - credits for qualified investment in  
8 property of new jobs - qualified investment -  
9 effective date ]

10  
11 BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

12 SECTION 1. AMENDATORY 68 O.S. 2011, Section 2357.4, as  
13 last amended by Section 1, Chapter 329, O.S.L. 2016 (68 O.S. Supp.  
14 2018, Section 2357.4), is amended to read as follows:

15 Section 2357.4. A. Except as otherwise provided in subsection  
16 F of Section 3658 of this title and in subsections J and K of this  
17 section, for taxable years beginning after December 31, 1987, there  
18 shall be allowed a credit against the tax imposed by Section 2355 of  
19 this title for:

20 1. Investment in qualified depreciable property placed in  
21 service during those years for use in a manufacturing operation, as  
22 defined in Section 1352 of this title, which has received a  
23 manufacturer exemption permit pursuant to the provisions of Section  
24 1359.2 of this title or a qualified aircraft maintenance or

1 manufacturing facility as defined in Section 1357 of this title in  
2 this state or a qualified web search portal as defined in Section  
3 1357 of this title; or

4 2. A net increase in the number of full-time-equivalent  
5 employees in a manufacturing operation, as defined in Section 1352  
6 of this title, which has received a manufacturer exemption permit  
7 pursuant to the provisions of Section 1359.2 of this title or a  
8 qualified aircraft maintenance or manufacturing facility defined in  
9 Section 1357 of this title in this state or in a qualified web  
10 search portal as defined in Section 1357 of this title including  
11 employees engaged in support services.

12 B. Except as otherwise provided in subsection F of Section 3658  
13 of this title and in subsections J and K of this section, for  
14 taxable years beginning after December 31, 1998, there shall be  
15 allowed a credit against the tax imposed by Section 2355 of this  
16 title for:

17 1. Investment in qualified depreciable property with a total  
18 cost equal to or greater than Forty Million Dollars (\$40,000,000.00)  
19 within three (3) years from the date of initial qualifying  
20 expenditure and placed in service in this state during those years  
21 for use in the manufacture of products described by any Industry  
22 Number contained in Division D of Part I of the Standard Industrial  
23 Classification (SIC) Manual, latest revision; or

24

1           2. A net increase in the number of full-time-equivalent  
2 employees in this state engaged in the manufacture of any goods  
3 identified by any Industry Number contained in Division D of Part I  
4 of the Standard Industrial Classification (SIC) Manual, latest  
5 revision, if the total cost of qualified depreciable property placed  
6 in service by the business entity within the state equals or exceeds  
7 Forty Million Dollars (\$40,000,000.00) within three (3) years from  
8 the date of initial qualifying expenditure.

9           C. The business entity may claim the credit authorized by  
10 subsection B of this section for expenditures incurred or for a net  
11 increase in the number of full-time-equivalent employees after the  
12 business entity provides proof satisfactory to the Oklahoma Tax  
13 Commission that the conditions imposed pursuant to paragraph 1 or  
14 paragraph 2 of subsection B of this section have been satisfied.

15           D. If a business entity fails to expend the amount required by  
16 paragraph 1 or paragraph 2 of subsection B of this section within  
17 the time required, the business entity may not claim the credit  
18 authorized by subsection B of this section but shall be allowed to  
19 claim a credit pursuant to subsection A of this section if the  
20 requirements of subsection A of this section are met with respect to  
21 the investment in qualified depreciable property or net increase in  
22 the number of full-time-equivalent employees.

23           E. The credit provided for in subsection A of this section, if  
24 based upon investment in qualified depreciable property, shall not

1 be allowed unless the investment in qualified depreciable property  
2 is at least ~~Fifty Thousand Dollars (\$50,000.00)~~ One Hundred Fifty  
3 Thousand Dollars (\$150,000.00). The credit provided for in  
4 subsection A or B of this section shall not be allowed if the  
5 applicable investment is the direct cause of a decrease in the  
6 number of full-time-equivalent employees. Qualified property shall  
7 be limited to machinery, fixtures, equipment, buildings or  
8 substantial improvements thereto, placed in service in this state  
9 during the taxable year. The taxable years for which the credit may  
10 be allowed if based upon investment in qualified depreciable  
11 property shall be measured from the year in which the qualified  
12 property is placed in service. If the credit provided for in  
13 subsection A or B of this section is calculated on the basis of the  
14 cost of the qualified property, the credit shall be allowed in each  
15 of the four (4) subsequent years. If the qualified property on  
16 which a credit has previously been allowed is acquired from a  
17 related party, the date such property is placed in service by the  
18 transferor shall be considered to be the date such property is  
19 placed in service by the transferee, for purposes of determining the  
20 aggregate number of years for which credit may be allowed.

21 F. 1. The credit provided for in subsection A or B of this  
22 section, if based upon an increase in the number of full-time-  
23 equivalent employees, shall be allowed in each of the four (4)  
24 subsequent years only if the level of new employees is maintained in

1 the subsequent year. In calculating the credit by the number of new  
2 employees, only those employees whose paid wages or salary ~~were at~~  
3 ~~least Seven Thousand Dollars (\$7,000.00)~~ meet the minimum salary  
4 requirements of paragraph 2 of this subsection during each year the  
5 credit is claimed shall be included in the calculation. Provided,  
6 that the first year a credit is claimed for a new employee, such  
7 employee may be included in the calculation notwithstanding paid  
8 wages ~~of less than Seven Thousand Dollars (\$7,000.00)~~ which do not  
9 meet the minimum requirements if the employee was hired in the last  
10 three quarters of the tax year, has wages or salary which will  
11 result in annual paid wages in excess of ~~Seven Thousand Dollars~~  
12 ~~(\$7,000.00)~~ the minimum salary requirements and the taxpayer submits  
13 an affidavit stating that the employee's position will be retained  
14 in the following tax year and will result in the payment of wages in  
15 excess of ~~Seven Thousand Dollars (\$7,000.00)~~ the minimum salary  
16 requirements.

17 2. For an employee used in the calculation of the credit  
18 provided for in this section, if the employee is hired before the  
19 effective date of this act, a minimum salary requirement in excess  
20 of annual paid wages of Seven Thousand Dollars (\$7,000.00) shall  
21 apply. For an employee hired after the effective date of this act,  
22 the employee may be used in the calculation of the credit provided  
23 for in this section only if the employee's average annualized wage  
24 equals or exceeds:

1           a. one hundred ten percent (110%) of the average county  
2           wage as determined by the Department of Commerce based  
3           on the most recent U.S. Department of Commerce data  
4           for the county in which the new job is located. For  
5           purposes of this paragraph, health care premiums paid  
6           by the employer for an employee shall be included in  
7           the annualized wage, or

8           b. one hundred percent (100%) of the average county wage  
9           as that percentage is determined by the Department of  
10           Commerce based upon the most recent U.S. Department of  
11           Commerce data for the county in which the new job is  
12           located. For purposes of this paragraph, health care  
13           premiums paid by the employer for an employee shall  
14           not be included in the annualized wage.

15           Provided, no average wage requirement shall exceed Twenty-five  
16           Thousand Dollars (\$25,000.00), in any county. This maximum wage  
17           threshold shall be indexed and modified from time to time based on  
18           the latest Consumer Price Index year-to-date percent change release  
19           as of the date of the annual average county wage data release from  
20           the Bureau of Economic Analysis of the U.S. Department of Commerce.

21           3. The number of new employees shall be determined by comparing  
22 the monthly average number of full-time employees subject to  
23 Oklahoma income tax withholding for the final quarter of the taxable  
24 year with the corresponding period of the prior taxable year, as

1 substantiated by such reports as may be required by the Tax  
2 Commission.

3 G. The credit allowed by subsection A of this section shall be  
4 the greater amount of either:

5 1. One percent (1%) of the cost of the qualified property in  
6 the year the property is placed in service; or

7 2. Five Hundred Dollars (\$500.00) for each new employee. No  
8 credit shall be allowed in any taxable year for a net increase in  
9 the number of full-time-equivalent employees if such increase is a  
10 result of an investment in qualified depreciable property for which  
11 an income tax credit has been allowed as authorized by this section.

12 H. The credit allowed by subsection B of this section shall be  
13 the greater amount of either:

14 1. Two percent (2%) of the cost of the qualified property in  
15 the year the property is placed in service; or

16 2. One Thousand Dollars (\$1,000.00) for each new employee.

17 No credit shall be allowed in any taxable year for a net  
18 increase in the number of full-time-equivalent employees if such  
19 increase is a result of an investment in qualified depreciable  
20 property for which an income tax credit has been allowed as  
21 authorized by this section.

22 I. Except as provided by subsection G of Section 3658 of this  
23 title, any credits allowed but not used in any taxable year may be  
24 carried over in order as follows:

1           e.   provided, for tax years beginning on or after January  
2           1, 2016, and ending on or before December 31, 2018,  
3           the amount of credits available as an offset in a  
4           taxable year shall be limited to the percentage  
5           calculated by the Tax Commission pursuant to the  
6           provisions of subsection L of this section; and

7           2.    a.   For credits based on investment in qualified  
8           depreciable property occurring on or after February 1,  
9           2019, pursuant to paragraph 1 of subsection A of this  
10           section or paragraph 1 of subsection B of this  
11           section, to each of the five (5) years following the  
12           year of qualification, and

13           b.   For credits based on a net increase in employment  
14           occurring on or after February 1, 2019, pursuant to  
15           paragraph 2 of subsection A of this section or  
16           paragraph 2 of subsection B of this section, to each  
17           of the ten (10) years following the year of  
18           qualification.

19           J. No credit otherwise authorized by the provisions of this  
20           section may be claimed for any event, transaction, investment,  
21           expenditure or other act occurring on or after July 1, 2010, for  
22           which the credit would otherwise be allowable until the provisions  
23           of this subsection shall cease to be operative on July 1, 2012.  
24           Beginning July 1, 2012, the credit authorized by this section may be

1 claimed for any event, transaction, investment, expenditure or other  
2 act occurring on or after July 1, 2010, according to the provisions  
3 of this section; provided, credits accrued during the period from  
4 July 1, 2010, through June 30, 2012, shall be limited to a period of  
5 two (2) taxable years. The credit shall be limited in each taxable  
6 year to fifty percent (50%) of the total amount of the accrued  
7 credit. Any tax credits which accrue during the period of July 1,  
8 2010, through June 30, 2012, may not be claimed for any period prior  
9 to the taxable year beginning January 1, 2012. No credits which  
10 accrue during the period of July 1, 2010, through June 30, 2012, may  
11 be used to file an amended tax return for any taxable year prior to  
12 the taxable year beginning January 1, 2012.

13 K. Beginning January 1, 2017, except with respect to tax  
14 credits allowed from investment or job creation occurring prior to  
15 January 1, 2017, the credits authorized by this section shall not be  
16 allowed for investment or job creation in electric power generation  
17 by means of wind as described by the North American Industry  
18 Classification System, No. 221119.

19 L. For tax years beginning on or after January 1, 2016, and  
20 ending on or before December 31, 2018, the total amount of credits  
21 authorized by this section used to offset tax shall be adjusted  
22 annually to limit the annual amount of credits to Twenty-five  
23 Million Dollars (\$25,000,000.00). The Tax Commission shall annually  
24 calculate and publish a percentage by which the credits authorized

1 by this section shall be reduced so the total amount of credits used  
2 to offset tax does not exceed Twenty-five Million Dollars  
3 (\$25,000,000.00) per year. The formula to be used for the  
4 percentage adjustment shall be Twenty-five Million Dollars  
5 (\$25,000,000.00) divided by the credits used to offset tax in the  
6 second preceding year.

7 M. Pursuant to subsection L of this section, in the event the  
8 total tax credits authorized by this section exceed Twenty-five  
9 Million Dollars (\$25,000,000.00) in any calendar year, the Tax  
10 Commission shall permit any excess over Twenty-five Million Dollars  
11 (\$25,000,000.00) but shall factor such excess into the percentage  
12 adjustment formula for subsequent years.

13 SECTION 2. This act shall become effective November 1, 2019.
