8 included in the statewide student assessment system adopted by the
9 Board pursuant to subsection A of this section and any business- and
10 industry-recognized endorsements attained.

11 H. Students who do not perform at a proficiency level on
12 assessments shall be remediated as established in the assessment
13 requirements adopted by the Board pursuant to Section 5 of Enrolled
14 House Bill No. 3218 of the 2nd Session of the 55th Oklahoma
15 Legislature, subject to the availability of funding.

16 I. 1. All assessments required by this section shall measure
17 academic competencies in correlation with the subject matter
18 standards adopted by the Board pursuant to Sections 11-103.6 and 11-
19 103.6a of this title and referred to as the Oklahoma Academic
20 Standards. The State Board of Education shall evaluate the subject
21 matter standards to ensure the competencies reflect high standards,
22 are specific, well-defined, measurable, challenging, and will
23 prepare elementary students for next-grade-level course work and
24 secondary students for postsecondary studies at institutions of

1 higher education or technology center schools without the need for
2 remediation. All subject matter standards shall reflect the goals
3 as set forth in Section 11-103.6 of this title and of improving the
4 state average ACT score.

5 2. The State Department of Education shall annually evaluate
6 the results of the assessments. The State Board of Education shall
7 ensure that preliminary results for all statewide assessments are
8 reported to districts no later than June 1 of each year and are
9 presented in a manner that yields detailed, diagnostic information
10 for the purpose of guiding instruction and student remediation. As
11 improvements are made to the assessments required by this section,
12 the Board shall seek to increase the depth of knowledge assessed for
13 each subject. The State Board of Education shall seek to ensure
14 that data yielded from the assessments required in this section are
15 utilized at the school district level to inform instruction,
16 professional development, school improvement and remediation for
17 students.

18 3. The Commission for Educational Quality and Accountability
19 shall determine the cut scores for the performance levels on all
20 statewide assessments. The Commission shall conduct an ongoing
21 review to compare the statewide assessment content and performance
22 descriptors with those of other states. Upon receipt of the review,
23 the Commission may adjust the cut scores as necessary.

1 4. The State Board of Education, for the purposes of conducting
2 reliability and validity studies, monitoring contractor adherence to
3 professionally accepted testing standards, and providing
4 recommendations for testing program improvement, shall retain the
5 services of an established, independent agency or organization that
6 is nationally recognized for its technical expertise in educational
7 testing but is not engaged in the development of aptitude or
8 achievement tests for elementary or secondary level grades. These
9 national assessment experts shall annually conduct studies of the
10 reliability and validity of the statewide assessments administered
11 pursuant to this section. Validity studies shall include studies of
12 decision validity and concurrent validity.

13 J. 1. The State Board of Education shall promulgate rules
14 setting the assessment window dates for each statewide assessment so
15 that the assessments are administered according to recommended
16 testing protocols, and so that the assessment results are reported
17 back to school districts in a timely manner. The vendor shall
18 provide a final electronic data file of all school site, school
19 district, and state results to the State Department of Education and
20 the Office of Educational Quality and Accountability prior to August
21 1 of each year. The Department shall forward the final data files
22 for each school district and each school site in that district to
23 the school district. The Board shall ensure the contract with the
24 vendor includes a provision that the vendor report assessment

1 results directly to the Office of Educational Quality and
2 Accountability at the same time it is reported to the Board.

3 2. State, district, and site level results of all assessments
4 required in this section shall be disaggregated by gender, race,
5 ethnicity, disability status, migrant status, English proficiency,
6 and status as economically disadvantaged, except that such
7 disaggregation shall not be required in a case in which the number
8 of students in a category is insufficient to yield statistically
9 reliable information or the results would reveal personally
10 identifiable information about an individual student. Each school
11 site shall notify the student's parents of the school's performance
12 levels in the Oklahoma School Testing Program as reported in the
13 Oklahoma Educational Indicators Program at the end of each school
14 year.

15 K. The State Board of Education shall be responsible for the
16 field-testing and validation of the statewide assessment system
17 required in subsection A of this section.

18 L. The State Board of Education shall develop, administer, and
19 incorporate as a part of the Oklahoma School Testing Program, other
20 assessment programs or procedures, including appropriate
21 accommodations for the assessment of students with disabilities as
22 required by the Individuals with Disabilities Education Act (IDEA),
23 20 U.S.C., Section 1400 et seq.

24

1 M. For purposes of developing and administering alternate
2 assessments for students with the most significant cognitive
3 disabilities, the State Board of Education shall not be subject to
4 subsections D and E of Section 11-103.6a of this title.

5 SECTION 3. This act shall become effective July 1, 2019.

6 SECTION 4. It being immediately necessary for the preservation
7 of the public peace, health or safety, an emergency is hereby
8 declared to exist, by reason whereof this act shall take effect and
9 be in full force from and after its passage and approval.
