34 reports submitted to the department under ORS 646A.689 (2) and (6), a list of drugs included in re-
35 ports submitted to the department under ORS 646A.683 and 743.025 and a list of insulin drugs mar-
36 keted in this state during the previous calendar year. Each calendar year, the board shall identify
37 nine drugs and at least one insulin product from the lists provided under this subsection that the
38 board determines may create affordability challenges for health care systems or high out-of-pocket
39 costs for patients in this state based on criteria adopted by the board by rule, including but not
40 limited to:

41 (a) Whether the prescription drug has led to health inequities in communities of color;

42 (b) The number of residents in this state prescribed the prescription drug;

43 (c) The price for the prescription drug sold in this state;

44 (d) The estimated average monetary price concession, discount or rebate the manufacturer pro-

23 (3) The board shall accept testimony from patients and caregivers affected by a condition or
24 disease that is treated by a prescription drug under review by the board and from individuals with
25 scientific or medical training with respect to the disease or condition.

26 (4)(a) If the board considers the cost-effectiveness of a prescription drug in criteria adopted by
27 the board under subsection (1) of this section, the board may not use quality-adjusted life-years, or
28 similar formulas that take into account a patient's age or severity of illness or disability, to identify
29 subpopulations for which a prescription drug would be less cost-effective. For any prescription drug
30 that extends life, the board's analysis of cost-effectiveness must weigh the value of the quality of life
31 equally for all patients, regardless of the patients' age or severity of illness or disability.

32 (b) As used in this subsection:

33 (A) "Health utility" means a measure of the degree to which having a particular form of disease
34 or disability or having particular functional limitations negatively impacts the quality of life as
35 compared to a state of perfect health, expressed as a number between zero and one.

36 (B) "Quality-adjusted life-year" is the product of a health utility multiplied by the extra months
37 or years of life that a patient might gain as a result of a treatment.

2 management, net average price in this state, market competition and context, projected revenue and
3 the estimated value or cost-effectiveness of the prescription drug.

4 (7) The department and the board shall keep strictly confidential any information collected, used
5 or relied upon for the review conducted under this section if the information is:

11 extent that they cover other than purely factual materials and are preliminary to any final agency
12 determination of policy or action. This exemption shall not apply unless the public body shows that

14 and employees of public bodies clearly outweighs the public interest in disclosure.

15 (2)(a) Information of a personal nature such as but not limited to that kept in a personal, med-
16 ical or similar file, if public disclosure would constitute an unreasonable invasion of privacy, unless
17 the public interest by clear and convincing evidence requires disclosure in the particular instance.

19 constitute an unreasonable invasion of privacy.

20 (b) Images of a dead body, or parts of a dead body, that are part of a law enforcement agency
21 investigation, if public disclosure would create an unreasonable invasion of privacy of the family of

23 in the particular instance. The party seeking disclosure shall have the burden of showing that public
24 disclosure would not constitute an unreasonable invasion of privacy.

25 (3) Upon compliance with ORS 192.363, public body employee or volunteer residential addresses,

29 personnel records maintained by the public body that is the employer or the recipient of volunteer
30 services. This exemption:

31 (a) Does not apply to the addresses, dates of birth and telephone numbers of employees or vol-

44 suffer by the disclosure.

45 (5) Information or records of the Department of Corrections, including the State Board of Parole

1 and Post-Prison Supervision, to the extent that disclosure would interfere with the rehabilitation of
2 a person in custody of the department or substantially prejudice or prevent the carrying out of the
3 functions of the department, if the public interest in confidentiality clearly outweighs the public in-
4 terest in disclosure.

5 (6) Records, reports and other information received or compiled by the Director of the Depart-
6 ment of Consumer and Business Services in the administration of ORS chapters 723 and 725 not
