1. Inactive members of the National Guard or the military reserve forces;

2. Members of the uniformed services now retired, except as provided in Section A of this Article;

3. Veterans of the uniformed services, except as provided in Section A of this Article; and

4. Other Department of Defense personnel and other federal agency civilian and contract employees not defined as active duty members of the uniformed services.

ARTICLE IV EDUCATION RECORDS AND ENROLLMENT

A. Unofficial or hand-carried education records. In the event that official education records cannot be released to the parents for the purpose of transfer, the custodian of the records in the sending state shall prepare and furnish to the parent a complete set of unofficial education records containing uniform information as determined by the Interstate Commission. Upon receipt of the unofficial education records by a school in the receiving state, the school shall enroll and appropriately place the student based on the information provided in the unofficial records pending validation by the official records, as quickly as possible.

B. Official education records and transcripts. Simultaneous with the enrollment and conditional placement of the student, the school in the receiving state shall request the

student's official education record from the school in the sending state. Upon receipt of this request, the school in the sending state will process and furnish the official education records to the school in the receiving state within 10 days or within such time as is reasonably determined under the rules promulgated by the Interstate Commission.

C. Immunizations. Compacting states shall give 30 days from the date of enrollment, or within such time as is reasonably determined under the rules promulgated by the Interstate Commission, for students to obtain any immunizations required by the receiving state. For a series of immunizations, initial vaccinations must be obtained within 30 days or within such time as is reasonably determined under the rules promulgated by the Interstate Commission.

D. Kindergarten and first grade entrance age. Students shall be allowed to continue their enrollment at grade level in the receiving state commensurate with their grade level, including kindergarten, from a local education agency in the sending state at the time of transition, regardless of age. A student that has satisfactorily completed the prerequisite grade level in the local education agency in the sending state shall be eligible for enrollment in the next highest grade level in the receiving state, regardless of age. A student transferring after the start of the school year in the receiving state shall enter the school in the receiving state on their validated level from an accredited school in the sending state.

ARTICLE V PLACEMENT AND ATTENDANCE

A. Course placement. When the student transfers before or during the school year, the receiving state school shall initially honor placement of the student in educational courses based on the student's enrollment in the sending state school or educational assessments conducted at the school in the sending state if the courses are offered. Course placement includes but is not limited to honors, International Baccalaureate, advanced placement, vocational, technical and career pathways courses. Continuing the student's academic program from the previous school and promoting placement in academically and career challenging courses should be paramount when considering placement. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in a course.

B. Educational program placement. The receiving state school shall initially honor placement of the student in educational programs based on current educational assessments conducted at the school in the sending state or based on participation or placement in like programs in the sending state. Such programs include, but are not limited to, talented and gifted programs and English as a second language programs. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement of the student.

C. Special education services.

1. In compliance with the federal requirements of the Individuals with Disabilities Education Act, 20 U.S.C. 1400 et seq., the receiving state shall initially provide comparable services to a student with disabilities based on the student's current individualized education program. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement of the student.

2. In compliance with the requirements of section 504 of the Rehabilitation Act, 29 U.S.C. 794, and with Title II of the Americans with Disabilities Act, 42 U.S.C. 12131-12165, the receiving state shall make reasonable accommodations and modifications to address the needs of incoming students with disabilities, subject to an existing section 504 or Title II plan, to provide the student with equal access to education. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement of the student.

D. Placement flexibility. Local education agency administrative officials shall have flexibility in waiving course or program prerequisites, or other preconditions for placement in courses or programs offered under the jurisdiction of the local education agency.

E. Absence as related to deployment activities. A student whose parent or legal guardian is an active duty member of the uniformed services, as defined by this compact, and has been called to duty for, is on leave from, or immediately returned from deployment to a combat zone or combat support posting, shall be granted additional excused absences at the discretion of the local education agency superintendent to visit with the student's parent or legal guardian relative to such leave or deployment of the parent or guardian.

ARTICLE VI ELIGIBILITY

A. Eligibility for enrollment.

1. Special power of attorney, relative to the guardianship of a child of a military family and executed under applicable law, shall be sufficient for the purposes of enrollment and all other actions requiring parental participation and consent.

2. A local education agency shall be prohibited from charging local tuition to a transitioning military child placed in the care of a noncustodial parent or other person standing in loco parentis who lives in a jurisdiction other than that of the custodial parent.

3. A transitioning military child, placed in the care of a noncustodial parent or other person standing in loco parentis who lives in a jurisdiction other than that of the custodial parent, may continue to attend the school in which the child was enrolled while residing with the custodial parent.

B. Eligibility for extracurricular participation. State and local education agencies shall facilitate the opportunity for transitioning military children's inclusion in extracurricular activities, regardless of application deadlines, to the extent they are otherwise qualified.

ARTICLE VII GRADUATION

In order to facilitate the on-time graduation of children of military families, states and local education agencies shall incorporate the following procedures:

A. Waiver requirements. Local education agency administrative officials shall waive specific courses required for graduation if similar course work has been satisfactorily completed in another local education agency or shall provide reasonable justification for denial. Should a waiver not be granted to a student who would qualify to graduate from the sending school, the local education agency shall provide an alternative means of acquiring required coursework so that graduation may occur on time.

B. Exit exams. States shall accept exit or end-of-course exams required for graduation from the sending state, national norm-referenced achievement tests or alternative testing that is given in lieu of testing requirements for graduation in the receiving state. In the event the above alternatives cannot be accommodated by the receiving state for a student transferring in the student's senior year, then the provisions of Section C of this Article shall apply.

C. Transfers during senior year. Should a military student transferring at the beginning or during the student's senior year be ineligible to graduate from the receiving local education agency after all alternatives have been considered, the sending and receiving local education agencies shall ensure the receipt of a diploma from the sending local education agency, if the student meets the graduation requirements of the sending local education agency. In the event that one of the states in question is not a member of this compact, the

member state shall use best efforts to facilitate the on-time graduation of the student in accordance with Sections A and B of this Article.

ARTICLE VIII STATE COORDINATION

A. Each member state shall, through the creation of a State Council or use of an existing body or board, provide for the coordination among its agencies of government, local education agencies and military installations concerning the state's participation in, and compliance with, this compact and Interstate Commission activities. While each member state may determine the membership of its own State Council, its membership may include at least: the state superintendent of education, a superintendent of a school district with a high concentration of military children, a representative from a military installation, one representative each from the legislative and executive branches of government, and other offices and stakeholder groups the State Council deems appropriate. A member state that does not have a school district deemed to contain a high concentration of military children may appoint a superintendent from another school district to represent local education agencies on the State Council.

B. The Governor of each member state shall appoint or designate a military family education liaison to assist military families and the state in facilitating the implementation of this compact. The individual appointed to this position must be a member of the uniformed service. The Department of Education of the State of Oregon shall assist the military family education liaison in the performance of the duties of the position.

C. The compact commissioner responsible for the administration and management of the state's participation in the compact shall be appointed by the Governor or as otherwise determined by each member state. The individual appointed to this position must have experience in the education of military children.

D. The compact commissioner and the military family education liaison designated herein shall be ex officio members of the State Council.

ARTICLE IX INTERSTATE COMMISSION ON EDUCATIONAL OPPORTUNITY FOR MILITARY CHILDREN

The member states hereby create the Interstate Commission on Educational Opportunity for Military Children. The activities of the Interstate Commission are the formation of public policy and are a discretionary state function. The Interstate Commission shall:

A. Be a body corporate and joint agency of the member states and shall have all the responsibilities, powers and duties set forth herein, and such additional powers as may be conferred upon it by a subsequent concurrent action of the respective legislatures of the member states in accordance with the terms of this compact.

B. Consist of one Interstate Commission voting representative from each member state who shall be that state's compact commissioner.

1. Each member state represented at a meeting of the Interstate Commission is entitled to one vote.

2. A majority of the total member states shall constitute a quorum for the transaction of business, unless a larger quorum is required by the bylaws of the Interstate Commission.

3. A representative may not delegate a vote to another member state. In the event the compact commissioner is unable to attend a meeting of the Interstate Commission, the Governor or State Council may delegate voting authority to another person from their state for a specified meeting.

4. The bylaws may provide for meetings of the Interstate Commission to be conducted by telecommunication or electronic communication.

C. Consist of ex officio, nonvoting representatives who are members of interested organizations. Such ex officio members, as defined in the bylaws, may include but not be limited to members of the representative organizations of military family advocates, local education agency officials, parent and teacher groups, the Department of Defense, the Education Commission of the States, the Interstate Agreement on the Qualification of Educational Personnel and other interstate compacts affecting the education of children of military members.

D. Meet at least once each calendar year. The chairperson may call additional meetings and, upon the request of a simple majority of the member states, shall call additional meetings.

E. Establish an executive committee, whose members shall include the officers of the Interstate Commission and such other members of the Interstate Commission as determined by the bylaws. Members of the executive committee shall serve a one-year term. Members of the executive committee shall be entitled to one vote each. The executive committee shall have the power to act on behalf of the Interstate Commission, with the exception of rule making, during periods when the Interstate Commission is not in session. The executive committee shall oversee the day-to-day activities of the administration of this compact, including enforcement and compliance with the provisions of this compact, its bylaws and rules, and other such duties as deemed necessary. The Department of Defense shall serve as an ex officio, nonvoting member of the executive committee.

F. Establish bylaws and rules that provide for conditions and procedures under which the Interstate Commission shall make its information and official records available to the public for inspection or copying. The Interstate Commission may exempt from disclosure information or official records to the extent they would adversely affect personal privacy rights or proprietary interests.

G. Give public notice of all meetings and all meetings shall be open to the public, except as set forth in the rules or as otherwise provided in this compact. The Interstate Commission and its committees may close a meeting, or portion thereof, when it determines by a two-thirds vote that an open meeting would be likely to:

1. Relate solely to the Interstate Commission's internal personnel practices and procedures;
2. Disclose matters specifically exempted from disclosure by federal and state statute;
3. Disclose trade secrets or commercial or financial information that is privileged or confidential;
4. Involve accusing a person of a crime or formally censuring a person;
5. Disclose information of a personal nature if disclosure would constitute a clearly unwarranted invasion of personal privacy;
6. Disclose investigative records compiled for law enforcement purposes; or
7. Specifically relate to the Interstate Commission's participation in a civil action or other legal proceeding.

H. Cause its legal counselor designee to certify that a meeting may be closed and shall reference each relevant exemptible provision for any meeting, or portion of a meeting, which is closed pursuant to this provision. The Interstate Commission shall keep minutes that shall fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefore, including a description of the views expressed and the record of a roll call vote. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the Interstate Commission.

I. Collect standardized data concerning the educational transition of the children of military families under this compact as directed through its rules, which shall specify the data to be collected, the means of collection and data exchange and reporting requirements. Such methods of data collection, exchange and reporting shall, in so far as is reasonably possible, conform to current technology and coordinate its information functions with the appropriate custodian of records as identified in the bylaws and rules.

J. Create a process that permits military officials, education officials and parents to inform the Interstate Commission if and when there are alleged violations of this compact or its rules or when issues subject to the jurisdiction of this compact or its rules are not addressed by the state or local education agency. This section shall not be construed to create a private right of action against the Interstate Commission or any member state.

ARTICLE X POWERS AND DUTIES OF THE INTERSTATE COMMISSION

The Interstate Commission shall have the following powers:

A. To provide for dispute resolution among member states.

B. To promulgate rules and take all necessary actions to effect the goals, purposes and obligations as enumerated in this compact. The rules shall have the force and effect of statutory law and shall be binding in the compact states to the extent and in the manner provided in this compact.

A. Rulemaking authority. The Interstate Commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of this compact. Notwithstanding the foregoing, in the event the Interstate Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this compact, or the powers granted hereunder, then such an action by the Interstate Commission shall be invalid and have no force or effect.

B. Rulemaking procedure. Rules shall be made pursuant to a rulemaking process that substantially conforms to the "Model State Administrative Procedure Act," of 1981, Uniform Laws Annotated, Vol. 15, p. I (2000), as amended, as may be appropriate to the operations of the Interstate Commission.

C. Not later than 30 days after a rule is promulgated, any person may file a petition for judicial review of the rule provided that the filing of such a petition shall not stay or other-

wise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the Interstate Commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the Interstate Commission's authority.

D. If a majority of the legislatures of the compacting states rejects a rule by enactment of a statute or resolution in the same manner used to adopt this compact, then such rule shall have no further force and effect in any compacting state.

ARTICLE XIII OVERSIGHT, ENFORCEMENT AND DISPUTE RESOLUTION

A. Oversight.

1. The executive, legislative and judicial branches of state government in each member state shall enforce this compact and shall take all actions necessary and appropriate to effectuate this compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of this compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact that may affect the powers, responsibilities or actions of the Interstate Commission.

3. The Interstate Commission shall be entitled to receive all service of process in any such proceeding, and shall have standing to intervene in the proceeding for all purposes. Failure to provide service of process to the Interstate Commission shall render a judgment or order void as to the Interstate Commission, this compact or promulgated rules.

B. Default, technical assistance, suspension and termination.

1. If the Interstate Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact, or the bylaws or promulgated rules, the Interstate Commission shall provide written notice to the defaulting state and other member states of the nature of the default, the means of curing the default and any action taken by the Interstate Commission. The Interstate Commission shall specify the conditions by which the defaulting state must cure its default.

2. If a member state has defaulted, the Interstate Commission shall provide remedial training and specific technical assistance regarding the default.

3. If the defaulting state fails to cure the default, the defaulting state shall be terminated from this compact upon an affirmative vote of a majority of the member states and all rights, privileges and benefits conferred by this compact shall be terminated from the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default.

4. Suspension or termination of membership in this compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Interstate Commission to the Governor, the majority and minority leaders of the defaulting state's legislature and each of the member states.

5. The state that has been suspended or terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of suspension or termination including obligations, the performance of which extends beyond the effective date of suspension or termination.

6. The Interstate Commission shall not bear any costs relating to any state that has been found to be in default or that has been suspended or terminated from this compact, unless otherwise mutually agreed upon in writing between the Interstate Commission and the defaulting state.

7. The defaulting state may appeal the action of the Interstate Commission by petitioning the United States District Court for the District of Columbia or the federal district where

the Interstate Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation including reasonable attorney fees.

C. Dispute resolution.

1. The Interstate Commission shall attempt, upon the request of a member state, to resolve disputes that are subject to this compact and that may arise among member states and between member and nonmember states.

2. The Interstate Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement.

1. The Interstate Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

2. The Interstate Commission may, by majority vote of the members, initiate legal action in the United State District Court for the District of Columbia or, at the discretion of the Interstate Commission, in the federal district where the Interstate Commission has its principal offices, to enforce compliance with the provisions of this compact, its promulgated rules and bylaws, against a member state in default. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees.

3. The remedies herein shall not be the exclusive remedies of the Interstate Commission. The Interstate Commission may avail itself of any other remedies available under state law or the regulation of a profession.

**ARTICLE XIV
FINANCING OF THE INTERSTATE COMMISSION**

A. The Interstate Commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization and ongoing activities.

B. The Interstate Commission may levy on and collect an annual assessment from each member state to cover the cost of the operations and activities of the Interstate Commission and its staff, which must be in a total amount sufficient to cover the Interstate Commission's annual budget as approved each year. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Interstate Commission, which shall promulgate a rule binding upon all member states.

C. The Interstate Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same, nor shall the Interstate Commission pledge the credit of any of the member states, except by and with the authority of the member state.

D. The Interstate Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Interstate Commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Interstate Commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the Interstate Commission.

**ARTICLE XV
