AN ACT

1 Providing for affordable health insurance.

2 The General Assembly of the Commonwealth of Pennsylvania  
3 hereby enacts as follows:

4 Section 1. Short title.

5 This act shall be known and may be cited as the Affordable  
6 Health Insurance Act.

7 Section 2. No unfair trade practice.

8 Insurers that include and operate wellness and health  
9 promotion programs, disease and condition management programs,  
10 health risk appraisal programs and similar provisions in their  
11 high deductible health policies in keeping with Federal  
12 requirements shall not be considered to be engaging in unfair  
13 trade practices under any provision of law relating to unfair  
14 trade practices with respect to the practices of illegal  
15 inducements, unfair discrimination and rebating.

16 Section 3. No required relationship.

1       There shall be no required relationship between preferred  
2 provider and nonpreferred provider plan reimbursements for  
3 health savings account-eligible high deductible plans using  
4 nonpreferred provider reimbursements. Such plans shall not:

5           (1) unfairly deny health benefits for medically  
6 necessary covered services;

7           (2) have differences in benefit levels payable to  
8 preferred providers compared to other providers that unfairly  
9 deny benefits for covered services;

10          (3) have a plan coinsurance percentage applicable to  
11 benefit levels for services provided by nonpreferred  
12 providers that is less than 60% of the benefit levels under  
13 the policy for such services; or

14          (4) have an adverse effect on the availability or the  
15 quality of services.

16 Section 4. Health reimbursement arrangement-only plans.

17 The following shall apply:

18          (1) The Insurance Commissioner shall be authorized to  
19 allow health reimbursement arrangement-only plans that  
20 encourage employer financial support of health insurance or  
21 health-related expenses recognized under Federal law.

22          (2) Health reimbursement arrangement-only plans that are  
23 not sold in connection with or packaged with health insurance  
24 coverage shall not be considered insurance.

25          (3) Individual health insurance policies funded through  
26 health reimbursement arrangement-only plans shall not be  
27 considered employer sponsored or group coverage, and nothing  
28 in this section shall be interpreted to require an insurer to  
29 offer an individual health insurance policy for sale in  
30 connection with or packaged with a health reimbursement

1 arrangement-only plan or to accept premiums from health  
2 reimbursement arrangement-only plans for individual health  
3 insurance policies.

4 Section 5. Deductions.

5 In addition to other deductions allowed by law, a taxpayer in  
6 this Commonwealth may deduct from taxable income for State  
7 income tax purposes an amount equal to 100% of the premium paid  
8 by the taxpayer during the taxable year for high deductible  
9 health plans which are eligible to be used with a health savings  
10 account under the applicable provisions of section 223 of the  
11 Internal Revenue Code of 1986 (Public Law 99-514, 26 U.S.C. §  
12 223) to the extent the deduction has not been included in  
13 Federal adjusted gross income and the expenses have neither been  
14 provided from a health reimbursement arrangement nor included in  
15 itemized nonbusiness deductions excluded from the taxpayer's  
16 taxable income.

17 Section 6. Credits.

18 (a) Qualified health credits.--The following shall apply:

19 (1) A taxpayer shall be allowed a credit against the  
20 income tax imposed by law for qualified health insurance  
21 expenses in an amount of \$250 for each employee enrolled for  
22 12 consecutive months in a qualified health insurance plan if  
23 qualified health insurance is made available to all of the  
24 employees and compensated individuals of the employer under  
25 the applicable provisions of section 125 of the Internal  
26 Revenue Code of 1986 (Public Law 99-514, 26 U.S.C. § 125).

27 (2) In no event shall the total amount of the tax credit  
28 under this section for a taxable year exceed the taxpayer's  
29 income tax liability. Any unused tax credit shall be allowed  
30 the taxpayer against succeeding years' tax liability. No such

1 credit shall be allowed the taxpayer against prior years' tax  
2 liability.

3 (3) The Department of Revenue shall promulgate rules and  
4 regulations necessary to implement and administer this
