Every hospital shall, on or before June 15, 2022, make a return to the tax administrator containing the correct computation of net patient services revenue for the hospital fiscal year ending September 30, 2020, and the licensing fee due upon that amount. All returns shall be signed by the hospital's authorized representative, subject to the pains and penalties of perjury.~~

25 (a) Rate reform.

26 (1) The rates to be paid by the state to nursing facilities licensed pursuant to chapter 17 of
27 title 23, and certified to participate in Title XIX of the Social Security Act for services rendered to
28 Medicaid-eligible residents, shall be reasonable and adequate to meet the costs that must be
29 incurred by efficiently and economically operated facilities in accordance with 42 U.S.C. §
30 1396a(a)(13). The executive office of health and human services ("executive office") shall
31 promulgate or modify the principles of reimbursement for nursing facilities in effect as of July 1,
32 2011, to be consistent with the provisions of this section and Title XIX, 42 U.S.C. § 1396 et seq.,
33 of the Social Security Act.

34 (2) The executive office shall review the current methodology for providing Medicaid

1 payments to nursing facilities, including other long-term-care services providers, and is authorized
2 to modify the principles of reimbursement to replace the current cost-based methodology rates with
3 rates based on a price-based methodology to be paid to all facilities with recognition of the acuity
4 of patients and the relative Medicaid occupancy, and to include the following elements to be
5 developed by the executive office:

6 (i) A direct-care rate adjusted for resident acuity;
7 (ii) An indirect-care and other direct-care rate comprised of a base per diem for all facilities;
8 (iii) Revision of rates as necessary based on increases in direct and indirect costs beginning
9 October 2024 utilizing data from the most recent finalized year of facility cost report. The per diem
10 rate components deferred in subsections (a)(2)(i) and (a)(2)(ii) of this section shall be adjusted
11 accordingly to reflect changes in direct and indirect care costs since the previous rate review;

12 (iv) Application of a fair-rental value system;

13 (v) Application of a pass-through system; and

14 (vi) Adjustment of rates by the change in a recognized national nursing home inflation
15 index to be applied on October 1 of each year, beginning October 1, 2012. This adjustment will not
16 occur on October 1, 2013, October 1, 2014, or October 1, 2015, but will occur on April 1, 2015.
17 The adjustment of rates will also not occur on October 1, 2017, October 1, 2018, October 1, 2019,
18 and October 2022. Effective July 1, 2018, rates paid to nursing facilities from the rates approved
19 by the Centers for Medicare and Medicaid Services and in effect on October 1, 2017, both fee-for-
20 service and managed care, will be increased by one and one-half percent (1.5%) and further
21 increased by one percent (1%) on October 1, 2018, and further increased by one percent (1%) on
22 October 1, 2019. Effective October 1, 2022, rates paid to nursing facilities from the rates approved
23 by the Centers for Medicare and Medicaid Services and in effect on October 1, 2021, both fee-for-
24 service and managed care, will be increased by three percent (3%). In addition to the annual nursing
25 home inflation index adjustment, there shall be a base rate staffing adjustment of one-half percent
26 (0.5%) on October 1, 2021, one percent (1.0%) on October 1, 2022, and one and one-half percent
27 (1.5%) on October 1, 2023. The inflation index shall be applied without regard for the transition
28 factors in subsections (b)(1) and (b)(2). For purposes of October 1, 2016, adjustment only, any rate
29 increase that results from application of the inflation index to subsections (a)(2)(i) and (a)(2)(ii)
30 shall be dedicated to increase compensation for direct-care workers in the following manner: Not
31 less than 85% of this aggregate amount shall be expended to fund an increase in wages, benefits,
32 or related employer costs of direct-care staff of nursing homes. For purposes of this section, direct-
33 care staff shall include registered nurses (RNs), licensed practical nurses (LPNs), certified nursing
34 assistants (CNAs), certified medical technicians, housekeeping staff, laundry staff, dietary staff, or

1 other similar employees providing direct-care services; provided, however, that this definition of
2 direct-care staff shall not include: (i) RNs and LPNs who are classified as “exempt employees”
3 under the federal Fair Labor Standards Act (29 U.S.C. § 201 et seq.); or (ii) CNAs, certified medical
4 technicians, RNs, or LPNs who are contracted, or subcontracted, through a third-party vendor or
5 staffing agency. By July 31, 2017, nursing facilities shall submit to the secretary, or designee, a
6 certification that they have complied with the provisions of this subsection (a)(2)(vi) with respect
7 to the inflation index applied on October 1, 2016. Any facility that does not comply with the terms
8 of such certification shall be subjected to a clawback, paid by the nursing facility to the state, in the
9 amount of increased reimbursement subject to this provision that was not expended in compliance
10 with that certification.

11 (3) Commencing on October 1, 2021, eighty percent (80%) of any rate increase that results
12 from application of the inflation index to subsections (a)(2)(i) and (a)(2)(ii) of this section shall be
13 dedicated to increase compensation for all eligible direct-care workers in the following manner on
14 October 1, of each year.

15 (i) For purposes of this subsection, compensation increases shall include base salary or
16 hourly wage increases, benefits, other compensation, and associated payroll tax increases for
17 eligible direct-care workers. This application of the inflation index shall apply for Medicaid
18 reimbursement in nursing facilities for both managed care and fee-for-service. For purposes of this
19 subsection, direct-care staff shall include registered nurses (RNs), licensed practical nurses (LPNs),
20 certified nursing assistants (CNAs), certified medication technicians, licensed physical therapists,
21 licensed occupational therapists, licensed speech-language pathologists, mental health workers
22 who are also certified nurse assistants, physical therapist assistants, housekeeping staff, laundry
23 staff, dietary staff or other similar employees providing direct-care services; provided, however
24 that this definition of direct-care staff shall not include:

25 (A) RNs and LPNs who are classified as “exempt employees” under the federal Fair Labor
26 Standards Act (29 U.S.C. § 201 et seq.); or

27 (B) CNAs, certified medication technicians, RNs or LPNs who are contracted or
28 subcontracted through a third-party vendor or staffing agency.

29 (4)(i) By July 31, 2021, and July 31 of each year thereafter, nursing facilities shall submit
30 to the secretary or designee a certification that they have complied with the provisions of subsection
31 (a)(3) of this section with respect to the inflation index applied on October 1. The executive office
32 of health and human services (EOHHS) shall create the certification form nursing facilities must
33 complete with information on how each individual eligible employee’s compensation increased,
34 including information regarding hourly wages prior to the increase and after the compensation

1 increase, hours paid after the compensation increase, and associated increased payroll taxes. A
2 collective bargaining agreement can be used in lieu of the certification form for represented
3 employees. All data reported on the compliance form is subject to review and audit by EOHHS.
4 The audits may include field or desk audits, and facilities may be required to provide additional
5 supporting documents including, but not limited to, payroll records.

6 (ii) Any facility that does not comply with the terms of certification shall be subjected to a
7 clawback and twenty-five percent (25%) penalty of the unspent or impermissibly spent funds, paid
8 by the nursing facility to the state, in the amount of increased reimbursement subject to this
9 provision that was not expended in compliance with that certification.

10 (iii) In any calendar year where no inflationary index is applied, eighty percent (80%) of
11 the base rate staffing adjustment in that calendar year pursuant to subsection (a)(2)(vi) of this
12 section shall be dedicated to increase compensation for all eligible direct-care workers in the
13 manner referenced in subsections (a)(3)(i), (a)(3)(i)(A), and (a)(3)(i)(B) of this section.

14 (b) Transition to full implementation of rate reform. For no less than four (4) years after
15 the initial application of the price-based methodology described in subsection (a)(2) to payment
16 rates, the executive office of health and human services shall implement a transition plan to
17 moderate the impact of the rate reform on individual nursing facilities. The transition shall include
18 the following components:

19 (1) No nursing facility shall receive reimbursement for direct-care costs that is less than
20 the rate of reimbursement for direct-care costs received under the methodology in effect at the time
21 of passage of this act; for the year beginning October 1, 2017, the reimbursement for direct-care
22 costs under this provision will be phased out in twenty-five-percent (25%) increments each year
23 until October 1, 2021, when the reimbursement will no longer be in effect; and

24 (2) No facility shall lose or gain more than five dollars (\$5.00) in its total, per diem rate the
25 first year of the transition. An adjustment to the per diem loss or gain may be phased out by twenty-
26 five percent (25%) each year; except, however, for the years beginning October 1, 2015, there shall
27 be no adjustment to the per diem gain or loss, but the phase out shall resume thereafter; and

28 (3) The transition plan and/or period may be modified upon full implementation of facility
29 per diem rate increases for quality of care-related measures. Said modifications shall be submitted
30 in a report to the general assembly at least six (6) months prior to implementation.

31 (4) Notwithstanding any law to the contrary, for the twelve-month (12) period beginning
32 July 1, 2015, Medicaid payment rates for nursing facilities established pursuant to this section shall
33 not exceed ninety-eight percent (98%) of the rates in effect on April 1, 2015. Consistent with the
34 other provisions of this chapter, nothing in this provision shall require the executive office to restore

1 the rates to those in effect on April 1, 2015, at the end of this twelve-month (12) period.

2 SECTION 4. Sections 40-8.3-2 and 40-8.3-3 of the General Laws in Chapter 40-8.3 entitled
3 "Uncompensated Care" are hereby amended to read as follows:
