It is enacted by the General Assembly as follows:

1 SECTION 1. Sections 44-62-3 and 44-62-6 of the General Laws in Chapter 44-62 entitled
2 "Tax Credits for Contributions to Scholarship Organizations" are hereby amended to read as
3 follows:

4 **44-62-3. Application for the tax credit program.**

5 (a) Prior to the contribution, a business entity shall apply in writing to the division of
6 taxation. The application shall contain such information and certification as the tax administrator
7 deems necessary for the proper administration of this chapter. A business entity shall be approved
8 if it meets the criteria of this chapter; the dollar amount of the applied for tax credit is no greater
9 than one hundred thousand dollars (\$100,000) in any tax year, and the scholarship organization that
10 is to receive the contribution has qualified under § 44-62-2.

11 (b) Approvals for contributions under this section shall be made available by the division
12 of taxation on a first-come-first-serve basis consistent with § 44-62-3(f). The total aggregate
13 amount of all tax credits approved shall not exceed one million five hundred thousand dollars
14 (\$1,500,000) in a fiscal year; provided that, the total aggregate amount of all tax credits approved
15 shall not exceed five million dollars (\$5,000,000) in fiscal year 2024 and shall thereafter increase
16 by fifteen percent (15%) following any fiscal year in which applications by eligible business entities
17 exceed approved contributions by ten percent (10%).

18 (c) The division of taxation shall notify the business entity in writing within thirty (30)

1 days of the receipt of application of the division's approval or rejection of the application.

2 (d) Unless the contribution is part of a two-year plan, the actual cash contribution by the
3 business entity to a qualified scholarship organization must be made no later than one hundred
4 twenty (120) days following the approval of its application. If the contribution is part of a two-year
5 plan, the first year's contribution follows the general rule and the second year's contribution must
6 be made in the subsequent calendar year by the same date.

7 (e) The contributions must be those charitable contributions made in cash as set forth in
8 the Internal Revenue Code.

9 (f) Approvals shall be made available first to applications for the continued participation
10 of eligible students already attending qualified schools through the scholarship program described
11 in this section, provided that the division of taxation may treat any contribution amount from a
12 single business entity to support additional scholarships as a separate application.
