7 the electronic accident reports submitted by the law enforcement agencies in the state, and the

14 (a) All motorist accident reports made by persons involved in accidents, pursuant to § 31-

20 (b) The division of motor vehicles may disclose the identity of a person involved in an
21 accident when the identity is not otherwise known or when the person denies his or her presence at
22 the accident, and except that the reports, as well as police reports, may be used by the division of
23 motor vehicles, together with any other evidence that the division of motor vehicles may deem
24 appropriate, to make determinations as to the reasonable possibility of a judgment being rendered
25 for purposes of requiring security after an accident involving one or more uninsured motorists.

26 (c) No report shall be used as evidence in any trial, civil or criminal, arising out of an
27 accident, except that the division of motor vehicles shall furnish upon demand of any person who
28 has, or claims to have, made a report or upon demand of any court, a certificate showing that a
29 specified accident report has or has not been made to the division of motor vehicles solely to prove
30 a compliance or a failure to comply with the requirement that a report be made to the division.
31 Provided, that in the event an accident report has not been filed, then the failure to file the report
32 shall be considered to be prima facie evidence that the operator and/or the registered owner of the
33 motor vehicle involved was uninsured at the time of the accident.
