Date Introduced: January 10, 2024

Referred To: Senate Judiciary

It is enacted by the General Assembly as follows:

1           SECTION 1. Sections 31-27-2 and 31-27-2.1 of the General Laws in Chapter 31-27 entitled  
2 "Motor Vehicle Offenses" are hereby amended to read as follows:

3           **31-27-2. Driving under influence of liquor or drugs.**

4           (a) Whoever drives or otherwise operates any vehicle in the state while under the influence  
5 of any intoxicating liquor, drugs, toluene, or any controlled substance as defined in chapter 28 of  
6 title 21, or any combination of these, shall be guilty of a misdemeanor, except as provided in  
7 subsection (d)(3), and shall be punished as provided in subsection (d) of this section.

8           (b)(1) Any person charged under subsection (a), whose blood alcohol concentration is eight  
9 one-hundredths of one percent (.08%) or more by weight, as shown by a chemical analysis of a  
10 blood, breath, or urine sample, shall be guilty of violating subsection (a). This provision shall not  
11 preclude a conviction based on other admissible evidence. Proof of guilt under this section may  
12 also be based on evidence that the person charged was under the influence of intoxicating liquor,  
13 drugs, toluene, or any controlled substance defined in chapter 28 of title 21, or any combination of  
14 these, to a degree that rendered the person incapable of safely operating a vehicle. The fact that any  
15 person charged with violating this section is, or has been, legally entitled to use alcohol or a drug  
16 shall not constitute a defense against any charge of violating this section.

17           (2) [Deleted by P.L. 2021, ch. 170, § 1 and P.L. 2021, ch. 171, § 1.]

18           (c) In any criminal prosecution for a violation of subsection (a), evidence as to the amount  
19 of intoxicating liquor, toluene, or any controlled substance as defined in chapter 28 of title 21, or

1 any combination of these, in the defendant's blood at the time alleged as shown by a chemical  
2 analysis of the defendant's breath, blood, or urine or other bodily substance, shall be admissible and  
3 competent, provided that evidence is presented that the following conditions have been complied  
4 with:

5 (1) The defendant has consented to the taking of the test upon which the analysis is made.  
6 Evidence that the defendant had refused to submit to the test shall not be admissible unless the  
7 defendant elects to testify.

8 (2) A true copy of the report of the test result was hand delivered at the location of the test  
9 or mailed within seventy-two (72) hours of the taking of the test to the person submitting to a breath  
10 test.

11 (3) Any person submitting to a chemical test of blood, urine, or other body fluids shall have  
12 a true copy of the report of the test result mailed to him or her within thirty (30) days following the  
13 taking of the test.

14 (4) The test was performed according to methods and with equipment approved by the  
15 director of the department of health of the state of Rhode Island and by an authorized individual.

16 (5) Equipment used for the conduct of the tests by means of breath analysis had been tested  
17 for accuracy within thirty (30) days preceding the test by personnel qualified as hereinbefore  
18 provided, and breathalyzer operators shall be qualified and certified by the department of health  
19 within three hundred sixty-five (365) days of the test.

20 (6) The person arrested and charged with operating a motor vehicle while under the  
21 influence of intoxicating liquor, toluene, or any controlled substance as defined in chapter 28 of  
22 title 21 or any combination of these in violation of subsection (a), was afforded the opportunity to  
23 have an additional chemical test. The officer arresting or so charging the person shall have informed  
24 the person of this right and afforded him or her a reasonable opportunity to exercise this right, and  
25 a notation to this effect is made in the official records of the case in the police department. Refusal  
26 to permit an additional chemical test shall render incompetent and inadmissible in evidence the  
27 original report.

22 appropriate facility, licensed or approved by the department of behavioral healthcare,  
23 developmental disabilities and hospitals, for treatment placement, case management, and

26 of alcohol, drug abuse, or psychological problems associated with alcohol or drug abuse, the person  
27 may have their treatment, case management, and monitoring administered or approved by the  
28 Veterans' Administration.

29 (9) Notwithstanding any other sentencing and disposition provisions contained in this  
30 chapter, if the judge or magistrate makes a finding beyond a reasonable doubt that a motorist was

32 substance as evidenced by the presence of controlled substances on or about the person or vehicle,  
33 or other reliable indicia or articulable conditions thereof, but not intoxicating liquor based on a  
34 preliminary breath test, results from a breathalyzer that indicates no blood alcohol concentration,

1 or both, the judge or magistrate may exercise his or her discretion and eliminate the requirement  
2 of an ignition interlock system; provided, that blood and/or urine testing is mandated as a condition  
3 to operating a motor vehicle as provided in § 31-27-2.8.

4 (10) Notwithstanding any other sentencing and disposition provisions contained in this  
5 chapter, if the judge or magistrate makes a finding beyond a reasonable doubt that a motorist was  
6 operating a vehicle in the state while under the influence of drugs, toluene, or any controlled  
7 substance as evidenced by the presence of controlled substances on or about the person or vehicle,  
8 or other reliable indicia or articulable conditions thereof and intoxicating liquor based on a  
9 preliminary breath test, results from a breathalyzer that indicates blood alcohol concentration, or  
10 both, the judge or magistrate may require an ignition interlock system in addition to blood and/or  
11 urine testing as a condition to operating a motor vehicle as provided in § 31-27-2.8.

12 (e) Percent by weight of alcohol in the blood shall be based upon milligrams of alcohol per

14 (f)(1) There is established an alcohol and drug safety unit within the division of motor  
15 vehicles to administer an alcohol safety action program. The program shall provide for placement  
16 and follow-up for persons who are required to pay the highway safety assessment. The alcohol and  
17 drug safety action program will be administered in conjunction with alcohol and drug programs  
18 licensed by the department of behavioral healthcare, developmental disabilities and hospitals.

19 (2) Persons convicted under the provisions of this chapter shall be required to attend a  
20 special course on driving while intoxicated or under the influence of a controlled substance, and/or  
21 participate in an alcohol or drug treatment program; provided, however, that the court may permit  
22 a servicemember or veteran to complete any court-approved counseling program administered or  
23 approved by the Veterans' Administration. The course shall take into consideration any language  
24 barrier that may exist as to any person ordered to attend, and shall provide for instruction reasonably  
25 calculated to communicate the purposes of the course in accordance with the requirements of the  
26 subsection. Any costs reasonably incurred in connection with the provision of this accommodation  
27 shall be borne by the person being retrained. A copy of any violation under this section shall be  
28 forwarded by the court to the alcohol and drug safety unit. In the event that persons convicted under  
29 the provisions of this chapter fail to attend and complete the above course or treatment program, as  
30 ordered by the judge, then the person may be brought before the court, and after a hearing as to  
31 why the order of the court was not followed, may be sentenced to jail for a period not exceeding  
32 one year.

33 (3) The alcohol and drug safety action program within the division of motor vehicles shall  
34 be funded by general revenue appropriations.

1 (g) The director of the department of health is empowered to make and file with the  
2 secretary of state regulations that prescribe the techniques and methods of chemical analysis of the  
3 person's body fluids or breath and the qualifications and certification of individuals authorized to  
4 administer this testing and analysis.

5 (h) Jurisdiction for misdemeanor violations of this section shall be with the district court  
6 for persons eighteen (18) years of age or older and to the family court for persons under the age of  
7 eighteen (18) years. The courts shall have full authority to impose any sentence authorized and to  
8 order the suspension of any license for violations of this section. Trials in superior court are not  
9 required to be scheduled within thirty (30) days of the arraignment date.

10 (i) No fines, suspensions, assessments, alcohol or drug treatment programs, course on  
11 driving while intoxicated or under the influence of a controlled substance, public community  
12 restitution, or jail provided for under this section can be suspended.

13 (j) An order to attend a special course on driving while intoxicated, that shall be  
14 administered in cooperation with a college or university accredited by the state, shall include a  
15 provision to pay a reasonable tuition for the course in an amount not less than twenty-five dollars  
16 (\$25.00), and a fee of one hundred seventy-five dollars (\$175), which fee shall be deposited into  
17 the general fund.

18 (k) For the purposes of this section, any test of a sample of blood, breath, or urine for the  
19 presence of alcohol that relies in whole or in part upon the principle of infrared light absorption is  
20 considered a chemical test.

21 (l) If any provision of this section, or the application of any provision, shall for any reason  
22 be judged invalid, such a judgment shall not affect, impair, or invalidate the remainder of the  
23 section, but shall be confined in this effect to the provision or application directly involved in the  
24 controversy giving rise to the judgment.

25 (m) For the purposes of this section, "servicemember" means a person who is presently  
26 serving in the armed forces of the United States, including the Coast Guard, a reserve component  
27 thereof, or the National Guard. "Veteran" means a person who has served in the armed forces,  
28 including the Coast Guard of the United States, a reserve component thereof, or the National Guard,  
29 and has been discharged under other than dishonorable conditions.

30 **31-27-2.1. Refusal to submit to chemical test.**

31 (a) Any person who operates a motor vehicle within this state shall be deemed to have  
32 given his or her consent to chemical tests of his or her breath, blood, and/or urine for the purpose  
33 of determining the chemical content of his or her body fluids or breath. No more than two (2)  
34 complete tests, one for the presence of intoxicating liquor and one for the presence of toluene or

1 any controlled substance, as defined in § 21-28-1.02, shall be administered at the direction of a law  
2 enforcement officer having reasonable grounds to believe the person to have been driving a motor  
3 vehicle within this state while under the influence of intoxicating liquor, toluene, or any controlled  
4 substance, as defined in chapter 28 of title 21, or any combination of these. The director of the  
5 department of health is empowered to make and file, with the secretary of state, regulations that  
6 prescribe the techniques and methods of chemical analysis of the person's body fluids or breath and  
7 the qualifications and certification of individuals authorized to administer the testing and analysis.

8 (b) If a person, for religious or medical reasons, cannot be subjected to blood tests, the  
9 person may file an affidavit with the division of motor vehicles stating the reasons why he or she  
10 cannot be required to take blood tests and a notation to this effect shall be made on his or her  
11 license. If that person is asked to submit to chemical tests as provided under this chapter, the person  
12 shall only be required to submit to chemical tests of his or her breath or urine. When a person is  
13 requested to submit to blood tests, only a physician or registered nurse, or a medical technician  
14 certified under regulations promulgated by the director of the department of health, may withdraw  
15 blood for the purpose of determining the alcoholic content in it. This limitation shall not apply to  
16 the taking of breath or urine specimens. The person tested shall be permitted to have a physician of  
17 his or her own choosing, and at his or her own expense, administer chemical tests of his or her  
18 breath, blood, and/or urine in addition to the tests administered at the direction of a law enforcement  
19 officer. If a person, having been placed under arrest, refuses upon the request of a law enforcement  
20 officer to submit to the tests, as provided in § 31-27-2, none shall be given.

21 (1) At the initial traffic tribunal appearance, the magistrate shall review the incident, action,  
22 and/or arrest reports submitted by the law enforcement officer to determine if there exists  
23 reasonable grounds to believe that the person had been driving a motor vehicle while under the  
24 influence of intoxicating liquor, toluene, or any controlled substance as defined in chapter 28 of  
25 title 21, or any combination thereof. The magistrate shall also determine if the person had been  
26 informed of the penalties incurred as a result of failing to submit to a chemical test as provided in

5 (3) The person had been informed of his or her rights in accordance with § 31-27-3; and

6 (4) The person had been informed of the penalties incurred as a result of noncompliance  
7 with this section, the judge shall sustain the violation. The judge shall then impose the penalties set  
8 forth in subsection (c) of this section. Action by the judge must be taken within seven (7) days after  
9 the hearing or it shall be presumed that the judge has refused to issue his or her order of suspension.

10 (e) For the purposes of this section, any test of a sample of blood, breath, or urine for the

13 (f) If any provision of this section, or the application of any provision, shall, for any reason,  
14 be judged invalid, the judgment shall not affect, impair, or invalidate the remainder of the section,  
15 but shall be confined in this effect to the provisions or application directly involved in the  
16 controversy giving rise to the judgment.
