Introduced By: Senators Doyle, Gallo, Satchell, Nesselbush, and DiPalma

Date Introduced: February 10, 2016

Referred To: Senate Judiciary

It is enacted by the General Assembly as follows:

1 SECTION 1. Chapter 16-21 of the General Laws entitled "Health and Safety of Pupils" is
2 hereby amended by adding thereto the following section:

3 **16-21-36. Duty to report - Posting child abuse hotline telephone number.** – Each
4 public or private school in the state shall post a notice that contains the statewide, toll-free
5 telephone number established and implemented by the department of children, youth and families
6 pursuant to §40-11-3 for the receipt of reports concerning the suspicion of child abuse and neglect
7 or that a child has been a victim of sexual abuse by another child, in a conspicuous, high-traffic
8 area accessed and widely used by the students in each school.

9 SECTION 2. Section 40-11-3 of the General Laws in Chapter 40-11 entitled "Abused and
10 Neglected Children" is hereby amended to read as follows:

11 **40-11-3. Duty to report -- Deprivation of nutrition or medical treatment.** -- (a) Any
12 person who has reasonable cause to know or suspect that any child has been abused or neglected
13 as defined in section 40-11-2 or has been a victim of sexual abuse by another child shall, within
14 twenty-four (24) hours, transfer that information to the department of children, youth and families
15 or its agent who shall cause the report to be investigated immediately. As a result of those reports
16 and referrals, protective social services shall be made available to those children in an effort to
17 safeguard and enhance the welfare of those children and to provide a means to prevent further
18 abuse or neglect. The department shall establish and implement a single, statewide, toll-free

1 telephone to operate twenty-four (24) hours per day, seven (7) days per week for the receipt of
2 reports concerning child abuse and neglect, which reports shall be electronically recorded and
3 placed in the central registry established by section 42-72-7. The department shall create a sign
4 using a format that is clear, simple and understandable to students that contains the statewide toll-
5 free telephone number for posting in all public and private schools in languages predominately
6 spoken in the state, containing pertinent information relating to reporting the suspicion of child
7 abuse, neglect and sexual abuse. This sign shall be available to the school districts electronically.
8 The electronically recorded records, properly indexed by date and other essential identifying data,
9 shall be maintained for a minimum of three (3) years; provided, however, any person who has
10 been reported for child abuse and/or neglect and who has been determined not to have neglected
11 and/or abused a child, shall have his or her record expunged as to that incident three (3) years
12 after that determination. The department shall continuously maintain a management information
13 database which includes all of the information required to implement this section, including the
14 number of cases reported by hospitals, health care centers, emergency rooms and other
15 appropriate health care facilities.

16 (b) The reporting shall include immediate notification of the department of any instance
17 where parents of an infant have requested deprivation of nutrition that is necessary to sustain life
18 and/or who have requested deprivation of medical or surgical intervention that is necessary to
19 remedy or ameliorate a life threatening medical condition, if the nutrition or medical or surgical
20 intervention is generally provided to similar nutritional, medical, or surgical conditioned infants,
21 whether disabled or not.

22 (c) Nothing in this section shall be interpreted to prevent a child's parents and physician
23 from discontinuing the use of life-support systems or nonpalliative treatment for a child who is
24 terminally ill where, in the opinion of the child's physician exercising competent medical
25 judgment, the child has no reasonable chance of recovery from the terminal illness despite every
26 appropriate medical treatment to correct the condition.

27 SECTION 3. This act shall take effect upon passage.
