16 (a) Beginning in the 2012 fiscal year, the following foundation education-aid formula shall
17 take effect. The foundation education aid for each ~~district~~ local education agency (LEA) shall be
18 the sum of the core instruction amount in subdivision (a)(1) and the amount to support high-need
19 students in subdivision (a)(2), which shall be multiplied by the ~~district~~ LEA state-share ratio
20 calculated pursuant to § 16-7.2-4 to determine the foundation aid.

21 (1) The core-instruction amount shall be an amount equal to a statewide, per-pupil core-
22 instruction amount as established by the department of elementary and secondary education
23 (department), derived from the average of northeast regional expenditure data for the states of
24 Rhode Island, Massachusetts, Connecticut, and New Hampshire from the National Center for
25 Education Statistics (NCES) that will adequately fund the student instructional needs as described
26 in the basic education program and multiplied by the ~~district~~ LEA average daily membership as
27 defined in § 16-7-22. Expenditure data in the following categories: instruction and support services
28 for students, instruction, general administration, school administration, and other support services
29 from the National Public Education Financial Survey, as published by NCES, and enrollment data
30 from the Common Core of Data, also published by NCES, will be used when determining the core-
31 instruction amount. The core-instruction amount will be updated annually. For the purpose of
32 calculating this formula, ~~school districts'~~ LEAs' resident average daily membership shall exclude
33 charter school and state-operated school students.

34 (2) The amount to support high-need students beyond the core-instruction amount shall be

1 determined by multiplying a student success factor of forty percent (40%) by the core instruction
2 per-pupil amount described in subdivision (a)(1) and applying that amount for each resident child
3 whose family income is at or below one hundred eighty-five percent (185%) of federal poverty
4 guidelines, hereinafter referred to as "poverty status."

5 (b) The department ~~of elementary and secondary education~~ shall provide an estimate of the
6 foundation education aid cost as part of its budget submission pursuant to § 35-3-4. The estimate
7 shall include the most recent data available as well as an adjustment for average daily membership
8 growth or decline based on the prior year experience.

9 (c) In addition, the department shall report updated figures based on the average daily
10 membership as of October 1 by December 1.

11 (d) The department shall report updated figures based on the average daily membership as
12 of February 1 by February 15. Included in this report, the department shall specifically identify the
13 number of students who began the academic year at one LEA in the state but, as of the February 1
14 report, had transferred to a different LEA within the state. The department shall notify the
15 appropriate LEAs of any such transfers by February 15. For every student who transferred, the
16 initial LEA shall cause tuition to be paid to the new LEA, prorated as of the February 1 report, by
17 March 1.

18 ~~(d)(e) Local education agencies~~ LEAs may set aside a portion of funds received under
19 subsection (a) to expand learning opportunities such as after school and summer programs, full-
20 day kindergarten and/or multiple pathway programs, provided that the basic education program and
21 all other approved programs required in law are funded.

22 ~~(e)(f)~~ The department ~~of elementary and secondary education~~ shall promulgate such
