Section 4. That § 58-29E-15 be AMENDED:

58-29E-15. Neither a pharmacy benefit manager nor a pharmacy benefit manager affiliate may, directly or indirectly, discriminate against a 340B entity or a pharmacy under contract with a 340B entity, on the basis that the 340B entity or a pharmacy under contract with a 340B entity participates in the 340B drug discount program by imposing terms or conditions that differ from a similarly situated entity that does not participate in the 340B drug discount program.

Discriminatory acts include:

- (1) Reimbursing a 340B entity at a rate lower than that paid for the same drug to a pharmacy that has a similar prescription volume but is not a 340B entity;

- (2) Assessing a fee or cost, imposing a charge back, or imposing any other adjustment against a 340B entity, on the ground that the 340B entity participates in the 340B drug discount program;
- (3) Restricting access by a 340B entity to a pharmacy network on the ground that the 340B entity participates in the 340B drug discount program;
- (4) Requiring that a 340B entity contract with a specific pharmacy or health coverage plan as a condition of participating in a pharmacy network;
- (5) Imposing a new restriction or an additional charge on a patient who elects to receive a prescription drug through a 340B entity;
- (6) Restricting the method by which a 340B entity may dispense or deliver 340B drugs.
- (7) Auditing a 340B entity, as provided for under § 58-29F-1, more frequently than similarly situated entities that do not participate in the 340B drug discount program;
- (8) Refusing to provide reimbursement or coverage for 340B drugs that are part of a formulary;
- (9) Basing prescription drug benefit coverage or formulary decisions on:
 - (a) The 340B status of a drug, including price or availability; or
 - (b) Whether a dispensing pharmacy participates in 340B drug pricing;
- (10) Imposing on a 340B entity any requirement or restriction that interferes with the entity's ability to maximize the value of the discounts obtained through participation in the 340B drug discount program; and
- (11) Imposing on a 340B entity any contractual terms and conditions that differ from those imposed on a similarly situated entity that is not a 340B entity.

Section 5. That a NEW SECTION be added to chapter 58-29E:

A pharmacy benefit manager or a pharmacy benefit manager affiliate who has engaged in a discriminatory act, as prohibited in § 58-29E-15, is liable to the 340B entity for damages, including actual and consequential damages, and is liable for reasonable attorneys' fees and costs.

Section 6. That § 58-33-135 be AMENDED:

58-33-135. The following acts or practices by a pharmacy benefits manager are declared to be misleading, deceptive, or unfair:
