4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF SOUTH DAKOTA:

5 Section 1. That § 13-13-10.1 be amended to read as follows:

6 13-13-10.1. Terms used in this chapter mean:

7 (1) "Average daily membership," the average number of resident and nonresident  
8 kindergarten through twelfth grade pupils enrolled in all schools operated by the  
9 school district during the previous regular school year, minus average number of  
10 pupils for whom the district receives tuition, except pupils described in subdivision  
11 (1A) and pupils for whom tuition is being paid pursuant to § 13-28-42.1 and plus the  
12 average number of pupils for whom the district pays tuition;

13 (1A) Nonresident students who are in the care and custody of the Department of Social  
14 Services, the Unified Judicial System, the Department of Corrections, or other state

1 agencies and are attending a public school may be included in the average daily  
2 membership of the receiving district when enrolled in the receiving district. When  
3 counting a student who meets these criteria in its general enrollment average daily  
4 membership, the receiving district may begin the enrollment on the first day of  
5 attendance. The district of residence prior to the custodial transfer may not include  
6 students who meet these criteria in its general enrollment average daily membership  
7 after the student ceases to attend school in the resident district;

8 (2) "Adjusted average daily membership," calculated as follows:

9 (a) For districts with an average daily membership of two hundred or less,  
10 multiply 1.2 times the average daily membership;

11 (b) For districts with an average daily membership of less than six hundred, but  
12 greater than two hundred, raise the average daily membership to the 0.8293  
13 power and multiply the result times 2.98;

14 (c) For districts with an average daily membership of six hundred or more,  
15 multiply 1.0 times their average daily membership;

16 (2A) "Fall enrollment," the number of kindergarten through twelfth grade students enrolled  
17 in all schools operated by the school district on the last Friday of September of the  
18 current school year minus the number of students for whom the district receives  
19 tuition, except nonresident students who are in the care and custody of a state agency  
20 and are attending a public school and students for whom tuition is being paid  
21 pursuant to § 13-28-42.1, plus the number of students for whom the district pays  
22 tuition. Any student enrolled in a kindergarten program operating for less than eight  
23 hundred and seventy-five hours, exclusive of intermissions, in a school term shall be  
24 counted on a pro rata basis. When computing state aid to education for a school

1 district under the foundation program pursuant to § 13-13-73, the secretary of the  
2 Department of Education shall use either the school district's fall enrollment or the  
3 average of the school district's fall enrollment from the previous two years,  
4 whichever is higher;

5 (2B) Repealed by SL 2010, ch 84, § 1.

6 (2C) "Small school adjustment," calculated as follows:

7 (a) For districts with a fall enrollment of two hundred or less, multiply 0.2 times  
8 \$4,237.72;

9 (b) For districts with a fall enrollment of greater than two hundred, but less than  
10 six hundred, multiply the fall enrollment times negative 0.0005; add 0.3 to that  
11 result; and multiply the sum obtained times \$4,237.72;

12 The determination of the small school adjustment for a school district may not  
13 include any students residing in a residential treatment facility when the education  
14 program is operated by the school district;

15 (3) "Index factor," is the annual percentage change in the consumer price index for urban  
16 wage earners and clerical workers as computed by the Bureau of Labor Statistics of  
17 the United States Department of Labor for the year before the year immediately  
18 preceding the year of adjustment or three percent, whichever is less;

19 (4) "Per student allocation," for school fiscal year 2011 is \$4,804.60. Each school fiscal  
20 year thereafter, the per student allocation is the previous fiscal year's per student  
21 allocation increased by the index factor;

22 (5) "Local need," is the sum of:

23 (a) The per student allocation multiplied by the fall enrollment; and

24 (b) The small school adjustment, if applicable, multiplied by the fall enrollment;

- 1 (6) "Local effort," the amount of ad valorem taxes generated in a school fiscal year by

- 6 (8) "General fund balance percentage," is a school district's general fund balance divided  
7 by the school district's total general fund expenditures for the previous school fiscal  
8 year, the quotient expressed as a percent;
- 9 (9) "General fund base percentage," is the lesser of:
- 10 (a) The general fund balance percentage as of June 30, 2011; or

17 percentage may always be at least twenty-five percent;
- 18 (10) "Allowable general fund balance," the general fund base percentage multiplied by the  
19 district's general fund expenditures in the previous school fiscal year;
- 20 (11) "General fund exclusions," revenue a school district has received from the imposition  
21 of the excess tax levy pursuant to § 10-12-43; revenue a school district has received
