AMEND Senate Bill No. 2539

House Bill No. 2118*

by deleting all language after the caption and substituting:

WHEREAS, reliable, affordable, and responsive energy production and infrastructure is essential to the health, safety, and welfare of the people of this State and to the workings of the State economy; and

WHEREAS, Tennessee is leading the nation in economic growth and in the development of the next generation of safe and reliable nuclear energy generation pathways; and

WHEREAS, it is in the State's best interest to showcase continued support for the exploration, development, and production of domestic energy supplies, preferably from the resources within this State or region and most certainly from within the country; and

WHEREAS, it is critical that this State provide for the development of a long-range, unified energy policy to encompass comprehensive energy resource planning and efficient management of existing energy resources and capabilities in relation to economic growth; to effectively meet the increased demand for electricity; to encourage the development of alternative sources of energy, such as next generation nuclear energy; and to ensure the efficient utilization of energy resources and capabilities in a manner consistent with assuring a reliable, affordable, and responsive energy supply and infrastructure for Tennessee, including active support and collaboration with the federal government to ensure access to the nation's energy resources; and

WHEREAS, the advancement of clean, reliable, and safe nuclear energy is a key component of Tennessee's conservation strategy that balances economic growth with responsible stewardship of natural resources and existing energy production capabilities; and

WHEREAS, under executive order 101, the governor convened the Tennessee Nuclear Advisory Council to advise the State on nuclear matters from industry experts; however, the advisory council is set to expire; and

WHEREAS, the development of a unified domestic energy policy for the State of Tennessee as part of a nationwide effort for increased domestic energy production is paramount to our national security and economic growth and stability; now, therefore,

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:

SECTION 1. Tennessee Code Annotated, Section 68-204-104(a), is amended by deleting the subsection and substituting the following:

(a) The council is composed of twenty-two (22) members as follows:

(1) The governor shall appoint:

(A) One (1) representative of energy resource extraction or energy production industries, excluding the Tennessee Valley authority, who may be appointed from lists of qualified persons submitted by interested energy resource extraction or energy production industries, including, but not limited to, the biofuel, oil and gas, wind, coal, solar energy, geothermal energy, hydropower, and nuclear energy industries.
