

TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE

FISCAL NOTE

HB 2577 - SB 2539

March 2, 2022

SUMMARY OF BILL: Removes the requirements that a person under 18 years of age must be enrolled in a secondary school or course leading to a GED(R) or HiSET(R) and making satisfactory progress in order to obtain or retain a driver license or instruction permit.

FISCAL IMPACT:

NOT SIGNIFICANT

Assumptions:

- Both the Department of Safety (DOS) and the Local Education Agencies are assumed to realize a decrease in administrative burden as a result of this legislation.
- This legislation would impact two cohorts of minors: those who are denied an initial D-Intermediate Restricted license and those that have their D-Intermediate Restricted or Unrestricted license suspended.
- The total cost of a D-Intermediate Restricted license is \$24.50.
- The reinstatement cost of a suspended license is \$20.
- The total cost of graduating from a D-Intermediate Restricted or Unrestricted license to a Class D license is \$19.50.
- The percentages of those two specific cohorts which will be impacted by this legislation is unknown.
- The DOS is estimated to realize a decrease in revenue related to the loss of reinstatement fees for those that have a license suspended and subsequently apply to reinstate.
- The DOS is also estimated to realize an increase in revenue related to additional minors who are currently denied an initial D-Intermediate Restricted License now being eligible to obtain one.
- Any decrease in revenue from loss of reinstatement fees is assumed to be offset equally by the increase in revenue from additional minors not being denied an initial D-Intermediate Restricted License.
- Any fiscal impact to state or local government is estimated to be not significant.
