This act makes appropriations for an indefinite period of time for the purpose of allocating the proceeds of the bonds and notes authorized by this act.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:

SECTION 1. The state of Tennessee, acting by resolutions of its funding board, is authorized and empowered to issue and sell direct general obligation interest-bearing bonds of the state of Tennessee in amounts not to exceed thirty million dollars (\$30,000,000) to effectuate the purposes specified in Section 4. Further, the funding board is authorized to sell bonds in amounts not to exceed two and one-half percent (2.5%) of the amounts specified above and authorized in Section 4 for the purpose of funding discount and costs of issuance. Such bonds may be issued and sold in one (1) block or in several installments and separately or together with other general obligation bonds of the state of Tennessee as the board may determine after advertisement as provided by law.

SECTION 2. The bonds and the interest-bearing coupons attached thereto, if any, must be in such form, mature at such time or times within twenty (20) years from the date of their issuance, be executed in such manner, be payable at such place or places both as to principal and interest, and be in such denomination and bear such rate of interest, payable in such manner as the funding board shall by resolution direct. However, the maximum rate determined by the funding board in no instance shall exceed the legal rate as provided in § 47-14-103. The bonds shall be sold by the funding board after advertisement as provided by law, together with the accrued interest thereon, and, when they have been sold, the proceeds derived from the sale thereof shall be paid to the state treasurer to be disbursed by the treasurer and other fiscal officers and agencies of the state as provided by the general law and this act. The bonds and interest payable thereon are exempt from taxation by the state of Tennessee or by any county, municipality, or taxing district of the state except inheritance, transfer, and estate taxes.

SECTION 3. When the bonds are so issued and sold, they shall be direct general obligations of the state of Tennessee for the payment of which, well and truly to be made according to the tenor, effect, and terms thereof, the full faith and credit of the state, together with its taxing power, shall irrevocably be pledged; and the bonds as authorized in this act shall be issued agreeable to the terms of title 9, chapter 9; and they shall be financed, retired, and paid both as to principal and interest as provided in that chapter and are subject to the terms and conditions in that chapter and this act. When the bonds are sold and proceeds paid over to the state treasurer, the funds shall be paid out by the treasurer and the proper fiscal officers of the state, as provided by general law, but only on order of the proper administrative authorities of the agency or department named for the benefit of which the bonds have been authorized and only to the extent the bonds have in fact been issued for the benefit of the specific agency or department.

SECTION 4. The proceeds of any and all issues of bonds authorized by this act are allocated to the Tennessee higher education commission to be allocated and expended for the purpose of capital outlay and maintenance for institutions of higher education. In its discretion,

the funding board is authorized to issue bonds in amounts not to exceed two and one-half percent (2.5%) of the amounts specified in this act, the proceeds of which are to be allocated to the funding board and expended for the purpose of funding discounts and the costs of issuance.

SECTION 5. The proper authorities enumerated in this act and charged with the duty of expending the funds have authority to proceed with the projects authorized in this act and for that purpose may hire an architect or architects, advertise for low bids, and award contracts to low bidders, all within the provisions of the general law, expressly including title 4, chapter 15, and in agreement with the terms of this act. No contract, including a contract for architectural services, involving a project authorized by this act and subject to the approval of the state building commission shall be entered into unless and until that contract has been approved by the building commission.

SECTION 6. The appropriation made to each agency or department as provided in Section 4 may be applied as determined by the funding board to bear its appropriate portion of discount and costs of issuance.

SECTION 7. Pending the issuance of the definite bonds authorized by this act, the state of Tennessee, acting by resolutions of its funding board, is authorized and empowered to issue and sell, either at public or private sale, together with accrued interest thereon, its interest-bearing bond anticipation note or notes. Such note or notes must be authorized by resolution of the funding board and must bear such date or dates as such resolution or resolutions provide. The note or notes shall bear interest at such rate or rates, be in such denominations, be in such form, be executed in such manner, be payable in such medium of payment, at such place or places and mature on such date or dates, subject to such terms and conditions as such resolution or resolutions may provide. In its discretion, the funding board may provide that a bond anticipation note or any renewal of such note may mature more than five (5) years from the date of issue of the original note; provided, that an amortization schedule of repayment of

principal is established for the project funded by the note and provisions are made such that any note or renewal note or bond refunding such note attributed to the financing of such project shall be redeemed or retired no later than either twenty-five (25) years from the date of issue of such original note or twenty (20) years from the date the project is completed and placed in full service, whichever is earlier. Provisions of general law with respect to authentication, execution, and registration of general obligation bonds of the state of Tennessee also apply to the notes to the extent applicable. The note or notes and the interest payable thereon are exempt from taxation by the state of Tennessee or by any county, municipality, or taxing district of the state except inheritance, transfer, and estate taxes. Any resolution or resolutions of the funding board authorizing the issuance of such bond anticipation note or notes must provide that the same are issued in anticipation of the bonds authorized under this act and must further provide that the full faith and credit of the state of Tennessee are pledged to the payment thereof.

SECTION 8. No bonds shall be issued under the authority of this act until such time as the general assembly has appropriated sufficient funds to pay the first year's obligation of principal and interest on the amount of bonds to be issued, and the state funding board has determined that such funds are available.

SECTION 9. If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to that end, the provisions of this act are declared to be severable.

SECTION 10. This act shall take effect upon becoming a law, the public welfare requiring it.
