

117TH CONGRESS
1ST SESSION

H. R. 1661

To support and expand civic engagement and political leadership of adolescent girls around the world, and other purposes.

IN THE HOUSE OF REPRESENTATIVES

MARCH 8, 2021

Mr. TRONE (for himself and Mrs. RODGERS of Washington) introduced the following bill; which was referred to the Committee on Foreign Affairs

A BILL

To support and expand civic engagement and political leadership of adolescent girls around the world, and other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Girls Leadership, En-
5 gagement, Agency, and Development Act of 2021” or the
6 “Girls LEAD Act”.

7 **SEC. 2. FINDINGS.**

8 Congress makes the following findings:

9 (1) Inclusive democracy and governance are
10 fundamental objectives and critical foundations for

1 sustainable development and global peace. Pro-
2 motion of democracy, human rights, and governance
3 is a reflection of fundamental American values and
4 identity.

5 (2) Democracies score consistently higher than
6 nondemocracies on a broad range of socioeconomic
7 development indicators, including infant and child
8 mortality, life expectancy, primary school enrollment,
9 adult literacy, female youth literacy, female sec-
10 ondary school enrollment, and access to clean water.

11 (3) Women’s political participation results in
12 tangible gains for democracy, including greater re-
13 sponsiveness to citizen needs, increased cooperation
14 across party and ethnic lines, and more sustainable
15 peace, as emphasized in the Women, Peace, and Se-
16 curity Act (Public Law 115–68).

17 (4) Women in leadership positions are more
18 likely to resolve national crises without resorting to
19 violence, sustain peace agreements over longer peri-
20 ods of time, advocate for social issues that benefit
21 all, and allocate budgets to health and education.

22 (5) Despite comprising over 50 percent of the
23 world’s population, women are underrepresented at
24 all levels of public sector decision making. At the

1 current rate of progress, it will take over 100 years
2 to achieve gender parity in political participation.

3 (6) Engaging adolescent girls more in civil and
4 political activities contributes to increased political
5 participation and women's leadership around the
6 world over time. Adolescents who participate actively
7 in their community from early on are more likely to
8 become engaged citizens and voters, with higher lev-
9 els of ambition for future leadership positions in
10 both politics and the private sector. Their safe,
11 meaningful, and appropriate participation is key to
12 creating democratic societies with informed and en-
13 gaged citizens.

14 (7) Adolescence is a critical period in a girl's
15 life, when significant physical, emotional, and social
16 changes shape her future. Adolescent girls are par-
17 ticularly vulnerable to HIV/AIDS and other STDs
18 and STIs, child, early, and forced marriage, and
19 other forms of gender-based violence, including traf-
20 ficking in persons and sexual exploitation, harass-
21 ment, and assault, which are detrimental to their fu-
22 tures.

23 (8) School closures related to the COVID-19
24 pandemic have pushed nearly 743,000,000 girls
25 around the world out of school, on top of the ap-

1 proximately 132,000,000 girls between the ages of 6
2 and 17 already out of school.

3 (9) The economic impacts of the COVID–19
4 crisis are projected to put an additional 2,500,000
5 girls at risk of child marriage between 2020 and
6 2025, in addition to the 12,000,000 adolescent girls
7 under 18 who will marry annually. The number one
8 cause of death for adolescent girls 15 to 19 years old
9 is childbirth, and 90 percent of births to adolescent
10 girls 15 to 19 occur within a marriage.

11 (10) Every 10 minutes, somewhere in the
12 world, an adolescent girl dies as a result of violence.
13 A girl’s risk of dying as a result of violence increases
14 from early to late adolescence. Violence is the second
15 leading cause of death among adolescent girls glob-
16 ally. Girls with disabilities may face up to 10 times
17 more violence than girls without disabilities.

18 (11) Empowering adolescent girls and young
19 women in childhood and as they transition to become
20 adults, investing in their leadership potential, and
21 ensuring there are established pathways to positions
22 of political leadership and civic engagement con-
23 tribute to ensuring a world where women can thrive
24 as political leaders and decision makers, in economic
25 spaces and across society as a whole.

1 **SEC. 3. STATEMENT OF POLICY.**

2 It shall be the international development policy of the
3 United States to—

4 (1) promote and ensure that all adolescents
5 from the most marginalized populations, including
6 both girls and boys, are able to fully participate in
7 society, and are specifically able to exercise their
8 civil and political rights as agents of change in their
9 communities and countries;

10 (2) increase the capability of adolescents, par-
11 ticularly adolescent girls, in assuming leadership
12 roles, holding decision makers to account, and influ-
13 encing decision making at the household, commu-
14 nity, and societal levels;

15 (3) ensure meaningful engagement and con-
16 sultation with adolescents, particularly adolescent
17 girls, to ensure that United States foreign assistance
18 initiatives, including the planning, implementation,
19 and evaluation of projects, are effective and respon-
20 sive to this input with a focus on country and com-
21 munity ownership;

22 (4) ensure that consultation processes are
23 transparent, voluntary, inclusive, safe, respectful,
24 and responsive to structural barriers affecting ado-
25 lescent girls' meaningful engagement;

1 (5) actively work to decrease discrimination to-
2 wards, and the abuses of, the rights of adolescent
3 girls, particularly among the most vulnerable popu-
4 lations; and

5 (6) utilize evidence-based approaches and prac-
6 tices in developing such programs, including taking
7 into account the role of family, religious, and com-
8 munity leaders in creating supportive environments,
9 the identification of mentors and role models, and
10 the creation of safe spaces for adolescent girls.
