

114TH CONGRESS  
1ST SESSION

# H. R. 2459

To amend the Federal Food, Drug, and Cosmetic Act to enhance the reporting requirements pertaining to use of antimicrobial drugs in food animals.

---

## IN THE HOUSE OF REPRESENTATIVES

MAY 19, 2015

Ms. SLAUGHTER (for herself, Mr. TED LIEU of California, Mr. RANGEL, and Ms. SCHAKOWSKY) introduced the following bill; which was referred to the Committee on Energy and Commerce

---

## A BILL

To amend the Federal Food, Drug, and Cosmetic Act to enhance the reporting requirements pertaining to use of antimicrobial drugs in food animals.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Delivering Anti-  
5 microbial Transparency in Animals Act of 2015”.

6 **SEC. 2. PURPOSE.**

7 The purpose of this Act is to provide the Food and  
8 Drug Administration and the public with better informa-

1 tion on the use of antimicrobial drugs in animals used for  
2 food to—

3 (1) enable public health officials and scientists  
4 to better understand and interpret trends and vari-  
5 ations in rates of microbial resistance to such anti-  
6 microbial drugs;

7 (2) improve the understanding of the relation-  
8 ship between antimicrobial drug use in animals used  
9 for food and antimicrobial drug resistance in mi-  
10 crobes in and on animals and humans; and

11 (3) identify interventions to prevent and control  
12 such antimicrobial drug resistance.

13 **SEC. 3. ENHANCED REPORTING REQUIREMENTS.**

14 (a) REPORTS.—Section 512(l) of the Federal Food,  
15 Drug, and Cosmetic Act (21 U.S.C. 360b(l)) is amended  
16 by striking paragraph (3) and inserting the following:

17 “(3)(A) In the case of each new animal drug  
18 described in paragraph (1) that contains an anti-  
19 microbial active ingredient, the sponsor of the drug  
20 shall submit an annual report to the Secretary on  
21 the amount of each antimicrobial active ingredient in  
22 the drug that is sold or distributed for use in food-  
23 producing animals, including information on any dis-  
24 tributor-labeled product.

1           “(B) Each report under this paragraph shall  
2 specify the amount of each antimicrobial active in-  
3 gredient—

4                   “(i) by container size, strength, and dosage  
5 form;

6                   “(ii) by quantities distributed to each State  
7 domestically and by quantities exported; and

8                   “(iii) by dosage form, including (for each  
9 dosage form) the known or estimated amounts  
10 of the antimicrobial active ingredient sold or  
11 distributed for use in each food-producing ani-  
12 mal for which the new animal drug is approved,  
13 including a description of the methods used to  
14 determine or estimate the amounts.

15           “(4)(A) Subject to subparagraph (B), in the  
16 case of animal feed in final formulation bearing or  
17 containing a new animal drug for which reporting is  
18 required under paragraph (3), a live poultry dealer,  
19 swine contractor, or feed lot operator who purchases,  
20 contracts, or manufactures such feed shall submit to  
21 the Secretary an annual report that specifies, by  
22 food-producing animal for which the new animal  
23 drug is approved and, where applicable as deter-  
24 mined by the Secretary, by production class of such  
25 animal—

1           “(i) the amount of each antimicrobial ac-  
2           tive ingredient contained per kilogram of each  
3           such feed sold or distributed for that animal  
4           and, where applicable, production class;

5           “(ii) the quantity of such feed sold or dis-  
6           tributed for that animal and, where applicable,  
7           production class; and

8           “(iii) for each such feed sold or distributed  
9           under a veterinary feed directive—

10           “(I) the indications for which the feed  
11           was sold or distributed and the quantities  
12           of such feed that were sold or distributed  
13           per each such indication;

14           “(II) the number of individuals of the  
15           food-producing animal and, where applica-  
16           ble, the production class to which the feed  
17           was intended; and

18           “(III) the length of time over which  
19           the feed was intended to be provided to the  
20           animals and the dose of the active anti-  
21           microbial ingredient the animals were in-  
22           tended to receive.

23           “(B)(i) Subparagraph (A) does not apply to a  
24           live poultry dealer, swine contractor, or feed lot op-  
25           erator if the total value of the live animals owned,

1 purchased, sold, contracted for, or otherwise con-  
2 trolled by the dealer, contractor, or operator, directly  
3 or through subsidiaries or affiliates, per year, does  
4 not exceed—

5 “(I) \$10,000,000; or

6 “(II) such other sum as the Secretary may  
7 specify through regulation.

8 “(ii) The Secretary may specify through regula-  
9 tion alternative reporting requirements, including via  
10 pilot programs or based on the results of pilot pro-  
11 grams—

12 “(I) to improve the accuracy of reports;

13 “(II) to lessen the burden of reporting;

14 “(III) to facilitate the Secretary’s ability to  
15 provide public summaries of the reports; or

16 “(IV) to improve the Secretary’s ability to  
17 use the reports, or the public’s ability to use the  
18 summaries under paragraph (5), to understand  
19 the relationship between sales, distribution, and  
20 end-use practices with respect to feed con-  
21 taining new animal drugs described in para-  
22 graph (1) and antimicrobial resistance trends in  
23 microbes in animals, animal food products, and  
24 humans.

1           “(5)(A) Each report under paragraph (3) or (4)  
2 shall—

3           “(i) be submitted electronically not later  
4 than March 31 each year;

5           “(ii) cover the period of the preceding cal-  
6 endar year;

7           “(iii) include separate information for each  
8 month of such calendar year; and

9           “(iv) be in such format as the Secretary  
10 may require.

11          “(B) In specifying a format under subpara-  
12 graph (A)(iv), the Secretary shall seek to ensure  
13 that such format enables the data reported to be in-  
14 tegrated or otherwise easily associated and compared  
15 with data from other Federal databases containing  
16 data on—

17           “(i) drug sales for human use; and

18           “(ii) rates of antimicrobial resistance in  
19 bacteria in and on animals, animal food prod-  
20 ucts, and people.

21          “(C) The Secretary may share information re-  
22 ported under paragraph (3) or (4) with the Anti-  
23 microbial Resistance Task Force established under  
24 section 319E of the Public Health Service Act.

1           “(D)(i) Not later than November 30 each year,  
2           the Secretary shall make publicly available sum-  
3           maries of the information reported under paragraphs  
4           (3) and (4).

5           “(ii) For each summary under clause (i), except  
6           as provided in clause (iii), the Secretary shall—

7                   “(I) report data by antimicrobial drug  
8                   class;

9                   “(II) for each such antimicrobial drug  
10                  class, specify—

11                           “(aa) the quantity of drugs sold or  
12                           distributed per dosage form;

13                           “(bb) the percentage of drugs sold or  
14                           distributed with labeled indications that  
15                           fall within each of the following categories:  
16                           growth promotion, feed efficiency, or other  
17                           production purposes; disease prevention;  
18                           disease control; and disease treatment;

19                           “(cc) the quantity of drugs sold or  
20                           distributed per each of the following mar-  
21                           keting categories: over-the-counter, pre-  
22                           scription, and veterinary feed directive;

23                           “(dd) the quantity of drugs sold or  
24                           distributed per State of sale or distribu-  
25                           tion; and

1 “(ee) the known or estimated quantity  
2 of drugs sold or distributed for each food-  
3 producing animal and, where feasible, pro-  
4 duction class of such animal; and

5 “(III) for each feed sold or distributed  
6 under a veterinary food directive for which re-  
7 porting is required under paragraph (4), in-  
8 clude the information reported pursuant to sub-  
9 clauses (I), (II), and (III) of paragraph  
10 (4)(A)(iii).

11 “(iii) For any antimicrobial drug class with  
12 fewer than 3 sponsors of approved new animal  
13 drugs, instead of reporting data under clause (ii),  
14 the Secretary shall for each such class—

15 “(I) report data by category of importance  
16 of the antimicrobial drugs within that class to  
17 human medicine, as determined by the Sec-  
18 retary; and

19 “(II) to the extent feasible for each such  
20 category, specify—

21 “(aa) the quantity of drugs sold or  
22 distributed per dosage form;

23 “(bb) the percentage of drugs sold or  
24 distributed with labeled indications that  
25 fall within each of the following categories:

1 growth promotion, feed efficiency, or other  
2 production purposes; disease prevention;  
3 disease control; and disease treatment;

4 “(cc) the quantity of drugs sold or  
5 distributed per each of the following mar-  
6 keting categories: over-the-counter, pre-  
7 scription, and veterinary feed directive; and

8 “(dd) the quantity of drugs sold or  
9 distributed per State of sale or distribu-  
10 tion.

11 “(iv) In carrying out this subparagraph, the  
12 Secretary shall report data in a manner consistent  
13 with protecting both national security and confiden-  
14 tial business information.

15 “(E) In this paragraph, the terms ‘live poultry  
16 dealer’ and ‘swine contractor’ have the meanings  
17 given to those terms in section 2 of the Packers and  
18 Stockyards Act, 1921.”.

19 (b) RULE OF APPLICATION.—The amendment made  
20 by this section applies to reports under paragraphs (3)  
21 and (4) of section 512(l) of the Federal Food, Drug, and  
22 Cosmetic Act (21 U.S.C. 360b(l)) (as amended by sub-  
23 section (a)) that cover the period of the first calendar year  
24 beginning after the date of enactment of this Act or any  
25 subsequent calendar year. The provisions of section

1 512(l)(3) of such Act, as in effect the day before the date  
2 of enactment of this Act, apply to reports that cover the  
3 period of any calendar year beginning before the calendar  
4 years described in the preceding sentence.

5 **SEC. 4. ENHANCED COLLABORATION BETWEEN THE FOOD**  
6 **AND DRUG ADMINISTRATION AND THE DE-**  
7 **PARTMENT OF AGRICULTURE.**

8 The Secretary of Health and Human Services, acting  
9 through the Commissioner of Food and Drugs, shall in-  
10 crease collaboration and coordination with the Secretary  
11 of Agriculture to expand and coordinate the collection of  
12 data on the use of antimicrobial drugs in or on cattle,  
13 swine, chickens, turkeys, and such other food-producing  
14 animal species as agreed to by the Secretary of Health  
15 and Human Services and the Secretary of Agriculture, in-  
16 cluding by providing information to the Secretary of Agri-  
17 culture for use by—

18 (1) the Animal and Plant Health Inspection  
19 Service to help inform its collection of data through  
20 the National Animal Health Monitoring System; and

21 (2) the Economic Research Service to help in-  
22 form its collection of data through the Agricultural  
23 Resource Management Survey.

1 **SEC. 5. REPORT BY GAO.**

2 (a) IN GENERAL.—Not later than 3 years after the  
3 date of enactment of this Act, the Comptroller General  
4 of the United States shall commence a study to evaluate—

5 (1) the voluntary approach used by the Food  
6 and Drug Administration to eliminate injudicious  
7 use of antimicrobial drugs in food-producing ani-  
8 mals; and

9 (2) the effectiveness of the data collection ac-  
10 tivities conducted by the Food and Drug Adminis-  
11 tration regarding antimicrobial resistance.

12 (b) REPORT.—Not later than 1 year after com-  
13 mencing the study required by subsection (a), the Comp-  
14 troller General of the United States shall submit to the  
15 Committee on Health, Education, Labor, and Pensions of  
16 the Senate and the Committee on Energy and Commerce  
17 of the House of Representatives a report that describes  
18 the results of such study.

○
