 4 3(a)(62)(B)(i) of the Wild and Scenic Rivers Act (16  
 5 U.S.C. 1274(a)(62)) is amended—

6 (1) by striking “the normal maximum” the first  
 7 place that it appears and all that follows through  
 8 “April, 1990.” and inserting the following: “the  
 9 boundary of FERC Project No. 2179 as it existed  
 10 on July 18, 2011, consisting of a point approxi-  
 11 mately 2,480 feet downstream of the confluence with  
 12 the North Fork of the Merced River, consisting of  
 13 approximately 7.4 miles.”; and

14 (2) by striking “the normal maximum operating  
 15 pool water surface level of Lake McClure” the sec-  
 16 ond time that it occurs and inserting “the boundary  
 17 of FERC Project No. 2179 as it existed on July 18,  
 18 2011, consisting of a point approximately 2,480 feet

4 **TITLE II—BONNEVILLE UNIT**  
5 **CLEAN HYDROPOWER FACILI-**  
6 **TATION ACT**

7 **SEC. 201. SHORT TITLE.**

8 This title may be cited as the “Bonneville Unit Clean  
9 Hydropower Facilitation Act”.

10 **SEC. 202. DIAMOND FORK SYSTEM DEFINED.**

11 For the purposes of this title, the term “Diamond  
12 Fork System” means the facilities described in chapter 4  
13 of the October 2004 Supplement to the 1988 Definite  
14 Plan Report for the Bonneville Unit.

15 **SEC. 203. COST ALLOCATIONS.**

16 Notwithstanding any other provision of law, in order  
17 to facilitate hydropower development on the Diamond  
18 Fork System, the amount of reimbursable costs allocated  
19 to project power in Chapter 6 of the Power Appendix in  
20 the October 2004 Supplement to the 1988 Bonneville Unit  
21 Definite Plan Report, with regard to power development  
22 upstream of the Diamond Fork System, shall be consid-  
23 ered final costs as well as costs in excess of the total max-  
24 imum repayment obligation as defined in section 211 of  
25 the Central Utah Project Completion Act of 1992 (Public

12 **SEC. 205. PROHIBITION ON TAX-EXEMPT FINANCING.**

13 No facility for the generation or transmission of hy-

22 chapter 1 of such Code.

23 **SEC. 206. REPORTING REQUIREMENT.**

24 If, 24 months after the date of the enactment of this  
25 title, hydropower production on the Diamond Fork System

1 has not commenced, the Secretary of the Interior shall  
2 submit a report to the Committee on Natural Resources  
3 of the House of Representatives and the Committee on  
4 Energy and Natural Resources of the Senate stating this  
5 fact, the reasons such production has not yet commenced,  
6 and a detailed timeline for future hydropower production.

7 **SEC. 207. PAYGO.**

8       The budgetary effects of this title, for the purpose

19 42 U.S.C. 16421a) shall not be used to fund any study  
20 or construction of transmission facilities developed as a  
21 result of this title.

1 **TITLE III—SOUTHEAST ALASKA**  
2 **NATIVE LAND ENTITLEMENT**  
3 **FINALIZATION AND JOBS**  
4 **PROTECTION ACT**

5 **SEC. 301. SHORT TITLE.**

6 This title may be cited as the “Southeast Alaska Na-  
7 tive Land Entitlement Finalization and Jobs Protection  
8 Act”.

9 **SEC. 302. DEFINITIONS.**

10 In this title:

11 (1) **CONSERVATION SYSTEM UNIT.**—The term  
12 “conservation system unit” has the meaning given  
13 the term in section 102 of the Alaska National In-  
14 terest Lands Conservation Act (16 U.S.C. 3102).

15 (2) **SEALASKA.**—The term “Sealaska” means  
16 the Sealaska Corporation, a Regional Native Cor-  
17 poration created under the Alaska Native Claims  
18 Settlement Act (43 U.S.C. 1601 et seq.).

19 (3) **SECRETARY.**—The term “Secretary” means  
20 the Secretary of the Interior.

21 **SEC. 303. FINDINGS; PURPOSE.**

22 (a) **FINDINGS.**—Congress finds that—

23 (1)(A) in 1971, Congress enacted the Alaska  
24 Native Claims Settlement Act (43 U.S.C. 1601 et  
25 seq.) to recognize and settle the aboriginal claims of

1 Alaska Natives to land historically used by Alaska  
2 Natives for traditional, cultural, and spiritual pur-  
3 poses; and

4 (B) that Act declared that the land settlement  
5 “should be accomplished rapidly, with certainty, in  
6 conformity with the real economic and social needs  
7 of Natives”;

8 (2) the Alaska Native Claims Settlement Act  
9 (43 U.S.C. 1601 et seq.)—

10 (A) authorized the distribution of approxi-  
11 mately \$1,000,000,000 and 44,000,000 acres of  
12 land to Alaska Natives; and

13 (B) provided for the establishment of Na-  
14 tive Corporations to receive and manage the  
15 funds and that land to meet the cultural, social,  
16 and economic needs of Native shareholders;

17 (3) under section 12 of the Alaska Native  
18 Claims Settlement Act (43 U.S.C. 1611), each Re-  
19 gional Corporation, other than Sealaska (the Re-  
20 gional Corporation for southeast Alaska), was au-  
21 thorized to receive a share of land based on the pro-  
22 portion that the number of Alaska Native share-  
23 holders residing in the region of the Regional Cor-  
24 poration bore to the total number of Alaska Native  
25 shareholders, or the relative size of the area to which

1 the Regional Corporation had an aboriginal land  
2 claim bore to the size of the area to which all Re-  
3 gional Corporations had aboriginal land claims;

4 (4)(A) Sealaska, the Regional Corporation for  
5 southeast Alaska, 1 of the Regional Corporations  
6 with the largest number of Alaska Native share-  
7 holders, with more than 21 percent of all original  
8 Alaska Native shareholders, received less than 1 per-  
9 cent of the lands set aside for Alaska Natives, and  
10 received no land under section 12 of the Alaska Na-  
11 tive Claims Settlement Act (43 U.S.C. 1611);

12 (B) the Tlingit and Haida Indian Tribes of  
13 Alaska was 1 of the entities representing the Alaska  
14 Natives of southeast Alaska before the date of enact-  
15 ment of the Alaska Native Claims Settlement Act  
16 (43 U.S.C. 1601 et seq.); and

17 (C) Sealaska did not receive land in proportion  
18 to the number of Alaska Native shareholders, or in  
19 proportion to the size of the area to which Sealaska  
20 had an aboriginal land claim, in part because of a  
21 United States Court of Claims cash settlement to  
22 the Tlingit and Haida Indian Tribes of Alaska in  
23 1968 for land previously taken to create the Tongass  
24 National Forest and Glacier Bay National Monu-  
25 ment;

1           (5) the 1968 Court of Claims cash settlement  
2 of \$7,500,000 did not—

3           (A) adequately compensate the Alaska Na-  
4 tives of southeast Alaska for the significant  
5 quantity of land and resources lost as a result  
6 of the creation of the Tongass National Forest  
7 and Glacier Bay National Monument or other  
8 losses of land and resources; or

9           (B) justify the significant disparate treat-  
10 ment of Sealaska under the Alaska Native  
11 Claims Settlement Act (43 U.S.C. 1611) in  
12 1971;

13          (6)(A) while each other Regional Corporation  
14 received a significant quantity of land under sections  
15 12 and 14 of the Alaska Native Claims Settlement  
16 Act (43 U.S.C. 1611, 1613), Sealaska only received  
17 land under section 14(h) of that Act (43 U.S.C.  
18 1613(h));

19          (B) section 14(h) of the Alaska Native Claims  
20 Settlement Act (43 U.S.C. 1613(h)) authorized the  
21 Secretary to withdraw and convey 2,000,000-acres  
22 of “unreserved and unappropriated” public lands in  
23 Alaska from which Alaska Native selections could be  
24 made for historic sites, cemetery sites, Urban Cor-

1       poration land, Native group land, and Native Allot-  
2       ments;

3               (C) under section 14(h)(8) of the Alaska Native  
4       Claims Settlement Act (43 U.S.C. 1613(h)(8)), after  
5       selections are made under paragraphs (1) through  
6       (7) of that section, the land remaining in the  
7       2,000,000-acre land pool is allocated based on the  
8       proportion that the original Alaska Native share-  
9       holder population of a Regional Corporation bore to  
10      the original Alaska Native shareholder population of  
11      all Regional Corporations;

12              (D) the only Native land entitlement of  
13      Sealaska derives from a proportion of leftover land  
14      remaining from the 2,000,000-acre land pool, esti-  
15      mated as of the date of enactment of this Act at ap-  
16      proximately 1,700,000 acres;

17              (E) because at the time of enactment of the  
18      Alaska Native Claims Settlement Act (43 U.S.C.  
19      1601 et seq.) all public land in the Tongass National  
20      Forest had been reserved for purposes of creating  
21      the national forest, the Secretary was not able to  
22      withdraw any public land in the Tongass National  
23      Forest for selection by and conveyance to Sealaska;

24              (F) at the time of enactment of the Alaska Na-  
25      tive Claims Settlement Act (43 U.S.C. 1601 et seq.)

1 other public lands in southeast Alaska not located in  
2 the Tongass National Forest were not suitable for  
3 selection by and conveyance to Sealaska because  
4 such lands were located in Glacier Bay National  
5 Monument, were included in a withdrawal effected  
6 pursuant to section 17(d)(2) of that Act (43 U.S.C.  
7 1616(d)(2)) and slated to become part of the  
8 Wrangell-St. Elias National Park, or essentially con-  
9 sisted of mountain tops;

10 (G) Sealaska in 1975 requested that Congress  
11 amend the Alaska Native Claims Settlement Act (43  
12 U.S.C. 1601 et seq.) to permit the Regional Cor-  
13 poration to select lands inside of the withdrawal  
14 areas established for southeast Alaska Native vil-  
15 lages under section 16 of that Act (43 U.S.C. 1615);  
16 and

17 (H) in 1976, Congress amended section 16 of  
18 the Alaska Native Claims Settlement Act (43 U.S.C.  
19 1615) to allow Sealaska to select lands under section  
20 14(h)(8) of that Act (43 U.S.C. 1613(h)(8)) from  
21 land located inside, rather than outside, the with-  
22 drawal areas established for southeast Alaska Native  
23 villages;

24 (7) the 10 Alaska Native village withdrawal  
25 areas in southeast Alaska surround the Alaska Na-

1       tive communities of Yakutat, Hoonah, Angoon,  
2       Kake, Kasaan, Klawock, Craig, Hydaburg, Klukwan,  
3       and Saxman;

4               (8)(A) the existing conveyance requirements of  
5       the Alaska Native Claims Settlement Act (43 U.S.C.  
6       1601 et seq.) for southeast Alaska limit the land eli-  
7       gible for conveyance to Sealaska to the original with-  
8       drawal areas surrounding 10 Alaska Native villages  
9       in southeast Alaska, which precludes Sealaska from  
10      selecting land located—

11               (i) in any withdrawal area established for  
12      the Urban Corporations for Sitka and Juneau,  
13      Alaska; or

14               (ii) outside the 10 Alaska Native village  
15      withdrawal areas; and

16               (B) unlike other Regional Corporations,  
17      Sealaska is not authorized to request land located  
18      outside the withdrawal areas described in subpara-  
19      graph (A) if the withdrawal areas are insufficient to  
20      complete the land entitlement of Sealaska under the  
21      Alaska Native Claims Settlement Act (43 U.S.C.  
22      1601 et seq.);

23               (9)(A) the deadline for applications for selection  
24      of cemetery sites and historic places on land outside  
25      withdrawal areas established under section 14 of the

1 Alaska Native Claims Settlement Act (43 U.S.C.  
2 1613) was July 1, 1976;

3 (B)(i) as of that date, the Bureau of Land  
4 Management notified Sealaska that the total entitle-  
5 ment of Sealaska would be approximately 200,000  
6 acres; and

7 (ii) Sealaska made entitlement allocation deci-  
8 sions for cultural sites and economic development  
9 sites based on that original estimate; and

10 (C) as a result of the Alaska Land Transfer Ac-  
11 celeration Act (Public Law 108–452; 118 Stat.  
12 3575) and subsequent related determinations and  
13 actions of the Bureau of Land Management, it be-  
14 came clear within the last decade that Sealaska will  
15 receive significantly more than 200,000 acres pursu-  
16 ant to the Alaska Native Claims Settlement Act (43  
17 U.S.C. 1601 et seq.);

18 (10) in light of the revised Bureau of Land  
19 Management estimate of the total number of acres  
20 that Sealaska will receive pursuant to the Alaska  
21 Native Claims Settlement Act (43 U.S.C. 1601 et  
22 seq.), and in consultation with Members of Alaska’s  
23 congressional delegation, Sealaska and its share-  
24 holders believe that it is appropriate to allocate more  
25 of the entitlement of Sealaska to—

1 (A) the acquisition of places of sacred, cul-  
2 tural, traditional, and historical significance;

3 (B) the acquisition of sites with traditional  
4 and recreational use value and sites suitable for  
5 renewable energy development; and

6 (C) the acquisition of lands that are not  
7 within the watersheds of Native and non-Native  
8 communities and are suitable economically and  
9 environmentally for natural resource develop-  
10 ment;

11 (11)(A) pursuant to section 11(a)(1) of the  
12 Alaska Native Claims Settlement Act (43 U.S.C.  
13 1610(a)(1)), Sealaska was not authorized to select  
14 under section 14(h)(1) of that Act (43 U.S.C.  
15 1613(h)(1)) any site within Glacier Bay National  
16 Park, despite the abundance of cultural sites within  
17 that Park;

18 (B) Sealaska seeks cooperative agreements to  
19 ensure that cultural sites within Glacier Bay Na-  
20 tional Park are subject to cooperative management  
21 by Sealaska, Village and Urban Corporations, and  
22 federally recognized tribes with ties to the cultural  
23 sites and history of the Park; and

24 (C) Congress recognizes that there is an exist-  
25 ing Memorandum of Understanding (MOU) between

1 the Park Service and the Hoonah Indian Associa-  
2 tion, and does not intend to circumvent the MOU;  
3 rather the intent is to ensure that this and similar  
4 mechanisms for cooperative management in Glacier  
5 Bay are required by law;

6 (12)(A) the cemetery sites and historic places  
7 conveyed to Sealaska pursuant to section 14(h)(1) of  
8 the Alaska Native Claims Settlement Act (43 U.S.C.  
9 1613(h)(1)) are subject to a restrictive covenant not  
10 required by the Alaska Native Claims Settlement  
11 Act (43 U.S.C. 1601 et seq.) that hinders the ability  
12 of Sealaska to use the sites for cultural, educational,  
13 or research purposes for Alaska Natives and others;

14 (B) historic sites managed by the Forest Serv-  
15 ice are not subject to the limitations referred to in  
16 subparagraph (A); and

17 (C) Alaska Natives of southeast Alaska should  
18 be permitted to use cemetery sites and historic  
19 places in a manner that is—

20 (i) consistent with the sacred, cultural, tra-  
21 ditional, or historic nature of the site; and

22 (ii) not inconsistent with the management  
23 plans for adjacent public land;

24 (13) 44 percent (820,000 acres) of the 10 Alas-  
25 ka Native village withdrawal areas established under

1 the Alaska Native Claims Settlement Act (43 U.S.C.  
2 1601 et seq.) described in paragraphs (7) and (8)  
3 are composed of salt water and not available for se-  
4 lection;

5 (14) of land subject to the selection rights of  
6 Sealaska, 110,000 acres are encumbered by guber-  
7 natorial consent requirements under the Alaska Na-  
8 tive Claims Settlement Act (43 U.S.C. 1601 et seq.);

9 (15) in each withdrawal area, there exist factors  
10 that limit the ability of Sealaska to select sufficient  
11 land, and, in particular, economically viable land, to  
12 fulfill the land entitlement of Sealaska, including  
13 factors such as—

14 (A) with respect to the Yakutat withdrawal  
15 area—

16 (i) 46 percent of the area is salt  
17 water;

18 (ii) 10 sections (6,400 acres) around  
19 the Situk Lake were restricted from selec-  
20 tion, with no consideration provided for the  
21 restriction; and

22 (iii)(I) 70,000 acres are subject to a  
23 gubernatorial consent requirement before  
24 selection; and

1 (II) Sealaska received no consider-  
2 ation with respect to the consent restric-  
3 tion;

4 (B) with respect to the Hoonah withdrawal  
5 area, 51 percent of the area is salt water;

6 (C) with respect to the Angoon withdrawal  
7 area—

8 (i) 120,000 acres of the area is salt  
9 water;

10 (ii) Sealaska received no consideration  
11 regarding the prohibition on selecting land  
12 from the 80,000 acres located within the  
13 Admiralty Island National Monument; and

14 (iii)(I) the Village Corporation for  
15 Angoon was allowed to select land located  
16 outside the withdrawal area on Prince of  
17 Wales Island, subject to the condition that  
18 the Village Corporation shall not select  
19 land located on Admiralty Island; but

20 (II) no alternative land adjacent to  
21 the out-of-withdrawal land of the Village  
22 Corporation was made available for selec-  
23 tion by Sealaska;

24 (D) with respect to the Kake withdrawal  
25 area—

1 (i) 64 percent of the area is salt  
2 water; and

3 (ii) extensive timber harvesting by the  
4 Forest Service occurred in the area before  
5 1971 that significantly reduced the value  
6 of land available for selection by, and con-  
7 veyance to, Sealaska;

8 (E) with respect to the Kasaan withdrawal  
9 area—

10 (i) 54 percent of the area is salt  
11 water; and

12 (ii) the Forest Service previously har-  
13 vested in the area;

14 (F) with respect to the Klawock with-  
15 drawal area—

16 (i) the area consists of only 5 town-  
17 ships, as compared to the usual withdrawal  
18 area of 9 townships, because of the prox-  
19 imity of the Klawock withdrawal area to  
20 the Village of Craig, which reduces the se-  
21 lection area by 92,160 acres; and

22 (ii) the Klawock and Craig withdrawal  
23 areas are 35 percent salt water;

24 (G) with respect to the Craig withdrawal  
25 area, the withdrawal area consists of only 6

1 townships, as compared to the usual withdrawal  
2 area of 9 townships, because of the proximity of  
3 the Craig withdrawal area to the Village of  
4 Klawock, which reduces the selection area by  
5 69,120 acres;

6 (H) with respect to the Hydaburg with-  
7 drawal area—

8 (i) 36 percent of the area is salt  
9 water; and

10 (ii) Sealaska received no consideration  
11 under the Haida Land Exchange Act of  
12 1986 (Public Law No. 99-664; 100 Stat.  
13 4303) for relinquishing selection rights to  
14 land within the withdrawal area that the  
15 Haida Corporation exchanged to the For-  
16 est Service;

17 (I) with respect to the Klukwan withdrawal  
18 area—

19 (i) 27 percent of the area is salt  
20 water; and

21 (ii) the withdrawal area is only 70,000  
22 acres, as compared to the usual withdrawal  
23 area of 207,360 acres, which reduces the  
24 selection area by 137,360 acres; and

1 (J) with respect to the Saxman withdrawal  
2 area—

3 (i) 29 percent of the area is salt  
4 water;

5 (ii) Sealaska received no consideration  
6 for the 50,576 acres within the withdrawal  
7 area adjacent to the first-class city of  
8 Ketchikan that were excluded from selec-  
9 tion;

10 (iii) Sealaska received no consider-  
11 ation with respect to the 1977 amendment  
12 to the Alaska Native Claims Settlement  
13 Act (43 U.S.C. 1601 et seq.) requiring gu-  
14 bernatorial consent for selection of 58,000  
15 acres in that area; and

16 (iv) 23,888 acres are located within  
17 the Annette Island Indian Reservation for  
18 the Metlakatla Indian Tribe and are not  
19 available for selection;

20 (16) the selection limitations and guidelines ap-  
21 plicable to Sealaska under the Alaska Native Claims  
22 Settlement Act (43 U.S.C. 1601 et seq.)—

23 (A) are inequitable and inconsistent with  
24 the purposes of that Act because there is insuf-  
25 ficient land remaining in the withdrawal areas

1 to meet the traditional, cultural, and socio-  
2 economic needs of the shareholders of Sealaska;  
3 and

4 (B) make it difficult for Sealaska to se-  
5 lect—

6 (i) places of sacred, cultural, tradi-  
7 tional, and historical significance;

8 (ii) sites with traditional and recre-  
9 ation use value and sites suitable for re-  
10 newable energy development; and

11 (iii) lands that meet the real economic  
12 needs of the shareholders of Sealaska;

13 (17) unless Sealaska is allowed to select land  
14 outside designated withdrawal areas in southeast  
15 Alaska, Sealaska will not be able to—

16 (A) complete the land entitlement selec-  
17 tions of Sealaska under the Alaska Native  
18 Claims Settlement Act (43 U.S.C. 1601 et seq.)  
19 in a manner that meets the cultural, social, and  
20 economic needs of Native shareholders;

21 (B) avoid land selections in watersheds  
22 that are the exclusive drinking water supply for  
23 regional communities, support world class salm-  
24 on streams, have been identified as important  
25 habitat, or would otherwise be managed by the

1 Forest Service as roadless and old growth forest  
2 reserves;

3 (C) secure ownership of places of sacred,  
4 cultural, traditional, and historical importance  
5 to the Alaska Natives of southeast Alaska; and

6 (D) continue to support forestry jobs and  
7 economic opportunities for Alaska Natives and  
8 other residents of rural southeast Alaska;

9 (18)(A) the rate of unemployment in southeast  
10 Alaska exceeds the statewide rate of unemployment  
11 on a non-seasonally adjusted basis;

12 (B) in January 2011, the Alaska Department  
13 of Labor and Workforce Development reported the  
14 unemployment rate for the Prince of Wales—Outer  
15 Ketchikan census area at approximately 16.2 per-  
16 cent;

17 (C) in October 2007, the Alaska Department of  
18 Labor and Workforce Development projected popu-  
19 lation losses between 1996 and 2030 for the Prince  
20 of Wales—Outer Ketchikan census area at 56.6 per-  
21 cent;

22 (D) official unemployment rates severely under-  
23 report the actual level of regional unemployment,  
24 particularly in Native villages; and

1           (E) additional job losses will exacerbate out-  
2 migration from Native and non-Native communities  
3 in southeast Alaska;

4           (19) Sealaska has played, and is expected to  
5 continue to play, a significant role in the health of  
6 the southeast Alaska economy;

7           (20) despite the small land base of Sealaska as  
8 compared to other Regional Corporations (less than  
9 1 percent of the total quantity of land allocated pur-  
10 suant to the Alaska Native Claims Settlement Act  
11 (43 U.S.C. 1601 et seq.)), Sealaska has—

12                   (A) provided considerable benefits to Alas-  
13 ka Native shareholders;

14                   (B) supported hundreds of jobs for Alaska  
15 Native shareholders and non-shareholders in  
16 southeast Alaska for more than 30 years; and

17                   (C) been a significant economic force in  
18 southeast Alaska;

19           (21) pursuant to the revenue sharing provisions  
20 of section 7(i) of the Alaska Native Claims Settle-  
21 ment Act (43 U.S.C. 1606(i)), Sealaska has distrib-  
22 uted more than \$300,000,000 during the period be-  
23 ginning on January 1, 1971, and ending on Decem-  
24 ber 31, 2005, to Native Corporations throughout the  
25 State of Alaska from the development of natural re-

1 sources, which accounts for 42 percent of the total  
2 revenues shared under that section during that pe-  
3 riod;

4 (22) resource development operations main-  
5 tained by Sealaska—

6 (A) support hundreds of jobs in the south-  
7 east Alaska region;

8 (B) make timber available to local and do-  
9 mestic sawmills and other wood products busi-  
10 nesses such as guitar manufacturers;

11 (C) support firewood programs for local  
12 communities;

13 (D) support maintenance of roads utilized  
14 by local communities for subsistence and recre-  
15 ation uses;

16 (E) support development of new biomass  
17 energy opportunities in southeast Alaska, re-  
18 ducing dependence on high-cost diesel fuel for  
19 the generation of energy;

20 (F) provide start-up capital for innovative  
21 business models in southeast Alaska that create  
22 new opportunities for non-timber economic de-  
23 velopment in the region, including support for  
24 renewable biomass initiatives, Alaska Native ar-  
25 tisans, and rural mariculture farming; and

1 (G) support Native education and cultural  
2 and language preservation activities;

3 (23) if the resource development operations of  
4 Sealaska cease on land appropriate for those oper-  
5 ations, there will be a significant negative impact  
6 on—

7 (A) southeast Alaska Native shareholders;

8 (B) the cultural preservation activities of  
9 Sealaska;

10 (C) the economy of southeast Alaska; and

11 (D) the Alaska Native community that  
12 benefits from the revenue-sharing requirements  
13 under the Alaska Native claims Settlement Act  
14 (43 U.S.C. 1601 et seq.);

15 (24) it is critical that the remaining land enti-  
16 tlement conveyances to Sealaska under the Alaska  
17 Native Claims Settlement Act (43 U.S.C. 1601 et  
18 seq.) are fulfilled to continue to meet the economic,  
19 social, and cultural needs of the Alaska Native  
20 shareholders of southeast Alaska and the Alaska Na-  
21 tive community throughout Alaska;

22 (25) in order to realize cultural preservation  
23 goals while also diversifying economic opportunities,  
24 Sealaska should be authorized to select and receive  
25 conveyance of—

1 (A) sacred, cultural, traditional, and his-  
2 toric sites and other places of traditional cul-  
3 tural significance, including traditional and cus-  
4 tomary trade and migration routes, to facilitate  
5 the perpetuation and preservation of Alaska  
6 Native culture and history;

7 (B) other sites with traditional and recre-  
8 ation use value and sites suitable for renewable  
9 energy development to facilitate appropriate  
10 tourism and outdoor recreation enterprises and  
11 renewable energy development for rural south-  
12 east Alaska communities; and

13 (C) lands that are suitable economically  
14 and environmentally for natural resource devel-  
15 opment;

16 (26) on completion of the conveyances of land  
17 of Sealaska to fulfill the full land entitlement of  
18 Sealaska under the Alaska Native Claims Settlement  
19 Act (43 U.S.C. 1601 et seq.), the encumbrances on  
20 327,000 acres of Federal land created by the with-  
21 drawal of land for selection by Native Corporations  
22 in southeast Alaska should be removed, which will  
23 facilitate thorough and complete planning and effi-  
24 cient management relating to national forest land in  
25 southeast Alaska by the Forest Service;

1           (27) although the Tribal Forest Protection Act  
2           (25 U.S.C. 3101 note; Public Law 108–278) defines  
3           the term “Indian tribe” to include Indian tribes  
4           under section 4 of the Indian Self-Determination  
5           and Education Assistance Act (25 U.S.C. 450b), a  
6           term which includes “any Alaska Native village or  
7           regional or village corporation as defined in or estab-  
8           lished pursuant to the Alaska Native Claims Settle-  
9           ment Act \* \* \*”, the Tribal Forest Protection Act  
10          does not define the term “Indian forest land or  
11          rangeland” to include lands owned by Alaska Native  
12          Corporations, including Sealaska, which are the pri-  
13          mary Indian forest land owners in Alaska, and  
14          therefore, the Tribal Forest Protection Act should be  
15          amended in a manner that will—

16                 (A) permit Native Corporations, including  
17                 Sealaska, as Indian forest land owners in Alas-  
18                 ka, to work with the Secretary of Agriculture  
19                 under the Tribal Forest Protection Act to ad-  
20                 dress forest fire and insect infestation issues,  
21                 including the spread of the spruce bark beetle  
22                 in southeast and southcentral Alaska, which  
23                 threaten the health of the Native forestlands;  
24                 and

1           (B) ensure that Native Corporations, in-  
2           cluding Sealaska, can participate in programs  
3           administered by the Secretary of Agriculture  
4           under the Tribal Forest Protection Act without  
5           including Native Corporations under the defini-  
6           tion in that Act of “Indian forest land or range-  
7           land” or otherwise amending that Act in a  
8           manner that validates, invalidates, or otherwise  
9           affects any claim regarding the existence of In-  
10          dian country in the State of Alaska; and

11          (28) the National Historic Preservation Act (16  
12          U.S.C. 470 et seq.) defines the term “Indian tribe”  
13          to include any “Native village, Regional Corporation  
14          or Village Corporation, as those terms are defined in  
15          section 3 of the Alaska Native Claims Settlement  
16          Act” but does not define the term “Tribal lands” to  
17          include lands owned by Alaska Native Corporations,  
18          thereby excluding from the National Historic Preser-  
19          vation Act cemetery sites and historical places trans-  
20          ferred to Native Corporations, including Sealaska,  
21          pursuant to the Alaska Native Claims Settlement  
22          Act, and therefore, the National Historic Preserva-  
23          tion Act should be amended in a manner that will—

24                 (A) permit Native Corporations, including  
25                 Sealaska, as owners of Indian cemetery sites

1 and historical places in Alaska, to work with  
2 the Secretary of the Interior under the National  
3 Historic Preservation Act to secure grants and  
4 other support to manage their own historic sites  
5 and programs pursuant to that Act; and

6 (B) ensure that Native Corporations, in-  
7 cluding Sealaska, can participate in programs  
8 administered by the Secretary of the Interior  
9 under the National Historic Preservation Act  
10 without including Native Corporations under  
11 the definition in that Act of “Tribal lands” or  
12 otherwise amending that Act in a manner that  
13 validates, invalidates, or otherwise affects any  
14 claim regarding the existence of Indian country  
15 in the State of Alaska.

16 (b) PURPOSE.—The purpose of this title is to address  
17 the inequitable treatment of Sealaska by allowing Sealaska  
18 to select the remaining land entitlement of Sealaska under  
19 section 14 of the Alaska Native Claims Settlement Act (43  
20 U.S.C. 1613) from designated Federal land in southeast  
21 Alaska located outside the 10 southeast Alaska Native vil-  
22 lage withdrawal areas in a manner that meets the cultural,  
23 social, and economic needs of Native shareholders, includ-  
24 ing the need to maintain jobs supported by Sealaska in  
25 rural southeast Alaska communities.

1 **SEC. 304. SELECTIONS IN SOUTHEAST ALASKA.**

2 (a) SELECTION BY SEALASKA.—

3 (1) IN GENERAL.—Notwithstanding section  
4 14(h)(8) of the Alaska Native Claims Settlement Act  
5 (43 U.S.C. 1613(h)(8)), Sealaska is authorized to  
6 select and receive conveyance of the remaining land  
7 entitlement of Sealaska under that Act (43 U.S.C.  
8 1601 et seq.) from Federal land located in southeast  
9 Alaska from each category described in subsections  
10 (b) and (c).

15 but not limited to—

16 (A) reservation of public easements across  
17 land pursuant to section 17(b) of the Alaska  
18 Native Claims Settlement Act (43 U.S.C.  
19 1616(b));

20 (B) valid existing rights pursuant to sec-  
21 tion 14(g) of the Alaska Native Claims Settle-  
22 ment Act (43 U.S.C. 1613(g)); and

24 907(d) of the Alaska National Interest and  
25 Lands Conservation Act (43 U.S.C. 1636(d)).

1 (b) WITHDRAWAL OF LAND.—The following public  
2 land is withdrawn, subject to valid existing rights, from  
3 all forms of appropriation under public land laws, includ-  
4 ing the mining and mineral leasing laws, and from selec-  
5 tion under the Act of July 7, 1958 (commonly known as  
6 the “Alaska Statehood Act”) (48 U.S.C. note prec. 21;  
7 Public Law 85–508), and shall be available for selection  
8 by and conveyance to Sealaska to complete the remaining  
9 land entitlement of Sealaska under section 14(h)(8) of the  
10 Alaska Native Claims Settlement Act (43 U.S.C.  
11 1613(h)(8)):

12 (1) Land identified on the maps dated Feb-  
13 ruary 1, 2011, and labeled “Attachment A (Maps 1  
14 through 8)”.

15 (2) Sites with traditional, recreational, and re-  
16 newable energy use value, as identified on the map  
17 entitled “Sites with Traditional, Recreational, and  
18 Renewable Energy Use Value”, dated February 1,  
19 2011, and labeled “Attachment D”, subject to the  
20 condition that not more than 5,000 acres shall be se-  
21 lected for those purposes.

22 (3) Sites identified on the map entitled “Tradi-  
23 tional and Customary Trade and Migration Routes”,  
24 dated February 1, 2011, and labeled “Attachment  
25 C”, which includes an identification of—

1 (A) a conveyance of land 25 feet in width,  
2 together with 1-acre sites at each terminus and  
3 at 8 locations along the route, with the route,  
4 location, and boundaries of the conveyance de-  
5 scribed on the map inset entitled “Yakutat to  
6 Dry Bay Trade and Migration Route” on the

1 Routes”, dated February 1, 2011, and labeled  
2 “Attachment C”.

3 (c) SITES WITH SACRED, CULTURAL, TRADITIONAL,  
4 OR HISTORIC SIGNIFICANCE.—Subject to the criteria and  
5 procedures applicable to land selected pursuant to section  
6 14(h)(1) of the Alaska Native Claims Settlement Act (43  
7 U.S.C. 1613(h)(1)) and set forth in the regulations pro-  
8 mulgated at section 2653.5 of title 43, Code of Federal  
9 Regulations (as in effect on the date of enactment of this  
10 Act), except as otherwise provided in this title—

11 (1) Sealaska shall have a right to identify up to  
12 3,600 acres of sites with sacred, cultural, traditional,  
13 or historic significance, including archeological sites,  
14 cultural landscapes, and natural features having cul-  
15 tural significance; and

16 (2) on identification of the land by Sealaska  
17 under paragraph (1), the identified land shall be—

18 (A) withdrawn, subject to valid existing  
19 rights, from all forms of appropriation under  
20 public land laws, including the mining and min-  
21 eral leasing laws, and from selection under the  
22 Act of July 7, 1958 (commonly known as the  
23 “Alaska Statehood Act”) (48 U.S.C. note prec.  
24 21; Public Law 85–508); and

1 (B) available for selection by and convey-  
2 ance to Sealaska to complete the remaining  
3 land entitlement of Sealaska under section  
4 14(h)(8) of the Alaska Native Claims Settle-  
5 ment Act (43 U.S.C. 1613(h)(8)) subject to the  
6 conditions that—

7 (i) no sites with sacred, cultural, tra-  
8 ditional, or historic significance may be se-  
9 lected from within a unit of the National  
10 Park System; and

11 (ii) beginning on the date that is 15  
12 years after the date of enactment of this  
13 Act, Sealaska shall be limited to identi-  
14 fying not more than 360 acres of sites with  
15 sacred, cultural, traditional, or historic sig-  
16 nificance under this subsection.

17 (d) FOREST DEVELOPMENT ROADS.—Sealaska shall  
18 receive from the United States, subject to all necessary  
19 State and Federal permits, nonexclusive easements to  
20 Sealaska to allow—

21 (1) access on the forest development road and  
22 use of the log transfer site identified in paragraphs  
23 (3)(b), (3)(c) and (3)(d) of the patent numbered 50-  
24 85-0112 and dated January 4, 1985;

1           (2) access on the forest development road iden-  
2           tified in paragraphs (2)(a) and (2)(b) of the patent

4           1992;

5           (3) access on the forest development road iden-  
6           tified in paragraph (2)(a) of the patent numbered  
7           50–94–0046 and dated December 17, 1993;

8           (4) access on the forest development roads and  
9           use of the log transfer facilities identified on the  
10          maps dated February 1, 2011, and labeled “Attach-  
11          ment A (Maps 1 through 8)”;

12          (5) a reservation of a right to construct a new  
13          road to connect to existing forest development roads  
14          as generally identified on the maps identified in  
15          paragraph (4); and

16          (6) access to and reservation of a right to con-  
17          struct a new log transfer facility and log storage  
18          area at the location identified on the maps identified  
19          in paragraph (4).

20 **SEC. 305. CONVEYANCES TO SEALASKA.**

21          (a) **TIMELINE FOR CONVEYANCE.**—

22               (1) **IN GENERAL.**—Subject to paragraphs (2),  
23               (3), and (4), the Secretary shall work with Sealaska  
24               to develop a mutually agreeable schedule to complete  
25               the conveyance of land to Sealaska under this title.

1           (2) FINAL PRIORITIES.—Consistent with the  
2 provisions of section 403 of the Alaska Land Trans-  
3 fer Acceleration Act (43 U.S.C. 1611 note; Public  
4 Law 108–452), not later than 18 months after the  
5 date of enactment of this Act, Sealaska shall submit  
6 to the Secretary the final, irrevocable priorities for  
7 selection of land withdrawn under section 304(b)(1).

8           (3) SUBSTANTIAL COMPLETION REQUIRED.—  
9 Not later than two years after the date of selection  
10 by Sealaska of land withdrawn under section  
11 304(b)(1), the Secretary shall substantially complete  
12 the conveyance of the land to Sealaska under this  
13 title.

14           (4) EFFECT.—Nothing in this title shall inter-  
15 fere with or cause any delay in the duty of the Sec-  
16 retary to convey land to the State of Alaska under  
17 section 6 of the Act of July 7, 1958 (commonly  
18 known as the “Alaska Statehood Act”) (48 U.S.C.  
19 note prec. 21; Public Law 85–508).

20           (b) EXPIRATION OF WITHDRAWALS.—On completion  
21 of the selection by Sealaska and the conveyances to  
22 Sealaska of land under subsection (a) in a manner that  
23 is sufficient to fulfill the land entitlement of Sealaska  
24 under section 14(h)(8) of the Alaska Native Claims Settle-  
25 ment Act (43 U.S.C. 1613(h)(8))—

1           (1) the right of Sealaska to receive any land  
2           under that Act from within a withdrawal area estab-

19 (5) constructing exhibits for the Monument; or

20 (6) developing the general management plan  
21 under subsection (c).

22 (e) USE OF NON-FEDERAL FUNDS.—Non-Federal  
23 funds may be used to pay any costs that may be incurred  
24 by the Secretary or the National Park Service in carrying  
25 out this section.

1 (f) EFFECT ON ELIGIBILITY FOR FINANCIAL ASSIST-  
2 ANCE.—Nothing in this title affects the eligibility of the  
3 Monument for Federal grants or other forms of financial  
4 assistance that the Monument would have been eligible to  
5 apply for had National Park System status not been con-  
6 ferred to the Monument under this title.

7 (g) TERMINATION OF NATIONAL PARK SYSTEM STA-  
8 TUS.—

9 (1) IN GENERAL.—Designation of the Monu-  
10 ment as a unit of the National Park System shall  
11 terminate if the Secretary determines that Federal  
12 funds are required to operate and maintain the  
13 Monument.

14 (2) REVERSION.—If the designation of the  
15 Monument as a unit of the National Park System is  
16 terminated under paragraph (1), any land acquired  
17 by the Secretary from the City under subsection  
18 (b)(2) shall revert to the City.

19 (h) PRIVATE PROPERTY PROTECTION.—No private  
20 property may be made part of the Monument without the  
21 written consent of the owner of that private property.

22 **SEC. 506. NO BUFFER ZONES.**

23 Nothing in this title, the establishment of national  
24 monument, or the management plan shall be construed  
25 create buffer zones outside of the national monument.

1 That an activity or use can be seen or heard from within  
2 the Monument shall not preclude the conduct of that activ-  
3 ity or use outside the Monument.

4 **TITLE VI—NORTH CASCADES**  
5 **NATIONAL PARK ACCESS**

6 **SEC. 601. FINDINGS.**

7 Congress finds as follows:

8 (1) In 1988, 93 percent of the North Cascades  
9 National Park Complex was designated the Stephen  
10 Mather Wilderness.

11 (2) A road corridor was deliberately excluded  
12 from the wilderness designation to provide for the  
13 continued use and maintenance of the upper  
14 Stehekin Valley Road.

15 (3) The upper Stehekin Valley Road provides  
16 access to Stephen Mather Wilderness trailheads and  
17 North Cascades National Park from the Lake Che-  
18 lan National Recreation Area.

19 (4) Record flooding in 1995 and again in 2003  
20 caused severe damage to the upper Stehekin Valley  
21 Road and led to the closure of a 9.9-mile section of  
22 the road between Car Wash Falls and Cottonwood  
23 Camp.

24 (5) The National Park Service currently does  
25 not have the flexibility to rebuild the upper Stehekin

1 Valley Road away from the Stehekin River due to  
2 the current location of the non-wilderness road cor-  
3 ridor provided by Congress in 1988.

4 (6) It is a high priority that the people of the  
5 United States, including families, the disabled, and  
6 the elderly, have reasonable access to the National  
7 Parks system and their public lands.

8 (7) The 1995 Lake Chelan National Recreation  
9 Area General Management Plan calls for retaining  
10 vehicle access to Cottonwood Camp.

11 (8) Tourism associated with the North Cas-  
12 cades National Park Complex is an important part  
13 of the economy for rural communities in the area.

14 (9) Additional management flexibility would  
15 allow the National Park Service to consider reten-  
16 tion of the upper Stehekin Valley Road in a manner  
17 that provides for no net loss of wilderness.

18 **SEC. 602. AUTHORIZATION FOR BOUNDARY ADJUSTMENTS.**

19 The Washington Park Wilderness Act of 1988 (Pub-  
20 lic Law 100–668) is amended by inserting after section  
21 206 the following:

22 **“SEC. 207. BOUNDARY ADJUSTMENTS FOR ROAD.**

23 “(a) IN GENERAL.—The Secretary may adjust the  
24 boundaries of the North Cascades National Park and the  
25 Stephen Mather Wilderness in order to provide a corridor

1 of not more than 100 feet in width along which the  
2 Stehekin Valley Road may be rebuilt—

3 “(1) outside of the floodplain between milepost  
4 12.9 and milepost 22.8;

5 “(2) within one mile of the route, on the date  
6 of the enactment of this section, of the Stehekin Val-  
7 ley Road;

8 “(3) within the boundaries of the North Cas-  
9 cades National Park; and

10 “(4) outside of the boundaries of the Stephen  
11 Mather Wilderness.

12 “(b) NO NET LOSS OF LANDS.—

13 “(1) IN GENERAL.—The boundary adjustments  
14 made under this section shall be such that equal  
15 amounts of federally owned acreage are exchanged  
16 between the Stephen Mather Wilderness and the  
17 North Cascades National Park, resulting in no net  
18 loss of acreage to either the Stephen Mather Wilder-  
19 ness or the North Cascades National Park.

20 “(2) STEHEKIN VALLEY ROAD LANDS.—The  
21 newly designated wilderness shall include the lands  
22 along the route of the Stehekin Valley Road that are  
23 replaced by the reconstruction.

24 “(3) EQUALIZATION OF LAND.—If the lands de-  
25 scribed in paragraph (2) contain fewer acres than

1 the corridor described in subsection (a), the Sec-  
2 retary may designate additional Federal lands in the  
3 North Cascades National Park as wilderness, but  
4 such designation may not exceed the amount needed  
5 to equalize the exchange and these additional lands  
6 must be selected from lands that qualify as wilder-  
7 ness under section 2(c) of the Wilderness Act (16  
8 U.S.C. 1131(c)).

9 “(c) NO SALE OR ACQUISITION AUTHORIZED.—  
10 Nothing in this title authorizes the sale or acquisition of  
11 any land or interest in land.

12 “(d) NO PRIORITY REQUIRED.—Nothing in this title  
13 shall be construed as requiring the Secretary to give this  
14 project precedence over the construction or repair of other  
15 similarly damaged roads in units of the National Park  
16 System.”.

17 **TITLE VII—ENDANGERED SALM-**  
18 **ON AND FISHERIES PREDA-**  
19 **TION PREVENTION ACT**

20 **SEC. 701. SHORT TITLE.**

21 This title may be cited as the “Endangered Salmon  
22 and Fisheries Predation Prevention Act”.

23 **SEC. 702. FINDINGS.**

24 The Congress finds the following:

1           (1) There are 13 groups of salmon and  
2 steelhead that are listed as threatened species or en-  
3 dangered species under the Endangered Species Act  
4 of 1973 that migrate through the lower Columbia  
5 River.

6           (2) The people of the Northwest United States  
7 are united in their desire to restore healthy salmon  
8 and steelhead runs, as they are integral to the re-  
9 gion's culture and economy.

10          (3) The Columbia River treaty tribes retain im-  
11 portant rights with respect to salmon and steelhead.

12          (4) Federal, State, and tribal governments have  
13 spent billions of dollars to assist the recovery of Co-  
14 lumbia River salmon and steelhead populations.

15          (5) One of the factors impacting salmonid pop-  
16 ulations is increased predation by marine mammals,  
17 including California sea lions.

18          (6) The population of California sea lions has  
19 increased 6-fold over the last 3 decades, and is cur-  
20 rently greater than 250,000 animals.

21          (7) In recent years, more than 1,000 California  
22 sea lions have been foraging in the lower 145 miles  
23 of the Columbia River up to Bonneville Dam during  
24 the peak spring salmonid run before returning to the  
25 California coast to mate.

1           (8) The percentage of the spring salmonid run  
2 that has been eaten or killed by California sea lions  
3 at Bonneville Dam has increased 7-fold since 2002.

4           (9) In recent years, California sea lions have  
5 with greater frequency congregated near Bonneville  
6 Dam and have entered the fish ladders.

7           (10) These California sea lions have not been  
8 responsive to extensive hazing methods employed  
9 near Bonneville Dam to discourage this behavior.

10           (11) The process established under the 1994  
11 amendment to the Marine Mammal Protection Act  
12 of 1972 to address aggressive sea lion behavior is  
13 protracted and will not work in a timely enough  
14 manner to protect threatened and endangered  
15 salmonids in the near term.

16           (12) In the interest of protecting Columbia  
17 River threatened and endangered salmonids, a tem-  
18 porary expedited procedure is urgently needed to  
19 allow removal of the minimum number of California  
20 sea lions as is necessary to protect the passage of  
21 threatened and endangered salmonids in the Colum-  
22 bia River and its tributaries.

23           (13) On December 21, 2010, the independent  
24 Pinniped-Fishery Interaction Task Force rec-

1 ommended lethally removing more of the California  
2 sea lions in 2011.

3 (14) On August 18, 2011, the States of Wash-  
4 ington, Oregon, and Idaho applied to the National  
5 Marine Fisheries Service, under section  
6 120(b)(1)(A) of the Marine Mammal Protection Act  
7 of 1972 (16 U.S.C. 1389(b)(1)(A)), for the lethal re-  
8 moval of sea lions that the States determined are  
9 having a “significant negative impact” on the recov-  
10 ery of Columbia River and Snake River salmon and  
11 steelhead.

12 (15) On September 12, 2011, the National Ma-  
13 rine Fisheries Service announced it was accepting  
14 the States’ application for lethal removal of sea lions  
15 and that it would reconvene the Pinniped-Fishery  
16 Interaction Task Force to consider the States’ appli-  
17 cation. This title will ensure the necessary authority  
18 for permits under the Marine Mammal Protection  
19 Act of 1972 to be issued in a timely fashion.

20 (16) During a June 14, 2011, hearing, the  
21 Committee on Natural Resources of the House of  
22 Representatives received testimony from State and  
23 tribal witnesses expressing concern that significant  
24 pinniped predation of important Northwest fish re-  
25 sources other than salmonids is severely impacting

1 fish stocks determined by both Federal and State  
2 fishery management agencies to be at low levels of  
3 abundance, and that this cannot be addressed by  
4 section 120 of the Marine Mammal Protection Act  
5 of 1972 (16 U.S.C. 1389), which as in effect before  
6 the enactment of this Act restricted control of preda-  
7 tory pinnipeds' impact only with respect to endan-  
8 gered salmonids.

9 **SEC. 703. TAKING OF SEA LIONS ON THE COLUMBIA RIVER**  
10 **AND ITS TRIBUTARIES TO PROTECT ENDAN-**  
11 **GERED AND THREATENED SPECIES OF SALM-**  
12 **ON AND OTHER NONLISTED FISH SPECIES.**

13 Section 120 of the Marine Mammal Protection Act  
14 of 1972 (16 U.S.C. 1389) is amended by striking sub-  
15 section (f) and inserting the following:

16 “(f) TEMPORARY MARINE MAMMAL REMOVAL AU-  
17 THORITY ON THE WATERS OF THE COLUMBIA RIVER OR  
18 ITS TRIBUTARIES.—

19 “(1) REMOVAL AUTHORITY.—Notwithstanding  
20 any other provision of this Act, the Secretary may  
21 issue a permit to an eligible entity authorizing the  
22 intentional lethal taking on the waters of the Colum-  
23 bia River and its tributaries of sea lions that are  
24 part of a healthy population that is not listed as an  
25 endangered species or threatened species under the

1 Endangered Species Act of 1973 (16 U.S.C. 1531 et  
2 seq.), to protect endangered and threatened species  
3 of salmon and other nonlisted fish species.

4 “(2) PERMIT PROCESS.—

5 “(A) IN GENERAL.—An eligible entity may  
6 apply to the Secretary for a permit under this  
7 subsection.

8 “(B) DEADLINE FOR CONSIDERATION OF  
9 APPLICATION.—The Secretary shall approve or  
10 deny an application for a permit under this sub-  
11 section by not later than 30 days after receiving  
12 the application.

13 “(C) DURATION OF PERMIT.—A permit  
14 under this subsection shall be effective for no  
15 more than one year after the date it is issued,  
16 but may be renewed by the Secretary.

17 “(3) LIMITATIONS.—

18 “(A) LIMITATION ON PERMIT AUTHOR-  
19 ITY.—Subject to subparagraph (B), a permit  
20 issued under this subsection shall not authorize  
21 the lethal taking of more than 10 sea lions dur-  
22 ing the duration of the permit.

23 “(B) LIMITATION ON ANNUAL TAKINGS.—  
24 The cumulative number of sea lions authorized  
25 to be taken each year under all permits in ef-

1           fect under this subsection shall not exceed one  
2           percent of the annual potential biological re-  
3           moval level.

4           “(4) DELEGATION OF PERMIT AUTHORITY.—  
5           Any eligible entity may delegate to any other eligible  
6           entity the authority to administer its permit author-  
7           ity under this subsection.

8           “(5) NEPA.—Section 102(2)(C) of the Na-  
9           tional Environmental Policy Act of 1969 (42 U.S.C.  
10          4332(2)(C)) shall not apply with respect to this sub-  
11          section and the issuance of any permit under this  
12          subsection during the 5-year period beginning on the  
13          date of the enactment of this subsection.

14          “(6) SUSPENSION OF PERMITTING AUTHOR-  
15          ITY.—If, 5 years after enactment, the Secretary,  
16          after consulting with State and tribal fishery man-  
17          agers, determines that lethal removal authority is no  
18          longer necessary to protect salmonid and other fish  
19          species from sea lion predation, may suspend the  
20          issuance of permits under this subsection.

21          “(7) ELIGIBLE ENTITY DEFINED.—In this sub-  
22          section, the term ‘eligible entity’ means each of the  
23          State of Washington, the State of Oregon, the State  
24          of Idaho, the Nez Perce Tribe, the Confederated  
25          Tribes of the Umatilla Indian Reservation, the Con-

1 federated Tribes of the Warm Springs Reservation  
2 of Oregon, the Confederated Tribes and Bands of  
3 the Yakama Nation, and the Columbia River Inter-  
4 Tribal Fish Commission.”.

5 **SEC. 704. SENSE OF CONGRESS.**

6 It is the sense of the Congress that—

7 (1) preventing predation by sea lions, recovery  
8 of listed salmonid stocks, and preventing future list-  
9 ings of fish stocks in the Columbia River is a vital  
10 priority;

11 (2) permit holders exercising lethal removal au-  
12 thority pursuant to the amendment made by this  
13 title should be trained in wildlife management; and

14 (3) the Federal Government should continue to  
15 fund lethal and nonlethal removal measures for pre-  
16 venting such predation.

17 **SEC. 705. TREATY RIGHTS OF FEDERALLY RECOGNIZED IN-**  
18 **DIAN TRIBES.**

19 Nothing in this title or the amendment made by this  
20 title shall be construed to affect or modify any treaty or  
21 other right of any federally recognized Indian tribe.

1 **TITLE VIII—REAUTHORIZATION**  
2 **OF HERGER-FEINSTEIN QUIN-**  
3 **CY LIBRARY GROUP FOREST**  
4 **RECOVERY ACT**

5 **SEC. 801. REAUTHORIZATION OF HERGER-FEINSTEIN QUIN-**  
6 **CY LIBRARY GROUP FOREST RECOVERY ACT.**

7 (a) EXTENSION.—Subsection (g) of the Herger-Fein-  
8 stein Quincy Library Group Forest Recovery Act (title IV  
9 of the Department of the Interior and Related Agencies  
10 Appropriations Act, 1999, as contained in section 101(e)  
11 of division A of Public Law 105–277; 16 U.S.C. 2104  
12 note) is amended to read as follows:

13 “(g) TERM OF PILOT PROJECT.—

14 “(1) IN GENERAL.—The Secretary shall con-  
15 duct the pilot project until the earlier of the fol-  
16 lowing:

17 “(A) September 30, 2019.

18 “(B) The date on which the Secretary  
19 completes amendment or revision of the land  
20 and resource management plans for the Na-  
21 tional Forest System lands included in the pilot  
22 project area.

23 “(2) FOREST PLAN AMENDMENTS.—When the  
24 Regional Forester for Region 5 initiates the process  
25 to amend or revise the land and resource manage-

1       ment plans for the pilot project area, the process  
2       shall include preparation of at least one alternative  
3       that incorporates the pilot project and area designa-  
4       tions under subsection (b), the resource management  
5       activities described in subsection (d), and other as-  
6       pects of the Quincy Library Group Community Sta-  
7       bility Proposal.”.

8       (b) EXPANSION OF PILOT PROJECT AREA.—Sub-  
9       section (b) of the Herger-Feinstein Quincy Library Group  
10      Forest Recovery Act is amended by adding at the end the  
11      following new paragraph:

12             “(3) EXPANSION OF PILOT PROJECT AREA.—  
13             The Secretary may expand the pilot project area to  
14             include all National Forest System lands within  
15             California or Nevada that lie within the Sierra Ne-  
16             vada and Cascade Province, Lake Tahoe Basin Man-  
17             agement Unit, Humboldt-Toiyabe National Forest,  
18             and Inyo National Forest. These lands may be man-  
19             aged using the same strategy, guidelines and re-  
20             source management activities outlined in this section  
21             or developed to meet local forest and community  
22             needs and conditions.”.

23      (c) ROADLESS AREA PROTECTION.—Subsection  
24      (c)(4) of the Herger-Feinstein Quincy Library Group For-  
25      est Recovery Act is amended by adding at the end the

1 following new sentence: “However, those areas designated  
2 as ‘Deferred’ on the map, but located in Tehama County,  
3 south and west of Lassen Peak, are deemed to be des-  
4 ignated as ‘Available for Group Selection’ and shall be  
5 managed accordingly under subsection (d).”.

6 (d) GROUP SELECTION REQUIREMENT.—Subpara-  
7 graph (A) of subsection (d)(2) of the Herger-Feinstein  
8 Quincy Library Group Forest Recovery Act is amended  
9 to read as follows:

10 “(A) GROUP SELECTION.—After Sep-  
11 tember 30, 2012, group selection on an average  
12 acreage of .57 percent of the pilot project area  
13 land shall occur each year of the pilot project.”.

14 (e) FUNDING.—Subsection (f) of the Herger-Fein-  
15 stein Quincy Library Group Forest Recovery Act is  
16 amended by striking paragraph (6) and redesignating  
17 paragraph (7) as paragraph (6).

18 **TITLE IX—YERINGTON LAND**  
19 **CONVEYANCE AND SUSTAIN-**  
20 **ABLE DEVELOPMENT ACT**

21 **SEC. 901. SHORT TITLE.**

22 This title may be cited as the “Yerington Land Con-  
23 veyance and Sustainable Development Act”.

24 **SEC. 902. FINDINGS.**

25 Congress finds that—

1           (1) the city of Yerington, Nevada, which has an  
2           unemployment rate of 16 percent, has the highest  
3           unemployment rate in the State of Nevada;

4           (2) for over 4 years, the city of Yerington and  
5           Lyon County, Nevada, have been working with pri-  
6           vate business partners to develop a sustainable de-  
7           velopment plan that would enable all parties to ben-  
8           efit from the use of private land adjacent to the city  
9           of Yerington for potential commercial and industrial  
10          development, mining activities, recreation opportuni-  
11          ties, and the expansion of community and cultural  
12          events;

13          (3) the sustainable development plan referred to  
14          in paragraph (2) requires the conveyance of certain  
15          Federal land administered by the Bureau of Land  
16          Management to the City for consideration in an  
17          amount equal to the fair market value of the Fed-  
18          eral land;

19          (4) the Federal land to be conveyed to the City  
20          under the sustainable development plan has very few  
21          environmental, historical, wildlife, or cultural re-  
22          sources of value to the public, but is appropriate for  
23          responsible development;

24          (5) the Federal land that would be conveyed to  
25          the City under the sustainable development plan—

1 (A) is adjacent to the boundaries of the  
2 City; and

3 (B) would be used—

4 (i) to enhance recreational, cultural,  
5 commercial, and industrial development op-  
6 portunities in the City;

7 (ii) for future economic development,  
8 regional use, and as an open space buffer  
9 to the City; and

10 (iii) to allow the City to provide crit-  
11 ical infrastructure services;

12 (6) commercial and industrial development of  
13 the Federal land would enable the community to  
14 benefit from the transportation, power, and water  
15 infrastructure that would be put in place with the  
16 concurrent development of commercial and industrial  
17 operations;

18 (7) the conveyance of the Federal land would—

19 (A) help the City and County to grow; and

20 (B) provide additional tax revenue to the  
21 City and County;

22 (8) industrial and commercial development of  
23 the Federal land would create thousands of long-  
24 term, high-paying jobs for the City and County; and

1           (9) the Lyon County Commission and the City  
2           unanimously approved resolutions in support of the  
3           conveyance of the Federal land because the convey-  
4           ance would facilitate a sustainable model for long-  
5           term economic and industrial development.

6 **SEC. 903. DEFINITIONS.**

12          County, Nevada, that is identified on the map as  
13          “City of Yerington Sustainable Development Con-  
14          veyance Lands”.

15          (3) MAP.—The term “map” means the map en-

1 and Management Act of 1976 (43 U.S.C. 1712, 1713),  
2 the Secretary shall convey to the City, subject to the City's

25 opment of and conduct of activities on the Federal land

1 shall be subject to all applicable Federal laws (including  
2 regulations).

3 (e) ADMINISTRATIVE COSTS.—The City shall be re-  
4 sponsible for all survey, appraisal, and other administra-  
5 tive costs associated with the conveyance of the Federal  
6 land to the City under this title.

7 **SEC. 905. RELEASE OF THE UNITED STATES.**

8 Upon making the conveyance under section 904, not-
