5 **Self-Employed**

6 **SEC. 201. SECA TAX DEDUCTION FOR HEALTH INSURANCE**  
7 **COSTS.**

8 (a) IN GENERAL.—Subsection (l) of section 162 of  
9 the Internal Revenue Code of 1986 (relating to special  
10 rules for health insurance costs of self-employed individ-  
11 uals) is amended by striking paragraph (4) and by redес-  
12 ignating paragraph (5) as paragraph (4).

13 (b) EFFECTIVE DATE.—The amendment made by  
14 this section shall apply to taxable years beginning after  
15 the date of the enactment of this subtitle.

16 **Subtitle B—Help Efficient, Acces-**  
17 **sible, Low-cost, Timely**  
18 **Healthcare**

19 **SEC. 211. FINDINGS AND PURPOSE.**

20 (a) FINDINGS.—

21 (1) EFFECT ON HEALTH CARE ACCESS AND  
22 COSTS.—Congress finds that our current civil justice  
23 system is adversely affecting patient access to health  
24 care services, better patient care, and cost-efficient  
25 health care, in that the health care liability system

1 is a costly and ineffective mechanism for resolving  
2 claims of health care liability and compensating in-  
3 jured patients, and is a deterrent to the sharing of  
4 information among health care professionals which  
5 impedes efforts to improve patient safety and quality  
6 of care.

7 (2) EFFECT ON INTERSTATE COMMERCE.—  
8 Congress finds that the health care and insurance  
9 industries are industries affecting interstate com-  
10 merce and the health care liability litigation systems  
11 existing throughout the United States are activities  
12 that affect interstate commerce by contributing to  
13 the high costs of health care and premiums for  
14 health care liability insurance purchased by health  
15 care system providers.

16 (3) EFFECT ON FEDERAL SPENDING.—Con-  
17 gress finds that the health care liability litigation  
18 systems existing throughout the United States have  
19 a significant effect on the amount, distribution, and  
20 use of Federal funds because of—

21 (A) the large number of individuals who  
22 receive health care benefits under programs op-  
23 erated or financed by the Federal Government;

24 (B) the large number of individuals who  
25 benefit because of the exclusion from Federal

1 taxes of the amounts spent to provide them  
2 with health insurance benefits; and

3 (C) the large number of health care pro-  
4 viders who provide items or services for which  
5 the Federal Government makes payments.

6 (b) PURPOSE.—It is the purpose of this subtitle to  
7 implement reasonable, comprehensive, and effective health  
8 care liability reforms designed to—

9 (1) improve the availability of health care serv-  
10 ices in cases in which health care liability actions  
11 have been shown to be a factor in the decreased  
12 availability of services;

13 (2) reduce the incidence of “defensive medi-  
14 cine” and lower the cost of health care liability in-  
15 surance, all of which contribute to the escalation of  
16 health care costs;

17 (3) ensure that persons with meritorious health  
18 care injury claims receive fair and adequate com-  
19 pensation, including reasonable noneconomic dam-  
20 ages;

21 (4) improve the fairness and cost-effectiveness  
22 of our current health care liability system to resolve  
23 disputes over, and provide compensation for, health  
24 care liability by reducing uncertainty in the amount  
25 of compensation provided to injured individuals; and

1           (5) provide an increased sharing of information  
2           in the health care system which will reduce unin-  
3           tended injury and improve patient care.

4 **SEC. 212. ENCOURAGING SPEEDY RESOLUTION OF CLAIMS.**

5           The time for the commencement of a health care law-  
6           suit shall be 3 years after the date of manifestation of  
7           injury or 1 year after the claimant discovers, or through  
8           the use of reasonable diligence should have discovered, the  
9           injury, whichever occurs first. In no event shall the time  
10          for commencement of a health care lawsuit exceed 3 years  
11          after the date of manifestation of injury unless tolled for  
12          any of the following—

13                 (1) upon proof of fraud;

14                 (2) intentional concealment; or

15                 (3) the presence of a foreign body, which has no  
16           therapeutic or diagnostic purpose or effect, in the  
17           person of the injured person.

18          Actions by a minor shall be commenced within 3 years  
19          from the date of the alleged manifestation of injury except  
20          that actions by a minor under the full age of 6 years shall  
21          be commenced within 3 years of manifestation of injury  
22          or prior to the minor's 8th birthday, whichever provides  
23          a longer period. Such time limitation shall be tolled for  
24          minors for any period during which a parent or guardian  
25          and a health care provider or health care organization

1 have committed fraud or collusion in the failure to bring  
2 an action on behalf of the injured minor.

3 **SEC. 213. COMPENSATING PATIENT INJURY.**

4 (a) UNLIMITED AMOUNT OF DAMAGES FOR ACTUAL  
5 ECONOMIC LOSSES IN HEALTH CARE LAWSUITS.—In any  
6 health care lawsuit, nothing in this subtitle shall limit a  
7 claimant’s recovery of the full amount of the available eco-  
8 nomic damages, notwithstanding the limitation in sub-  
9 section (b).

10 (b) ADDITIONAL NONECONOMIC DAMAGES.—In any  
11 health care lawsuit, the amount of noneconomic damages,  
12 if available, may be as much as \$250,000, regardless of  
13 the number of parties against whom the action is brought  
14 or the number of separate claims or actions brought with  
15 respect to the same injury.

16 (c) NO DISCOUNT OF AWARD FOR NONECONOMIC  
17 DAMAGES.—For purposes of applying the limitation in  
18 subsection (b), future noneconomic damages shall not be  
19 discounted to present value. The jury shall not be in-  
20 formed about the maximum award for noneconomic dam-  
21 ages. An award for noneconomic damages in excess of  
22 \$250,000 shall be reduced either before the entry of judg-  
23 ment, or by amendment of the judgment after entry of  
24 judgment, and such reduction shall be made before ac-  
25 counting for any other reduction in damages required by

1 law. If separate awards are rendered for past and future  
2 noneconomic damages and the combined awards exceed  
3 \$250,000, the future noneconomic damages shall be re-  
4 duced first.

5 (d) FAIR SHARE RULE.—In any health care lawsuit,  
6 each party shall be liable for that party’s several share  
7 of any damages only and not for the share of any other  
8 person. Each party shall be liable only for the amount of  
9 damages allocated to such party in direct proportion to  
10 such party’s percentage of responsibility. Whenever a  
11 judgment of liability is rendered as to any party, a sepa-  
12 rate judgment shall be rendered against each such party  
13 for the amount allocated to such party. For purposes of  
14 this section, the trier of fact shall determine the propor-  
15 tion of responsibility of each party for the claimant’s  
16 harm.

17 **SEC. 214. MAXIMIZING PATIENT RECOVERY.**

18 (a) COURT SUPERVISION OF SHARE OF DAMAGES  
19 ACTUALLY PAID TO CLAIMANTS.—In any health care law-  
20 suit, the court shall supervise the arrangements for pay-  
21 ment of damages to protect against conflicts of interest  
22 that may have the effect of reducing the amount of dam-  
23 ages awarded that are actually paid to claimants. In par-  
24 ticular, in any health care lawsuit in which the attorney  
25 for a party claims a financial stake in the outcome by vir-

1 tue of a contingent fee, the court shall have the power  
2 to restrict the payment of a claimant's damage recovery  
3 to such attorney, and to redirect such damages to the  
4 claimant based upon the interests of justice and principles  
5 of equity. In no event shall the total of all contingent fees  
6 for representing all claimants in a health care lawsuit ex-  
7 ceed the following limits:

8           (1) 40 percent of the first \$50,000 recovered by  
9           the claimant(s).

10           (2) 33 $\frac{1}{3}$  percent of the next \$50,000 recovered  
11           by the claimant(s).

12           (3) 25 percent of the next \$500,000 recovered  
13           by the claimant(s).

14           (4) 15 percent of any amount by which the re-  
15           covery by the claimant(s) is in excess of \$600,000.

16           (b) APPLICABILITY.—The limitations in this section  
17 shall apply whether the recovery is by judgment, settle-  
18 ment, mediation, arbitration, or any other form of alter-  
19 native dispute resolution. In a health care lawsuit involv-  
20 ing a minor or incompetent person, a court retains the  
21 authority to authorize or approve a fee that is less than  
22 the maximum permitted under this section. The require-  
23 ment for court supervision in the first two sentences of  
24 subsection (a) applies only in civil actions.

**1 SEC. 215. ADDITIONAL HEALTH BENEFITS.**

2 In any health care lawsuit involving injury or wrong-  
3 ful death, any party may introduce evidence of collateral  
4 source benefits. If a party elects to introduce such evi-  
5 dence, any opposing party may introduce evidence of any  
6 amount paid or contributed or reasonably likely to be paid  
7 or contributed in the future by or on behalf of the oppos-  
8 ing party to secure the right to such collateral source bene-  
9 fits. No provider of collateral source benefits shall recover  
10 any amount against the claimant or receive any lien or  
11 credit against the claimant's recovery or be equitably or  
12 legally subrogated to the right of the claimant in a health  
13 care lawsuit involving injury or wrongful death. This sec-  
14 tion shall apply to any health care lawsuit that is settled  
15 as well as a health care lawsuit that is resolved by a fact  
16 finder. This section shall not apply to section 1862(b) (42  
17 U.S.C. 1395y(b)) or section 1902(a)(25) (42 U.S.C.  
18 1396a(a)(25)) of the Social Security Act.

**19 SEC. 216. PUNITIVE DAMAGES.**

20 (a) IN GENERAL.—Punitive damages may, if other-  
21 wise permitted by applicable State or Federal law, be  
22 awarded against any person in a health care lawsuit only  
23 if it is proven by clear and convincing evidence that such  
24 person acted with malicious intent to injure the claimant,  
25 or that such person deliberately failed to avoid unneces-  
26 sary injury that such person knew the claimant was sub-

1 stantially certain to suffer. In any health care lawsuit  
2 where no judgment for compensatory damages is rendered  
3 against such person, no punitive damages may be awarded  
4 with respect to the claim in such lawsuit. No demand for  
5 punitive damages shall be included in a health care lawsuit  
6 as initially filed. A court may allow a claimant to file an  
7 amended pleading for punitive damages only upon a mo-  
8 tion by the claimant and after a finding by the court, upon  
9 review of supporting and opposing affidavits or after a  
10 hearing, after weighing the evidence, that the claimant has  
11 established by a substantial probability that the claimant  
12 will prevail on the claim for punitive damages. At the re-  
13 quest of any party in a health care lawsuit, the trier of  
14 fact shall consider in a separate proceeding—

15           (1) whether punitive damages are to be award-  
16           ed and the amount of such award; and

17           (2) the amount of punitive damages following a  
18           determination of punitive liability.

19 If a separate proceeding is requested, evidence relevant  
20 only to the claim for punitive damages, as determined by  
21 applicable State law, shall be inadmissible in any pro-  
22 ceeding to determine whether compensatory damages are  
23 to be awarded.

24           (b) DETERMINING AMOUNT OF PUNITIVE DAM-  
25 AGES.—

1           (1) FACTORS CONSIDERED.—In determining  
2           the amount of punitive damages, if awarded, in a  
3           health care lawsuit, the trier of fact shall consider  
4           only the following—

5                   (A) the severity of the harm caused by the  
6                   conduct of such party;

7                   (B) the duration of the conduct or any  
8                   concealment of it by such party;

9                   (C) the profitability of the conduct to such  
10                  party;

11                  (D) the number of products sold or med-  
12                  ical procedures rendered for compensation, as  
13                  the case may be, by such party, of the kind  
14                  causing the harm complained of by the claim-  
15                  ant;

16                  (E) any criminal penalties imposed on such  
17                  party, as a result of the conduct complained of  
18                  by the claimant; and

19                  (F) the amount of any civil fines assessed  
20                  against such party as a result of the conduct  
21                  complained of by the claimant.

22           (2) MAXIMUM AWARD.—The amount of punitive  
23           damages, if awarded, in a health care lawsuit may  
24           be as much as \$250,000 or as much as two times  
25           the amount of economic damages awarded, which-

1       ever is greater. The jury shall not be informed of  
2       this limitation.

3       (c) NO PUNITIVE DAMAGES FOR PRODUCTS THAT  
4 COMPLY WITH FDA STANDARDS.—

5           (1) IN GENERAL.—

6           (A) No punitive damages may be awarded  
7       against the manufacturer or distributor of a  
8       medical product, or a supplier of any compo-  
9       nent or raw material of such medical product,  
10      based on a claim that such product caused the  
11      claimant's harm where—

12           (i)(I) such medical product was sub-  
13      ject to premarket approval, clearance, or li-  
14      censure by the Food and Drug Administra-  
15      tion with respect to the safety of the for-  
16      mulation or performance of the aspect of  
17      such medical product which caused the  
18      claimant's harm or the adequacy of the  
19      packaging or labeling of such medical  
20      product; and

21           (II) such medical product was so ap-  
22      proved, cleared, or licensed; or

23           (ii) such medical product is generally  
24      recognized among qualified experts as safe  
25      and effective pursuant to conditions estab-

1           lished by the Food and Drug Administra-  
2           tion and applicable Food and Drug Admin-  
3           istration regulations, including without  
4           limitation those related to packaging and  
5           labeling, unless the Food and Drug Admin-  
6           istration has determined that such medical  
7           product was not manufactured or distrib-  
8           uted in substantial compliance with appli-  
9           cable Food and Drug Administration stat-  
10          utes and regulations.

11           (B) RULE OF CONSTRUCTION.—Subpara-  
12          graph (A) may not be construed as establishing  
13          the obligation of the Food and Drug Adminis-  
14          tration to demonstrate affirmatively that a  
15          manufacturer, distributor, or supplier referred  
16          to in such subparagraph meets any of the con-  
17          ditions described in such subparagraph.

18           (2) LIABILITY OF HEALTH CARE PROVIDERS.—  
19          A health care provider who prescribes, or who dis-  
20          penses pursuant to a prescription, a medical product  
21          approved, licensed, or cleared by the Food and Drug  
22          Administration shall not be named as a party to a  
23          product liability lawsuit involving such product and  
24          shall not be liable to a claimant in a class action  
25          lawsuit against the manufacturer, distributor, or

1 seller of such product. Nothing in this paragraph  
2 prevents a court from consolidating cases involving  
3 health care providers and cases involving products li-  
4 ability claims against the manufacturer, distributor,  
5 or product seller of such medical product.

6 (3) PACKAGING.—In a health care lawsuit for  
7 harm which is alleged to relate to the adequacy of  
8 the packaging or labeling of a drug which is required  
9 to have tamper-resistant packaging under regula-  
10 tions of the Secretary of Health and Human Serv-  
11 ices (including labeling regulations related to such  
12 packaging), the manufacturer or product seller of  
13 the drug shall not be held liable for punitive dam-  
14 ages unless such packaging or labeling is found by  
15 the trier of fact by clear and convincing evidence to  
16 be substantially out of compliance with such regula-  
17 tions.

18 (4) EXCEPTION.—Paragraph (1) shall not  
19 apply in any health care lawsuit in which—

20 (A) a person, before or after premarket ap-  
21 proval, clearance, or licensure of such medical  
22 product, knowingly misrepresented to or with-  
23 held from the Food and Drug Administration  
24 information that is required to be submitted  
25 under the Federal Food, Drug, and Cosmetic

1 Act (21 U.S.C. 301 et seq.) or section 351 of  
2 the Public Health Service Act (42 U.S.C. 262)  
3 that is material and is causally related to the  
4 harm which the claimant allegedly suffered; or

5 (B) a person made an illegal payment to  
6 an official of the Food and Drug Administra-  
7 tion for the purpose of either securing or main-  
8 taining approval, clearance, or licensure of such  
9 medical product.

10 **SEC. 217. AUTHORIZATION OF PAYMENT OF FUTURE DAM-**  
11 **AGES TO CLAIMANTS IN HEALTH CARE LAW-**  
12 **SUITS.**

13 (a) IN GENERAL.—In any health care lawsuit, if an  
14 award of future damages, without reduction to present  
15 value, equaling or exceeding \$50,000 is made against a  
16 party with sufficient insurance or other assets to fund a  
17 periodic payment of such a judgment, the court shall, at  
18 the request of any party, enter a judgment ordering that  
19 the future damages be paid by periodic payments. In any  
20 health care lawsuit, the court may be guided by the Uni-  
21 form Periodic Payment of Judgments Act promulgated by  
22 the National Conference of Commissioners on Uniform  
23 State Laws.

1 (b) APPLICABILITY.—This section applies to all ac-  
2 tions which have not been first set for trial or retrial be-  
3 fore the effective date of this subtitle.

4 **SEC. 218. DEFINITIONS.**

11 State or Federal court.

12 (2) CLAIMANT.—The term “claimant” means  
13 any person who brings a health care lawsuit, includ-

1 ant, as a result of the injury or wrongful death, pur-  
2 suant to—

3 (A) any State or Federal health, sickness,  
4 income-disability, accident, or workers' com-

15 program.

16 (4) COMPENSATORY DAMAGES.—The term  
17 “compensatory damages” means objectively  
18 verifiable monetary losses incurred as a result of the  
19 provision of, use of, or payment for (or failure to  
20 provide, use, or pay for) health care services or med-

22 penses, loss of past and future earnings, cost of ob-  
23 taining domestic services, loss of employment, and  
24 loss of business or employment opportunities, dam-  
25 ages for physical and emotional pain, suffering, in-

1 convenience, physical impairment, mental anguish,

3 ety and companionship, loss of consortium (other  
4 than loss of domestic service), hedonic damages, in-  
5 jury to reputation, and all other nonpecuniary losses  
6 of any kind or nature. The term “compensatory

9 section.

10 (5) CONTINGENT FEE.—The term “contingent  
11 fee” includes all compensation to any person or per-

14 (6) ECONOMIC DAMAGES.—The term “economic

19 past and future medical expenses, loss of past and

23 (7) HEALTH CARE LAWSUIT.—The term  
24 “health care lawsuit” means any health care liability  
25 claim concerning the provision of health care goods

1 or services or any medical product affecting inter-  
2 state commerce, or any health care liability action  
3 concerning the provision of health care goods or  
4 services or any medical product affecting interstate  
5 commerce, brought in a State or Federal court or  
6 pursuant to an alternative dispute resolution system,  
7 against a health care provider, a health care organi-  
8 zation, or the manufacturer, distributor, supplier,  
9 marketer, promoter, or seller of a medical product,  
10 regardless of the theory of liability on which the  
11 claim is based, or the number of claimants, plain-  
12 tiffs, defendants, or other parties, or the number of  
13 claims or causes of action, in which the claimant al-  
14 leges a health care liability claim. Such term does  
15 not include a claim or action which is based on  
16 criminal liability; which seeks civil fines or penalties  
17 paid to Federal, State, or local government; or which  
18 is grounded in antitrust.

19 (8) HEALTH CARE LIABILITY ACTION.—The  
20 term “health care liability action” means a civil ac-  
21 tion brought in a State or Federal court or pursuant  
22 to an alternative dispute resolution system, against  
23 a health care provider, a health care organization, or  
24 the manufacturer, distributor, supplier, marketer,  
25 promoter, or seller of a medical product, regardless

1 of the theory of liability on which the claim is based,

4 claimant alleges a health care liability claim.

5 (9) HEALTH CARE LIABILITY CLAIM.—The  
6 term “health care liability claim” means a demand

11 cluding, but not limited to, third-party claims, cross-  
12 claims, counter-claims, or contribution claims, which  
13 are based upon the provision of, use of, or payment  
14 for (or the failure to provide, use, or pay for) health  
15 care services or medical products, regardless of the  
16 theory of liability on which the claim is based, or the  
17 number of plaintiffs, defendants, or other parties, or  
18 the number of causes of action.

19 (10) HEALTH CARE ORGANIZATION.—The term  
20 “health care organization” means any person or en-  
21 tity which is obligated to provide or pay for health

24 with a health care organization to provide or admin-  
25 ister any health benefit.

1           (11) HEALTH CARE PROVIDER.—The term  
2           “health care provider” means any person or entity  
3           required by State or Federal laws or regulations to  
4           be licensed, registered, or certified to provide health  
5           care services, and being either so licensed, reg-  
6           istered, or certified, or exempted from such require-  
7           ment by other statute or regulation.

8           (12) HEALTH CARE GOODS OR SERVICES.—The  
9           term “health care goods or services” means any  
10          goods or services provided by a health care organiza-  
11          tion, provider, or by any individual working under  
12          the supervision of a health care provider, that relates  
13          to the diagnosis, prevention, or treatment of any  
14          human disease or impairment, or the assessment or  
15          care of the health of human beings.

16          (13) MALICIOUS INTENT TO INJURE.—The  
17          term “malicious intent to injure” means inten-  
18          tionally causing or attempting to cause physical in-  
19          jury other than providing health care goods or serv-  
20          ices.

21          (14) MEDICAL PRODUCT.—The term “medical  
22          product” means a drug, device, or biological product  
23          intended for humans, and the terms “drug”, “de-

25          given such terms in sections 201(g)(1) and 201(h)

1 of the Federal Food, Drug and Cosmetic Act (21  
2 U.S.C. 321(g)(1) and (h)) and section 351(a) of the  
3 Public Health Service Act (42 U.S.C. 262(a)), re-

5 used therein, but excluding health care services.

6 (15) NONECONOMIC DAMAGES.—The term  
7 “noneconomic damages” means damages for phys-  
8 ical and emotional pain, suffering, inconvenience,  
9 physical impairment, mental anguish, disfigurement,  
10 loss of enjoyment of life, loss of society and compan-  
11 ionship, loss of consortium (other than loss of do-  
12 mestic service), hedonic damages, injury to reputa-  
13 tion, and all other nonpecuniary losses of any kind  
14 or nature.

15 (16) PUNITIVE DAMAGES.—The term “punitive  
16 damages” means damages awarded, for the purpose  
17 of punishment or deterrence, and not solely for com-  
18 pensatory purposes, against a health care provider,  
19 health care organization, or a manufacturer, dis-  
20 tributor, or supplier of a medical product. Punitive  
21 damages are neither economic nor noneconomic  
22 damages.

23 (17) RECOVERY.—The term “recovery” means

3       incurred by the plaintiff and the attorneys' office

5       deductible disbursements or costs for such purpose.

6           (18) STATE.—The term “State” means each of  
7       the several States, the District of Columbia, the

11      any other territory or possession of the United  
12      States, or any political subdivision thereof.

13 **SEC. 219. EFFECT ON OTHER LAWS.**

14       (a) VACCINE INJURY.—

15           (1) To the extent that title XXI of the Public  
16      Health Service Act establishes a Federal rule of law  
17      applicable to a civil action brought for a vaccine-re-  
18      lated injury or death—

19           (A) this subtitle does not affect the appli-  
20      cation of the rule of law to such an action; and

21           (B) any rule of law prescribed by this sub-  
22      title in conflict with a rule of law of such title  
23      XXI shall not apply to such action.

24           (2) If there is an aspect of a civil action  
25      brought for a vaccine-related injury or death to

1       which a Federal rule of law under title XXI of the  
2       Public Health Service Act does not apply, then this  
3       subtitle or otherwise applicable law (as determined  
4       under this subtitle) will apply to such aspect of such  
5       action.

6       (b) OTHER FEDERAL LAW.—Except as provided in  
7       this section, nothing in this subtitle shall be deemed to  
8       affect any defense available to a defendant in a health care  
9       lawsuit or action under any other provision of Federal law.

10   **SEC. 220. STATE FLEXIBILITY AND PROTECTION OF**  
11                           **STATES' RIGHTS.**

12       (a) HEALTH CARE LAWSUITS.—The provisions gov-  
13       erning health care lawsuits set forth in this subtitle pre-  
14       empt, subject to subsections (b) and (c), State law to the  
15       extent that State law prevents the application of any pro-  
16       visions of law established by or under this subtitle. The  
17       provisions governing health care lawsuits set forth in this  
18       subtitle supersede chapter 171 of title 28, United States  
19       Code, to the extent that such chapter—

20               (1) provides for a greater amount of damages  
21       or contingent fees, a longer period in which a health  
22       care lawsuit may be commenced, or a reduced appli-  
23       cability or scope of periodic payment of future dam-  
24       ages, than provided in this subtitle; or

1           (2) prohibits the introduction of evidence re-  
2           garding collateral source benefits, or mandates or  
3           permits subrogation or a lien on collateral source  
4           benefits.

5           (b) PROTECTION OF STATES' RIGHTS AND OTHER  
6 LAWS.—(1) Any issue that is not governed by any provi-  
7 sion of law established by or under this subtitle (including  
8 State standards of negligence) shall be governed by other-  
9 wise applicable State or Federal law.

10          (2) This subtitle shall not preempt or supersede any  
11 State or Federal law that imposes greater procedural or  
12 substantive protections for health care providers and  
13 health care organizations from liability, loss, or damages  
14 than those provided by this subtitle or create a cause of  
15 action.

16          (c) STATE FLEXIBILITY.—No provision of this sub-  
17 title shall be construed to preempt—

18           (1) any State law (whether effective before, on,  
19           or after the date of the enactment of this subtitle)

11 **SEC. 245. COVERAGE OF HOME HEALTH REMOTE PATIENT**  
12 **MANAGEMENT SERVICES FOR CHRONIC**  
13 **HEALTH CONDITIONS.**

14 (a) **MEDICARE COVERAGE.**—

15 (1) **IN GENERAL.**—Section 1861(s)(2) of the  
16 Social Security Act (42 U.S.C. 1395x(s)(2)) is  
17 amended—

18 (A) in subparagraph (DD), by striking  
19 “and” at the end;

20 (B) in subparagraph (EE), by adding  
21 “and” at the end; and

22 (C) by inserting after subparagraph (EE)  
23 the following new subparagraph:

24 “(FF) home health remote patient management  
25 services (as defined in subsection (hhh));”.

1           (2) SERVICES DESCRIBED.—Section 1861 of  
2           such Act (42 U.S.C. 1395x) is amended by adding  
3           at the end the following new subsection:

4           “(hhh) HOME HEALTH REMOTE PATIENT MANAGE-  
5           MENT SERVICES FOR CHRONIC HEALTH CONDITIONS.—

6           (1) The term ‘remote patient management services’ means  
7           the remote monitoring, evaluation, and management of an  
8           individual with a covered chronic health condition (as de-  
9           fined in paragraph (2)) through the utilization of a system  
10          of technology that allows a remote interface to collect and  
11          transmit clinical data between the individual and a home  
12          health agency, in accordance with a plan of care estab-  
13          lished by a physician, for the purposes of clinical review  
14          or response by the home health agency. Such term, with  
15          respect to an individual, does not include any remote mon-  
16          itoring, evaluation, or management of the individual if  
17          such remote monitoring, evaluation, or management, re-  
18          spectively, is included as a home health visit under section  
19          1895(f) for purposes of payment under this title.

20          “(2) For purposes of paragraph (1), the term ‘cov-  
21          ered chronic health condition’ means any chronic health  
22          condition specified by the Secretary.”.

23          (b) PAYMENT.—

1           (1) IN GENERAL.—Section 1834 of such Act  
2           (42 U.S.C. 1395l) is amended by adding at the end  
3           the following new subsection:

4           “(n) HOME HEALTH REMOTE PATIENT MANAGE-  
5           MENT SERVICES.—

6           “(1) IN GENERAL.—The Secretary shall estab-  
7           lish a fee schedule for home health remote patient  
8           management services (as defined in section  
9           1861(hhh)) for which payment is made under this  
10          part. The fee schedule shall be designed in a manner  
11          so that, on an annual basis, the aggregate payment  
12          amounts under this title for such services approxi-  
13          mates 50 percent of the savings amount described in  
14          paragraph (2) for such year.

15          “(2) SAVINGS DESCRIBED.—

16                 “(A) IN GENERAL.—For purposes of para-  
17                 graph (1), the savings amount described in this  
18                 paragraph for a year is the amount (if any), as  
19                 estimated by the Secretary before the beginning  
20                 of the year, by which—

21                         “(i) the product described in subpara-  
22                         graph (B) for the year, exceeds

23                         “(ii) the total payments under this  
24                         part and part A for items and services fur-  
25                         nished to individuals receiving home health

1 remote patient management services at any  
2 time during the year.

3 “(B) PRODUCT DESCRIBED.—The product  
4 described in this subparagraph for a year is the  
5 product of—

6 “(i) the average per capita total pay-  
7 ments under this part and part A for items  
8 and services furnished during the year to  
9 individuals not described in subparagraph  
10 (A)(ii), adjusted to remove case mix dif-  
11 ferences between such individuals not de-  
12 scribed in such subparagraph and the indi-  
13 viduals described in such subparagraph;  
14 and

15 “(ii) the number of individuals under  
16 subparagraph (A)(ii) for the year.

17 “(3) LIMITATION.—In no case may payments  
18 under this subsection result in the aggregate expend-  
19 itures under this title (including payments under  
20 this subsection) exceeding the amount that the Sec-  
21 retary estimates would have been expended if cov-  
22 erage under this title for home health patient man-  
23 agement services was not provided.

24 “(4) CLARIFICATION.—Payments under the fee  
25 schedule under this subsection, with respect to an

1 individual, shall be in addition to any other pay-  
2 ments that a home health agency would otherwise  
3 receive under this title for items and services fur-  
4 nished to such individual and shall have no effect on  
5 the amount of such other payments.

6 “(5) PAYMENT TRANSFER.—There shall be  
7 transferred from the Federal Hospital Insurance  
8 Trust Fund under section 1817 to the Federal Sup-  
9 plementary Medical Insurance Trust Fund under  
10 section 1841 each year an amount equivalent to the  
11 product of—

12 “(A) expenditures under this subsection  
13 for the year, and

14 “(B) the ratio of the portion of the savings  
15 described in paragraph (2) for the year that are  
16 attributable to part A, to the total savings de-  
17 scribed in such paragraph for the year.”.

18 (2) CONFORMING AMENDMENT.—Section  
19 1833(a)(1) of such Act (42 U.S.C. 1395l(1)) is  
20 amended—

21 (A) by striking “and (W)” and inserting  
22 “(W)”; and

23 (B) by inserting before the semicolon at  
24 the end the following: “, (X) with respect to  
25 home health remote patient management serv-

1 and efficient for patients and for the health care sys-  
2 tem.

3 (2) By collecting, analyzing, and transmitting  
4 clinical health information to a health care provider,  
5 remote patient management services allow patients  
6 and providers to manage the medical condition of  
7 patients in a consistent and real time fashion.

8 (3) Utilization of remote patient management  
9 services not only improves the quality of care given  
10 to patients, it also reduces the need for frequent of-  
11 fice appointments, costly emergency room visits, and  
12 unnecessary hospitalizations.

13 (4) Management the medical condition or dis-  
14 ease of a patient from the patient's home reduces  
15 the need for face to face provider interactions. Use  
16 of remote patient management services minimizes  
17 unnecessary travel and missed work and provides  
18 particular value to patients residing in rural or un-  
19 derserved communities who would otherwise face po-  
20 tentially significant access barriers to receiving need-  
21 ed care.

22 (5) Among the areas in which remote patient  
23 management services are emerging in health care  
24 are the treatment of congestive heart failure, diabe-  
25 tes, cardiac arrhythmia, epilepsy, and sleep apnea.

1 Prompt transmission of clinical data on each of  
2 these conditions, to the health care provider or the  
3 patient as appropriate, is essential to providing time-  
4 ly and appropriate therapeutic interventions which  
5 can then reduce expensive hospitalizations.

6 (6) Despite these benefits, remote patient man-  
7 agement services have failed to diffuse rapidly. A  
8 significant barrier to wider adoption is the relative  
9 lack of payment mechanisms in fee for service Medi-  
10 care to reimburse for remote, non face to face pa-  
11 tient management.

12 (7) Elimination of this barrier to new remote  
13 patient management services should be encouraged  
14 by requiring reimbursement under the Medicare pro-  
15 gram for providers' time spent analyzing and re-  
16 sponding to patient data transmitted by remote  
17 technologies.

18 (8) Reimbursement under the Medicare pro-  
19 gram for health care providers' time spent analyzing  
20 and responding to data transmitted to providers by  
21 remote technologies should be made on a separate  
22 basis and should not be combined with payments for  
23 others services (also referred to as "bundled pay-  
24 ments").

1           (9) Payment codes used for reporting and bill-  
2           ing for payment for providers' remote patient man-  
3           agement services should be revised or adjusted, as  
4           appropriate, to encourage the application of such  
5           services for other medical conditions.

6           (b) SENSE OF CONGRESS.—It is the sense of the  
7 Congress that—

8           (1) remote patient management services are in-  
9           tegral to improvement in the delivery, care, and effi-  
10          ciency of health care services furnished in the  
11          United States; and

12          (2) the Administrator of the Centers for Medi-  
13          care & Medicaid Services should be encouraged to—

14                  (A) expand the types of medical conditions  
15                  for which the use of remote patient manage-  
16                  ment services are reimbursed under the Medi-  
17                  care program;

18                  (B) provide for separate, non-bundled pay-  
19                  ment under the Medicare program for remote  
20                  patient management services; and

21                  (C) create, revise and adjust, as appro-  
22                  priate, codes for the accurate reporting and bill-  
23                  ing for payment for remote patient manage-  
24                  ment services.

1 **SEC. 247. TELEHEALTH ADVISORY COMMITTEE.**

3 Social Security Act (42 U.S.C. 1395m(m)(4)(F)(ii)) is  
4 amended by adding at the end the following sentences:  
5 “Such process shall require the Secretary to take into ac-  
6 count the recommendations of the Telehealth Advisory

11 regarding the delivery of telehealth services. If the Sec-

6 in paragraph (4)(F)(i) of section 1834(m) of  
7 the Social Security Act (42 U.S.C. 1395m(m))

13                           **Subpart B—HRSA Grant Program**

11 (6) Seventy-five percent of the nation's aggre-  
12 gate health care spending is on treating patients  
13 with chronic disease, and the vast majority of these  
14 diseases are preventable. Unfortunately, less than  
15 one percent of total health care spending goes to-  
16 ward prevention.

17 (7) According to a recent study, treatment of  
18 the seven most common chronic diseases, coupled  
19 with productivity losses, cost the U.S. economy more  
20 than \$1 trillion dollars annually. It has been esti-  
21 mated that modest reductions in unhealthy behaviors  
22 could prevent or delay 40 million cases of chronic ill-  
23 ness per year.

24 (8) Chronic diseases are burdensome to Amer-  
25 ican businesses. Not only does a sicker American

1 workforce have higher health care costs, but it is  
2 also less productive. Chronic illnesses lead to absen-  
3 teeism and decreased effectiveness while at work due  
4 to illness.

5 (9) Prevention not only saves lives, it is highly  
6 cost-effective. One study concluded that an invest-  
7 ment of \$10 per person per year in proven commu-  
8 nity-based programs to increase physical activity,  
9 improve nutrition, and prevent smoking and other  
10 tobacco use could save the country more than \$16  
11 billion annually within five years. This is a return of  
12 \$5.60 for every \$1 spent.

10          The Secretary of Health and Human Services  
11          shall establish procedures for periodic review of  
12          programs under this subsection. Such proce-  
13          dures shall require revisions of programs if nec-

16          the programs to the extent the Secretary, in co-

5             This subtitle is enacted pursuant to the power grant-  
6     ed Congress under article I, section 8, clause 3, of the  
7     United States Constitution.

8     **SEC. 312. FINDINGS.**

9             Congress finds the following:

10             (1) The application of numerous and significant  
11             variations in State law impacts the ability of insur-  
12             ers to offer, and individuals to obtain, affordable in-  
13             dividual health insurance coverage, thereby impeding  
14             commerce in individual health insurance coverage.

15             (2) Individual health insurance coverage is in-  
16             creasingly offered through the Internet, other elec-  
17             tronic means, and by mail, all of which are inher-  
18             ently part of interstate commerce.

19             (3) In response to these issues, it is appropriate  
20             to encourage increased efficiency in the offering of  
21             individual health insurance coverage through a col-  
22             laborative approach by the States in regulating this  
23             coverage.

24             (4) The establishment of risk-retention groups  
25             has provided a successful model for the sale of insur-

1       ance across State lines, as the acts establishing  
2       those groups allow insurance to be sold in multiple  
3       States but regulated by a single State.

4       **SEC. 313. COOPERATIVE GOVERNING OF INDIVIDUAL**  
5               **HEALTH INSURANCE COVERAGE.**
