

117TH CONGRESS
1ST SESSION

H. R. 4430

To provide for the establishment of security standards for international research in key technology focus areas.

IN THE HOUSE OF REPRESENTATIVES

JULY 13, 2021

Ms. WILD (for herself and Mr. GALLAGHER) introduced the following bill;
which was referred to the Committee on Foreign Affairs

A BILL

To provide for the establishment of security standards for international research in key technology focus areas.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. PRIORITIZATION AND PROTECTION OF INTER-**

4 **NATIONAL RESEARCH.**

5 (a) LIST OF ALLIED COUNTRIES.—The Secretary of
6 State, in consultation with the Director of the Office of
7 Science and Technology Policy, the National Security
8 Council, the Secretary of Energy, the Director of the Na-
9 tional Science Foundation, and the heads of other relevant
10 agencies, shall create a list of allied countries with which

1 joint international research and cooperation would ad-
2 vance United States national interests and advance sci-
3 entific knowledge in key technology focus areas.

4 (b) ESTABLISHMENT OF SECURITY PROCEDURES.—
5 The Secretary of State, in consultation with the individ-
6 uals and entities listed in subsection (a), shall collaborate
7 with similar entities in the countries appearing on the list
8 created pursuant to subsection (a) to develop, coordinate,
9 and agree to general security policies and procedures for
10 governmental, academic, and private sector research, to
11 prevent sensitive research from being disclosed to adver-
12 saries.

13 (c) REPORT.—Not later than 1 year after the date
14 of the enactment of this Act, the Secretary of State, in
15 consultation with the individuals and entities listed in sub-
16 section (a), and allied countries appearing on the list cre-
17 ated pursuant to subsection (a), shall submit a report to
18 Congress that identifies the most promising international
19 research ventures that leverage resources and advance re-
20 search in key technology focus areas.
