A BILL

To establish the Intercity Passenger Rail Trust Fund to ensure a safe, sustainable, convenient transportation option for the people of the United States, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-
2 tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Intercity Passenger
5 Rail Trust Fund Act”.

1 **SEC. 2. FINDINGS.**

2 Congress makes the following findings:

3 (1) An effective transportation system for the
4 Nation requires dedicated, predictable Federal fund-
5 ing for various capital and operating expenses, as
6 demonstrated by the Highway Trust Fund, which
7 supports all Federal highway programs, most public
8 transit programs, and many Federal transportation
9 safety programs.

10 (2) Intercity passenger rail is the only surface
11 transportation mode in the United States that—

12 (A) does not receive any Federal funding
13 through a trust fund for capital investment;
14 and

15 (B) is completely dependent on annual dis-
16 cretionary appropriations for both its capital ex-
17 penses and its operating costs.

18 (3) In fiscal year 2019, Amtrak experienced
19 record ridership, a historic low-operating loss, and a
20 record capital spend rate.

21 (4) In markets with sufficient infrastructure
22 and train frequency, Amtrak has proven to be an ef-
23 fective mode of transportation when compared to
24 commercial air and bus service and private auto-
25 mobile use.

1 (5) Intercity passenger rail offers substantial
2 safety, energy, and environmental advantages over
3 most other transportation modes, but decades of in-
4 sufficient capital funding has drastically limited the
5 role that intercity passenger rail can play in the Na-
6 tion's overall transportation network.

7 (6) There are critical capital needs on both the
8 Northeast Corridor and the National Network, in-
9 cluding infrastructure, fleet, stations and facilities.

10 (7) Adding to the urgency of all these needs,
11 due to changing demographics, population growth,
12 urbanization, and changing travel trends, intercity
13 passenger rail will be needed to help move our Na-
14 tion into the future.

15 (8) For these reasons, an Intercity Passenger
16 Rail Trust Fund is needed now, more than ever, to
17 ensure a safe, sustainable, convenient transportation
18 option for the people of the United States.

19 **SEC. 3. INTERCITY PASSENGER RAIL TRUST FUND.**

20 (a) IN GENERAL.—Subchapter A of chapter 98 of the
21 Internal Revenue Code of 1986 is amended by adding at
22 the end the following new section:
