3 the United States Government and the indi-
4 vidual social media platforms and other public-
5 facing internet-based platforms to inform threat
6 analysis and provide timely warning of such for-
7 eign malign influence activities, working with
8 the Office of the Director of National Intel-
9 ligence as appropriate.

10 “(D) Developing and making public cri-
11 teria for identifying which stakeholders qualify
12 for inclusion in the activities of the Center, and
13 inviting entities that fit the criteria to join or
14 otherwise participate.

15 “(E) Determining jointly with social media
16 companies and other public-facing internet-
17 based platforms what categories of data and
18 metadata related to indicators of internet-based
19 foreign malign influence activities from their
20 platforms and business operations will be made
21 available for access and analysis by participants
22 of the Center.

23 “(F) Developing and making public the
24 criteria and standards for data handling, data
25 security, and data privacy that must be met for

1 participants of the Center to access and analyze
2 data relating to internet-based foreign malign
3 influence activities within and across social
4 media or other public-facing internet-based
5 platforms, and to publish or otherwise use the
6 results.

7 “(G) Developing and making public the
8 ethical standards for—

9 “(i) investigation of internet-based
10 foreign malign influence activities;

11 “(ii) the use of indicators, findings, or
12 analyses relating to such activities;

13 “(iii) the protection of the privacy,

23 and procedural controls to prevent misuse of
24 data, including any necessary auditing proce-

1 dutes, compliance checks, and review mecha-
2 nisms.

3 “(I) Developing and making public criteria
4 and conditions under which social media plat-
5 forms and other affected public-facing internet-
6 based platforms shall proactively share with the
7 appropriate elements of the United States Gov-
8 ernment data, metadata, or indicators per-
9 taining to assessed internet-based foreign ma-
10 lign influence activities, including such criteria
11 and conditions that address—

12 “(i) the timeliness and consistency
13 with which social media platforms or other
14 affected public-facing internet-based plat-
15 forms shall share such data, metadata, or
16 indicators (including with respect to real-
17 time sharing);

18 “(ii) the categories of data, metadata,
19 and indicators to be shared, including with
20 respect to the activities specified in sub-
21 paragraph (B); and
