### ***In the House of Representatives, U. S.,***

*July 18, 2022.*

Whereas Finland and Sweden have made a historic decision to deepen their security ties with the transatlantic community;

Whereas a more resilient security architecture in Europe advances democracy, human rights, and values consistent with the North Atlantic Treaty;

Whereas, on April 4, 1949, Belgium, Canada, Denmark, France, Iceland, Italy, Luxembourg, the Netherlands, Norway, Portugal, the United Kingdom, and the United States formed the North Atlantic Treaty Organization, hereinafter referred to as NATO, to serve as a defensive alliance based on promoting democratic values and the peaceful mediation of disputes;

Whereas NATO membership is open to “any other European state in a position to further the principles of this Treaty and to contribute to the security of the North Atlantic area”;

Whereas Finland and Sweden are European states with strong democratic foundations that share the transatlantic community’s dedication to the rule of law and the peaceful resolution of disputes;

Whereas Finland and Sweden have been members of NATO's Partnership for Peace program since 1994 and have contributed to NATO-led operations in the Balkans, Afghanistan, and Iraq;

Whereas NATO established the Partnership Interoperability Initiative at the Wales Summit in 2014 to develop military-to-military interoperability between select partner nations enabling them to contribute to future crisis management, including NATO-led operations;

Whereas Finland and Sweden were designated inaugural Enhanced Opportunities Partners at the Wales Summit in 2014;

Whereas the hard-fought post-World War II European security architecture has been upended by the Russian Federation's cruel full-scale invasion of Ukraine which began on February 24, 2022;

Whereas the Russian Federation's invasion has fomented the worst European humanitarian crisis since World War II with 4,339 civilian deaths, 4.8 million Ukrainian refugees across Europe, and 7.1 million more internally displaced within Ukraine, according to the United States Agency for International Development as of June 10, 2022;

Whereas Finland and Sweden's populations expressed support for NATO membership;

Whereas Finland and Sweden's highly capable militaries are interoperable with NATO forces and would increase and fortify NATO's collective security by increasing the security and stability of the Baltic Sea region and Northern Europe;

Whereas officials of the Russian Federation issued threats directed at Finland and Sweden prior to their decision to

exercise their sovereign right to apply for NATO membership;

Whereas despite these threats from the Russian Federation, Finland and Sweden's national institutions have reviewed their policies of military nonalignment and their governments and parliaments have expressed support for applying for NATO membership; and

Whereas in the best interests of their respective peoples, the European security architecture, the rule of international law, and democracy in Europe, Finland and Sweden have announced their support for NATO membership: Now, therefore, be it
