to the American people.

IN THE HOUSE OF REPRESENTATIVES

FEBRUARY 18, 2022

RESOLUTION

Supporting reopening the United States Capitol and House
Office Buildings to the American people.

Whereas the United States Capitol and House Office Buildings closed to public visitation on March 12, 2020, at the very outset of the pandemic;

Whereas, despite the existence of COVID–19, stores, restaurants, and other public places have been successfully welcoming the public since the pandemic began in 2020;

Whereas, despite the existence of COVID–19, the American people, including Members of Congress, routinely use crowded public transportation vehicles, including airplanes and trains;

Whereas it is illogical and unacceptable that, despite the rest of the United States being open, the United States Capitol and House Office Buildings, buildings that belong to the American people, remain largely closed to public visitation; and

Whereas it is time to once again welcome the public participation in the legislative process and the public visitation of our historic buildings that have always been hallmarks of American democracy: Now, therefore, be it

1 *Resolved*, That the House of Representatives—

2 (1) recognizes the importance of reopening the
3 United States Capitol and House Office Buildings to
4 the American people to facilitate public participation
5 in the legislative process and public visitation of

1 (2) supports returning to the public visitation
2 policies for House Office Buildings and the portions
3 of the United States Capitol and Capitol complex
4 within House jurisdiction that were in place before
5 the COVID–19 pandemic.
