

117TH CONGRESS  
1ST SESSION

# S. 1179

To provide financial assistance for projects to address certain subsidence impacts in the State of California, and for other purposes.

---

IN THE SENATE OF THE UNITED STATES

APRIL 15, 2021

Mrs. FEINSTEIN introduced the following bill; which was read twice and referred to the Committee on Energy and Natural Resources

---

## A BILL

To provide financial assistance for projects to address certain subsidence impacts in the State of California, and for other purposes.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Canal Conveyance Ca-  
5       pacity Restoration Act”.

6 **SEC. 2. PURPOSES.**

7       The purposes of this Act are—

8              (1) to address severe subsidence impacts that  
9       have substantially reduced the carrying capacity of  
10      the water delivery system of the State; and

1                   (2) to provide additional water supply in the  
2       State at a relatively low cost per acre-foot to in-  
3       crease—

(A) resiliency to increasingly severe droughts in the State;

(B) groundwater recharge needed to assist in meeting groundwater sustainability goals established under State law; and

(C) the reliability of surface or ground-water supplies, portions of which serve disadvantaged communities.

12 SEC. 3. DEFINITIONS.

13 In this Act:

1       ING.—The term “net present value of the local con-  
2       tribution to reimbursable Federal funding” means,  
3       with respect to a project, the amount equal to the  
4       difference between—

5                     (A) the total amount of reimbursable Fed-  
6       eral funds made available for a project; and

7                     (B) the amount of the present value, as of  
8       the date of the calculation, of any interest sub-  
9       sidy provided through the repayment terms to  
10      the Treasury over similarly structured munic-  
11      ipal bond financing available to the non-Federal  
12      entity on the disbursement of the reimbursable  
13      Federal funds for the project.

14       (3) NON-FEDERAL POOL.—The term “non-Fed-  
15      eral pool” means each of pools 22 through 40 of the  
16      California Aqueduct, which are owned by the State  
17      and operated by the California Department of Water  
18      Resources.

19       (4) SECRETARY.—The term “Secretary” means  
20      the Secretary of the Interior, acting through the  
21      Commissioner of Reclamation.

22       (5) STATE.—The term “State” means the State  
23      of California.

1   **SEC. 4. FRIANT-KERN CANAL AND DELTA-MENDOTA CANAL**

2                   **SUBSIDENCE MITIGATION PROJECTS.**

3       (a) IN GENERAL.—The Secretary may provide financial assistance for the design, planning, and construction of—

6                   (1) Federal facility improvements to the Friant Division, Central Valley Project, California, under section 10201(a)(1) of the San Joaquin River Restoration Settlement Act (Public Law 111-11; 123 Stat. 1365); and

11                  (2) a project to restore conveyance capacity at, and to mitigate subsidence-related impacts on, the Delta-Mendota Canal, through a partnership with—

14                   (A) a public water agency that contracts for the delivery of Central Valley Project water;

16                  or

17                   (B) a local joint powers authority formed under State law by public water agencies that contract for the delivery of Central Valley Project water.

21       (b) COST-SHARING REQUIREMENT.—

22                  (1) FEDERAL SHARE.—The Federal share of the cost of carrying out a project under subsection (a) shall be not more than 33 percent of the total cost of the project, including amounts contributed after October 1, 2018.

8       (c) REQUIRED DETERMINATION BY SECRETARY.—  
9     Federal funds shall not be made available under this Act  
10    for a project under subsection (a) unless the Secretary de-  
11    termines that—

12                   (1) there is an adequate non-Federal cost share  
13                   to match the total amount of federally appropriated  
14                   financial assistance made available for the project as  
15                   of the date of the determination of the Secretary;  
16                   and

17 (2) the project is designed in a manner—

1   **SEC. 5. CALIFORNIA AQUEDUCT SUBSIDENCE MITIGATION**

2                   **PROJECT.**

3         (a) IN GENERAL.—The Secretary may provide financial assistance for the design, planning, and construction of projects to restore conveyance capacity at, and to mitigate subsidence-related impacts on, the Federal pool and non-Federal pool.

8         (b) NON-FEDERAL PARTNERS.—To carry out this section, the Secretary may enter into partnerships with—

10                 (1) the State; or

11                 (2) a local joint powers authority formed under State law by public water agencies that contract for delivery of water from the Central Valley Project or the State Water Project.

15         (c) COST-SHARING REQUIREMENT.—

16                 (1) FEDERAL SHARE.—The Federal share of the cost of carrying out a project under subsection (a) shall be not more than 33 percent of the total cost of the project, including any amounts expended by the State for subsidence repairs in the Federal pool and non-Federal pool for the project after October 1, 2018.

23                 (2) FORM OF NON-FEDERAL SHARE.—The non-Federal share of the cost of a project provided financial assistance under subsection (a) may be in the form of cash or in-kind contributions.

1           (d) REQUIRED DETERMINATION BY SECRETARY.—

2   Federal funds shall not be made available under this Act  
3   for a project under subsection (a) unless the Secretary de-  
4   termines, with the concurrence of the Governor of the  
5   State, that—

6               (1) there is an adequate non-Federal cost share  
7               to match the total amount of federally appropriated  
8               financial assistance made available for the project as  
9               of the date of the determination of the Secretary;  
10          and

11              (2) the project is designed in a manner—

12                   (A) to satisfy the purposes described in  
13               section 2, after taking into account anticipated  
14               future subsidence; and

15                   (B) to comply with all applicable require-  
16               ments of Federal and State law, including part  
17               2.74 of division 6 of the California Water Code  
18               (commonly known as the “California Sustain-  
19               able Groundwater Management Act”).

20 **SEC. 6. ENVIRONMENTAL COMPLIANCE.**

21   In carrying out a project under this Act, the Sec-  
22   retary shall comply with applicable environmental laws, in-  
23   cluding—

24               (1) the National Environmental Policy Act of  
25               1969 (42 U.S.C. 4321 et seq.);

#### **4 SEC. 7. AUTHORIZATION OF APPROPRIATIONS.**

5       (a) IN GENERAL.—There are authorized to be appro-  
6 priated to the Secretary, as adjusted annually to reflect  
7 changes since March 2021 in the Bureau of Reclamation  
8 Construction Cost Trends Index applicable to the types  
9 of construction involved—

15                   (2) \$183,900,000 to carry out section 4(a)(2);  
16                   (3) \$194,000,000 to pay the Federal share for  
17                   the Federal pool under section 5;

18                   (4) \$95,500,000 to pay the Federal share for  
19                   the non-Federal pool under section 5; and

20                         (5) \$180,000,000 to implement the Restoration  
21                         Goal of the settlement described in section 10004 of  
22                         the San Joaquin River Restoration Settlement Act  
23                         (Public Law 111-11; 123 Stat. 1350), in addition to  
24                         the funding authorized under section 10009 of that  
25                         Act.

1       (b) LIMITATIONS.—Amounts made available under  
2 subsection (a) may not be used—

3               (1) to build new surface storage;  
4               (2) to raise existing reservoirs; or  
5               (3) to enlarge the carrying capacity of a canal  
6 constructed by the Bureau of Reclamation, except  
7 for a temporary increase in carrying capacity that is  
8 intended—

9                       (A) to mitigate anticipated future subsid-  
10 ence; and

11                       (B) to avoid an increase in carrying capac-  
12 ity that would otherwise be required on the oc-  
13 currence of anticipated future subsidence.

14       (c) ADDITIONAL AMOUNTS.—Amounts made avail-  
15 able under subsection (a) shall be—

16               (1) in addition to any other amounts made  
17 available for the purposes described in that sub-  
18 section; and

19               (2) nonreimbursable.
