

118TH CONGRESS  
1ST SESSION

# S. 3342

To establish the Commercial Space Activity Advisory Committee, and for other purposes.

---

IN THE SENATE OF THE UNITED STATES

NOVEMBER 15, 2023

Mr. PETERS (for himself and Mr. WICKER) introduced the following bill; which was read twice and referred to the Committee on Commerce, Science, and Transportation

---

## A BILL

To establish the Commercial Space Activity Advisory Committee, and for other purposes.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Space Commerce Advi-  
5       sory Committee Act”.

6       **SEC. 2. DEFINITIONS.**

7       In this Act:

8           (1) SECRETARY.—The term “Secretary” means  
9       the Secretary of Commerce, acting through the Of-  
10       fice of Space Commerce.

1                             (2) SPACE OBJECT.—The term “space ob-  
2                             ject”—

3                             (A) means—

4                                 (i) a human-made object located in  
5                             outer space, including on the Moon or  
6                             other celestial bodies, with or without  
7                             human occupants, that was launched from  
8                             Earth, such as a satellite or a spacecraft,  
9                             including component parts of the object;  
10                             and

11                                 (ii) all items carried on such object  
12                             that are intended for use in outer space  
13                             outside of, and independent of, the oper-  
14                             ation of such object;

15                             (B) includes any human-made object that

16                             is—

17                                 (i) manufactured or assembled in  
18                             outer space; and

19                                 (ii) intended for operations in outer  
20                             space other than, and independent of, the  
21                             operations of such object in which the  
22                             manufacturing or assembly occurred; and

23                             (C) does not include—

- 1                             (i) an article aboard a space object
- 2                             that is only intended for use inside the
- 3                             space object;
- 4                             (ii) an article manufactured or proc-
- 5                             essed in outer space that is a material; or
- 6                             (iii) an article intended for use outside
- 7                             a space object as part of the authorized op-
- 8                             erations of the space object.

9                             (3) STATE.—The term “State” means each of  
10                             the several States of the United States, the District  
11                             of Columbia, the Commonwealth of Puerto Rico, the  
12                             United States Virgin Islands, Guam, American  
13                             Samoa, the Commonwealth of the Northern Mariana  
14                             Islands, and any other commonwealth, territory, or  
15                             possession of the United States.

16                             (4) UNITED STATES ENTITY.—The term  
17                             “United States entity” means—

18                             (A) an individual who is a national of the  
19                             United States (as defined in section 101(a) of  
20                             the Immigration and Nationality Act (8 U.S.C.  
21                             1101(a))); and

22                             (B) a nongovernmental entity organized or  
23                             existing under, and subject to, the laws of the  
24                             United States or a State.

1   **SEC. 3. COMMERCIAL SPACE ACTIVITY ADVISORY COM-**  
2                   **MITTEE.**

3       (a) ESTABLISHMENT.—Not later than 180 days after  
4   the date of the enactment of this Act, the Secretary shall  
5   establish a Commercial Space Activity Advisory Com-  
6   mittee (in this section referred to as the “Committee”).

7       (b) MEMBERSHIP.—

8               (1) IN GENERAL.—The Committee shall be  
9   composed of 15 members appointed by the Sec-  
10   retary.

11               (2) QUALIFICATIONS.—

12               (A) IN GENERAL.—The Committee shall be  
13   composed of representatives from a variety of  
14   space policy, engineering, technical, science,  
15   legal, and finance fields who have significant  
16   experience in the commercial space industry.

17               (B) LIMITATION.—

18               (i) IN GENERAL.—Except as provided  
19   in clause (i), the Secretary may not ap-  
20   point as a member of the Committee any  
21   employee or official of the Federal Govern-  
22   ment.

23               (ii) EXCEPTION.—The Secretary may  
24   appoint as a member of the Committee a  
25   special government employee (as defined in  
26   section 202(a) of title 18, United States

1                   Code) who serves on 1 or more other Federal  
2                   advisory committees.

3                   (3) TERM.—Each individual appointed as a  
4                   member of the Committee—

5                   (A) shall be appointed for a term of 4  
6                   years; and

7                   (B) during the 2-year period beginning on  
8                   the date on which such term ends, may not  
9                   serve as a member of the Committee.

10                  (c) DUTIES.—The duties of the Committee shall be—

11                  (1) to advise on the status and recent developments of nongovernmental space activities;

12                  (2) to provide to the Secretary and Congress recommendations on the manner in which the United States may facilitate and promote a robust and innovative commercial sector that is investing in, developing, and operating space objects;

13                  (3) to identify any challenge faced by the United States commercial sector relating to—

14                  (A) international obligations of the United States relevant to commercial space sector activities in outer space;

15                  (B) export controls that affect the commercial space sector;

- 1                     (C) harmful interference with commercial  
2                     space sector activities in outer space; and  
3                     (D) access to adequate, predictable, and  
4                     reliable radio frequency spectrum;
- 5                     (4) to review existing best practices for United  
6                     States entities to avoid—  
7                         (A) the harmful contamination of the  
8                     Moon and other celestial bodies; and  
9                         (B) adverse changes in the environment of  
10                    the Earth resulting from the introduction of ex-  
11                    traterrestrial matter; and  
12                     (5) to provide information, advice, and rec-  
13                    ommendations on matters relating to—  
14                         (A) United States commercial space sector  
15                    activities in outer space; and  
16                         (B) other commercial space sector activi-  
17                    ties, as the Committee considers necessary.
- 18                     (d) TERMINATION.—The Committee shall terminate  
19                    on the date that is 10 years after the date on which the  
20                   Committee is established.

○
