

116TH CONGRESS
2D SESSION

S. 3945

To amend the Internal Revenue Code of 1986 to provide incentives for relocating manufacturing of pharmaceuticals and medical supplies and devices to the United States.

IN THE SENATE OF THE UNITED STATES

JUNE 11, 2020

Mrs. LOEFFLER (for herself, Ms. ERNST, and Mr. CRUZ) introduced the following bill; which was read twice and referred to the Committee on Finance

A BILL

To amend the Internal Revenue Code of 1986 to provide incentives for relocating manufacturing of pharmaceuticals and medical supplies and devices to the United States.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Bring Entrepreneurial
5 Advancements To Consumers Here In North America
6 Act”.

7 **SEC. 2. FINDINGS.**

8 Congress finds as follows:

1 (1) In late December 2019, authorities in the
2 city of Wuhan in China’s Hubei Province reported a
3 cluster of pneumonia cases of unknown cause.

4 (2) The Government of the People’s Republic of
5 China eventually identified the cause of the outbreak
6 to be a novel coronavirus that would later be under-
7 stood to cause a respiratory illness in humans,
8 known as COVID–19.

9 (3) The pandemic spread of COVID–19 and the
10 geographic location of its origin caused reverbera-
11 tions in medical supply chains that reached around
12 the world.

13 (4) The COVID–19 pandemic highlights the
14 United States dependency on China for critical med-
15 ical supplies and pharmaceutical products.

16 (5) The Government of the People’s Republic of
17 China and the Chinese Communist Party prioritize
18 state support for biotechnology manufacturing as a
19 strategic industry under the “Made in China 2025”
20 initiative.

21 (6) According to the United States Food and
22 Drug Administration, as of 2018, China is the larg-
23 est exporter of medical devices and the second larg-
24 est exporter of drugs and biologics to the United
25 States.

1 (7) Chinese pharmaceutical companies produce
2 more than 90 percent of the supply of antibiotics, vi-
3 tamin C, ibuprofen, and hydrocortisone in the
4 United States.

5 (8) In March 2020, Xinhua News Service, a
6 Chinese state-controlled news agency, reprinted an
7 article insinuating that if China were to announce
8 its “strategic control” of medical products and ban
9 exports to the United States, “the United States
10 would be plunged into the vast ocean of novel
11 coronavirus.”

12 (9) The ability of the Government of the Peo-
13 ple’s Republic of China and the Chinese Communist
14 Party to control the medical supply chain poses a
15 risk to the national security of the United States.

16 (10) Companies should be incentivized through
17 a competitive tax structure to manufacture and
18 produce pharmaceuticals and medical devices in the
19 United States.

20 **SEC. 3. TAX INCENTIVES FOR RELOCATING MANUFAC-**
21 **TURING OF PHARMACEUTICALS AND MED-**

23 **UNITED STATES.**

 4 fied manufacturer is not less than the reduction
 5 in the units of production of such property in
