21 (b) REPORT ON PROJECT LIFESPAN AND INDEM-
22 NIFICATION CLAUSE IN PROJECT PARTNERSHIP AGREE-
23 MENTS.—

24 (1) DEFINITIONS.—In this subsection:

1 (A) INDEMNIFICATION CLAUSE.—The term
2 “indemnification clause” means the indem-
3 nification clause required in project partnership
4 agreements for water resources development
5 projects under sections 101(e)(2) and
6 103(j)(1)(A) of the Water Resources Develop-
7 ment Act of 1986 (33 U.S.C. 2211(e)(2),
8 2213(j)(1)(A)).

9 (B) OMR&R.—The term “OMR&R”,
10 with respect to a water resources development
11 project, means operation, maintenance, repair,
12 replacement, and rehabilitation.

13 (2) SENSE OF CONGRESS.—It is the sense of
14 Congress that—

15 (A) there are significant concerns about
16 whether—

17 (i) the indemnification clause, which
18 was first applied in 1910 to flood control
19 projects, should still be included in project
20 partnership agreements prepared by the
21 Corps of Engineers for water resources de-
22 velopment projects; and

23 (ii) non-Federal interests for water re-
24 sources development projects should be re-
25 quired to assume full responsibility for

1 OMRR&R of water resources development
2 projects in perpetuity;

3 (B) non-Federal interests have reported
4 that the indemnification clause and OMRR&R
5 requirements are a barrier to entering into
6 project partnership agreements with the Corps
7 of Engineers;

8 (C) critical water resources development
9 projects are being delayed by years, or not pur-
10 sued at all, due to the barriers described in sub-
11 paragraph (B); and

12 (D) legal structures have changed since the
13 indemnification clause was first applied and
14 there may be more suitable tools available to
15 address risk and liability issues.

16 (3) ANALYSIS.—Not later than 1 year after the
17 date of enactment of this Act, the Comptroller Gen-
18 eral shall conduct an analysis of the implications
19 of—

20 (A) the indemnification clause; and

21 (B) the assumption of OMRR&R respon-
22 sibilities by non-Federal interests in perpetuity
23 for water resources development projects.

24 (4) INCLUSIONS.—The analysis under para-
25 graph (3) shall include—

1 (A) a review of risk for the Federal Gov-
2 ernment and non-Federal interests with respect
3 to removing requirements for the indemnifica-
4 tion clause;

5 (B) an assessment of whether the indem-
6 nification clause is still necessary given the
7 changes in engineering, legal structures, and
8 water resources development projects since
9 1910, with a focus on the quantity and types of
10 claims and takings over time;

11 (C) an identification of States with State
12 laws that prohibit those States from entering
13 into agreements that include an indemnification
14 clause;

15 (D) a comparison to other Federal agen-
16 cies with respect to how those agencies ap-
17 proach indemnification and OMRR&R require-
18 ments in projects, if applicable;

19 (E) a review of indemnification and
20 OMRR&R requirements for projects that States
21 require with respect to agreements with cities
22 and localities, if applicable;

23 (F) an analysis of the useful lifespan of
24 water resources development projects, including
25 any variations in that lifespan for different

1 types of water resources development projects
2 and how changing weather patterns and in-
3 creased extreme weather events impact that
4 lifespan;

5 (G) a review of situations in which non-
6 Federal interests have been unable to meet
7 OMRR&R requirements; and

8 (H) a review of policy alternatives to
9 OMRR&R requirements, such as allowing ex-
10 tension, reevaluation, or deauthorization of
11 water resources development projects.

12 (5) REPORT.—On completion of the analysis
13 under paragraph (3), the Comptroller General shall
