

118TH CONGRESS
2D SESSION

S. 4626

To standardize and improve safety training specific to electric vehicles for firefighters and other emergency response providers, and for other purposes.

IN THE SENATE OF THE UNITED STATES

JUNE 20, 2024

Mr. WYDEN introduced the following bill; which was read twice and referred to the Committee on Homeland Security and Governmental Affairs

A BILL

To standardize and improve safety training specific to electric vehicles for firefighters and other emergency response providers, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-
2 tives of the United States of America in Congress assembled,*

3 SECTION 1. SHORT TITLE.

4 This Act may be cited as the “Supporting America’s
5 Firefighters and Emergency Responders to Electric Vehi-
6 cles Act of 2024” or the “SAFER EVs Act”.

7 SEC. 2. DEFINITIONS.

8 In this Act:

1 (1) ELECTRIC VEHICLE.—The term “electric
2 vehicle” means a vehicle that draws propulsion en-
3 ergy from a rechargeable energy storage system.

4 (2) EMERGENCY RESPONSE PROVIDERS.—The
5 term “emergency response providers” has the mean-
6 ing given that term in section 2 of the Homeland
7 Security Act of 2002 (6 U.S.C. 101).

8 (3) SECOND RESPONDER.—The term “second
9 responder”—

10 (A) means personnel who support the work
11 of emergency response providers; and

12 (B) includes tow truck operators and sal-
13 vage yard personnel.

14 **SEC. 3. COORDINATION OF ELECTRIC VEHICLE SAFETY**
15 **STANDARDS AND TRAINING.**

16 (a) IN GENERAL.—The Secretary of Energy shall co-
17 ordinate with the Secretary of Transportation and the Ad-
18 ministrator of the Federal Emergency Management Agen-
19 cy, acting through the United States Fire Administrator,
20 (referred to in this section as the “agency heads”—

21 (1) to aggregate cross-agency research relating
22 to electric vehicles;

23 (2) to align future research and development ef-
24 forts with respect to electric vehicles; and

(3) to plan to effectively deploy electric vehicle training across the United States.

3 (b) EFFORTS.—In carrying out subsection (a), the
4 agency heads shall align and coordinate efforts relating
5 to—

10 (A) electric vehicles;

11 (B) hybrid vehicles;

12 (C) electric buses;

13 (D) hybrid buses; and

14 (E) components and infrastructure relating
15 to replenishing the on-board sources of power of
16 the vehicles described in subparagraphs (A)
17 through (D), including batteries, vehicle charg-
18 ing stations, vehicle battery swap stations, and
19 vehicle-related energy storage units;

1 (c) TECHNICAL REPORT.—

2 (1) IN GENERAL.—The Secretary of Energy
3 shall produce a technical report on electric vehicles,
4 and batteries, power storage, and power replenish-
5 ment infrastructure relating to those vehicles, that—

6 (A) documents best practices for con-
7 sumers, emergency response providers, and sec-
8 ond responders in the event of an emergency;

9 (B) identifies gaps in current best prac-
10 tices described in subparagraph (A); and

11 (C) recommends regions of the United
12 States to target for training deployment due to
13 observed increases in the use of electric vehi-
14 cles.

15 (2) UPDATES.—The technical report described
16 in paragraph (1) shall be updated every 3 years.

17 (3) COORDINATION AND CONSULTATION.—In
18 producing the technical report, the Secretary of En-
19 ergy shall—

20 (A) coordinate with the Secretary of
21 Transportation;

22 (B) ensure consultation among, at a min-
23 imum, the Vehicle Technologies Office in the
24 Department of Energy, the National Highway
25 Traffic Safety Administration, the Federal

Transit Administration, the Pipeline and Hazardous Materials Safety Administration, and the United States Fire Administration; and

(C) solicit input from interested parties, including the UL Fire Safety Research Institute, the National Fire Protection Association, the International Association of Fire Chiefs, the International Association of Fire Fighters, the National Volunteer Fire Council, the North American Fire Training Directors, and the International Society of Fire Service Instructors, for the purpose of incorporating important issues from the emergency responder community that may help shape strategies for developing safety standards, best practices, and effective training materials.

(4) FACA EXEMPTION.—Chapter 10 of title 5, United States Code, shall not apply to the coordination or consultation under paragraph (3).

(5) PUBLICLY AVAILABLE.—The most recent version of the technical report produced under this subsection shall be—

(A) publicly available on the website of the Department of Energy and the Department of Transportation; and

(B) linked to on the website of the United States Fire Administration.

3 SEC. 4. UPDATING SAFETY TRAINING PROGRAMS AND MATERIALS.

5 (a) DEFINITIONS.—In this section:

(3) STATE.—The term “State” has the meaning given the term in section 2 of the Homeland Security Act of 2002 (6 U.S.C. 101).

22 (b) UPDATING OF SAFETY TRAINING PROGRAMS.—

23 (1) IN GENERAL.—The Administrator, in con-
24 sultation and coordination with the Secretary of
25 Transportation, and in consultation with the Na-

1 tional Fire Protection Association, the International
2 Association of Fire Chiefs, the International Asso-
3 ciation of Fire Fighters, the National Volunteer Fire
4 Council, the National Association of State Fire Mar-
5 shals, and other stakeholders, shall update safety
6 training programs regarding electric vehicles, includ-
7 ing related external components used for recharging,
8 refueling, or replacing the power supply of electric
9 vehicles, for firefighting personnel, other emergency
10 response providers, and second responders based on
11 the reports under section 3(c).

12 (2) FACA EXEMPTION.—Chapter 10 of title 5,
13 United States Code, shall not apply to the consulta-
14 tion under paragraph (1).

15 (c) DISTRIBUTING THE TRAINING.—The Adminis-
16 trator, acting through the National Fire Academy, and in
17 coordination with State fire academies, and other stake-
18 holder organizations shall develop and implement a plan
19 to—

20 (1) accelerate the availability of the safety
21 training programs updated under subsection (b), in-
22 cluding through the use of State Fire Training
23 Grants, with an emphasis on train-the-trainer pro-
24 grams; and

1 (2) provide recurring training to ensure fire-
2 fighting personnel, emergency medical services per-
3 sonnel, other emergency response providers, and sec-
4 ond responders receive the training, including re-
5 sponders in both urban and rural geographic re-
6 gions.

7 (d) STATE FIRE ACADEMIES.—A State fire academy
8 that receives a State Fire Training Grant shall—

9 (1) contact fire departments in the State to
10 provide information about available safety training
11 regarding electric vehicles when 1 or more commer-
12 cial vehicle charging stations are installed within the
13 jurisdiction of the fire department; and

14 (2) collect and submit to the Administrator
15 data and annual statistics about the level of partici-
16 pation in safety training regarding electric vehicles
17 in the State, including the percentage of career and
18 volunteer firefighters and career and volunteer emer-
19 gency medical services personnel in the State who
20 completed electric vehicle safety training each year.

21 (e) AUTHORIZATIONS OF APPROPRIATIONS.—There
22 is authorized to be appropriated to the Administrator, in
23 addition to amounts otherwise authorized to be appro-
24 priated (such as amounts authorized to be appropriated
25 for State and local fire service training grants under sec-

1 tion 7(f) of the Federal Fire Prevention and Control Act
2 of 1974 (15 U.S.C. 2206(f))), \$10,000,000 for grants to
3 State fire academies under the State Fire Training Grants
4 program for training and education purposes to provide
5 safety training and reporting related to electric vehicles.

6 **SEC. 5. EMERGENCY RESPONSE INSTRUCTIONS.**

7 (a) DEFINITIONS.—In this section:

8 (1) EMERGENCY RESPONSE INSTRUCTIONS.—
9 The term “emergency response instructions” means
10 the emergency response information for a vehicle
11 prepared by the manufacturer of that vehicle.

12 (2) PROGRAM.—The term “program” means
13 the New Car Assessment Program of the National
14 Highway Traffic Safety Administration.

15 (b) CONSIDERATION OF EMERGENCY RESPONSE IN-
16 STRUCTIONS.—

17 (1) IN GENERAL.—In determining the score of
18 a vehicle under the program, the Administrator of
19 the National Highway Traffic Safety Administration
20 (referred to in this subsection as the “Adminis-
21 trator”) shall consider—

22 (A) the completeness of the emergency re-
23 sponse instructions for the vehicle; and

24 (B) whether and the extent to which those
25 emergency response instructions adhere to—

11 (B) mitigating—

(i) thermal runaway; and

13 (ii) the risk of high-voltage lithium-ion
14 battery reignition;

15 (C) mitigating the risks associated with
16 stranded energy in high-voltage lithium-ion bat-
17 teries—

1 (c) AVAILABILITY AND USE OF EMERGENCY RE-
2 SPONSE INSTRUCTIONS.—

3 (1) IN GENERAL.—To the maximum extent
4 practicable, the Administrator of the United States
5 Fire Administration (referred to in this subsection
6 as the “Administrator”) shall make the emergency
7 response instructions for each vehicle scored under
8 the program widely available, including through the
9 United States Fire Administration website and Na-
10 tional Fire Academy and State training academy
11 courses, to—

12 (A) all fire departments, emergency med-
13 ical services departments, police departments,
14 and salvage yards;

15 (B) each public or private entity that em-
16 ploys tow operators, bus drivers, or truck driv-
17 ers;

18 (C) national organizations representing law
19 enforcement, fire service, and emergency med-
20 ical services leadership and personnel;

21 (D) each professional association or other
22 organization representing tow operators, bus
23 drivers, or truck drivers; and

24 (E) each Federal agency that provides
25 training under this Act.

1 (2) USE IN TRAINING.—The emergency re-
2 sponse instructions made available by the Adminis-
3 trator under paragraph (1) may be used for any
4 training to which the emergency response instruc-
5 tions are relevant, including off-road applications of
6 electric vehicles, such as material handling equip-
7 ment, mining or agricultural vehicles, and maritime,
8 rail, and aviation applications, including any train-
9 ing carried out under this Act, as the provider of the
10 training determines to be appropriate.
