

113TH CONGRESS
1ST SESSION

S. 918

To award grants in order to establish longitudinal personal college readiness and savings online platforms for low-income students.

IN THE SENATE OF THE UNITED STATES

MAY 9, 2013

Mr. COONS (for himself and Mr. RUBIO) introduced the following bill; which was read twice and referred to the Committee on Health, Education, Labor, and Pensions

A BILL

To award grants in order to establish longitudinal personal college readiness and savings online platforms for low-income students.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “American Dream Ac-
5 counts Act of 2013”.

6 **SEC. 2. FINDINGS.**

7 Congress finds the following:

1 (1) Only 9.8 out of every 100 individuals from
2 low-income families will graduate from an institution
3 of higher education before reaching the age of 24.

4 (2) Lack of knowledge about how to apply to,
5 and pay for, an institution of higher education is a
6 barrier for many low-income students and students
7 who would be in the first generation in their families
8 to attend an institution of higher education.

9 (3) According to Public Agenda, most young
10 adults give secondary school counselors fair or poor
11 ratings for advice about attending an institution of
12 higher education, including advice about how to de-
13 cide what institution of higher education to attend,
14 how to pay for higher education, what careers to
15 pursue, and how to apply to an institution of higher
16 education.

17 (4) More than 1,700,000 students fail to file
18 the Free Application for Federal Student Aid
19 (FAFSA), and about one-third of such students
20 would qualify for a Federal Pell Grant.

21 (5) During the last 2 decades, costs of attend-
22 ing institutions of higher education have increased
23 dramatically, but need-based financial aid has not
24 kept pace with such increasing costs.

1 (6) In the 1990–1991 school year, the maximum Federal Pell Grant covered 45 percent of the
2 average cost of attendance at a public 4-year institution of higher education (including tuition, fees,
3 room, and board), but in the 2010–2011 school year, the maximum Federal Pell Grant covered only 34
4 percent of such cost.
5

6 (7) Parental and youth college savings are strong predictors of a youth’s expectations about attendance at an institution of higher education.
7
8

9 (8) Only 32 percent of parents who earn less than \$35,000 a year are saving for their child’s education at an institution of higher education.
10
11

12 (9) According to the Center for Social Development, “wilt” occurs when a young person who expects to graduate from a 4-year institution of higher education has not yet attended such institution by the ages of 19 to 22.
13
14
15
16
17
18

19 (10) Children who have savings dedicated for attendance at an institution of higher education are
20 4 times more likely to attend a 4-year institution of higher education and avoid “wilt”.
21
22
